Pfc. Albert Behrens dies in Philippines

Pfc. Albert Behrens of Arlington Heights has died in the Philippines it was learned last week. In a war department wire his father, William Behrens, was notified that Albert had died of illness and that he was buried in Manila.

Pfc. Behrens suffered an appendicitis attack some time ago and had had an operation four months ago. He died April 18, though it is not known definitely if his death was a result of the appendicitis.

Pfc. Behrens went overseas November of '43, and has been hauling rations and supplies in the Philippines ever since. Pall bearers for Albert included William Stegeman of Prospect Heights and Barney Moehling of Arlington Heights. Services were held April 19.

In a letter from the Philippines Barney stated that Albert had died from natural causes, something that might easily have happened at home. He stated that Albert was buried in a government memorial cemetery just outside of Manila, and that the grounds are well kept up. He also said Pfc. Behrens had received the best of hospital care and that he had died while in his sleep.

Albert entered service October 12, 1942. He was stationed in New Guinea before taking part in the invasion of Leyte in the Philippines.

A brother, Lt. Wilbert Behrens, has been missing in the Pacific area since December 15, 1944. He was a fighter pilot operating in the attack against Mindanao when declared missing.

High school board hearing this Saturday

This Saturday, May 19, is the date set for the "hearings" on two of the dismissals of teachers at Arlington Heights Township high school. These hearings, presided over and conducted by the High School Board of Education, are the legal rights provided for by the Illinois school teachers tenure law. They are the recourse open to teachers when dismissed from their positions after having acquired tenure by being engaged by a Board of Education for three years.

At 2:00 p. m. the review of the dismissal charges against Earle Joyner, science teacher and coach for the past four years is scheduled to begin. This is to be followed by that of John L. Grose, who is completing 18 years of service to the school in the various capacities of teacher, athletic coach and assistant principal.

It is expected that at this time the complete picture of the trouble which has arisen at the high school this year, will be placed before the public for the first time.

The meeting is open to the general public and interested tax payers of the district who will have the opportunity to learn first hand the issues involved.

The group of teachers is urging a large attendance, saying "anything which affects the schools, vitally affects the entire community and patrons should be present in the interest of a fair and just settlement of the matter."

April is another good home month in Arlington Heights

Arlington Heights stayed near the top in list of home construction permits granted during April in the suburban area. Permits for 30 homes, valued at $180,600, were granted, which rated third high, Gary and Hammond ran one-two. Total permits for the month were down 14% from a year ago, and down 36% from the record breaking March figure of this year.

Only other activity in Paddock Publications territory was at Palatine, where permits for $1,550 in garages were granted. It must be reminded that the above figures include permits only, and not actual construction.

Village dads give $10 raises to all employees

Arlington Heights village board recognizes that higher living costs and mounting taxes are taking an increasing amount out of the pay checks of their employees and last week boosted all of those receiving a monthly stipend $10 each. Those who are paid out of fees collected by their office are looking forward to greater activity for an additional remuneration coming their way. There were no changes in employees except minor changes in their duties.

The care of the fire trucks and municipal building is now the joint responsibility of the desk sergeants, Messrs. Bauer, Firnbach and Windheim.

Wm. H. Luehring's official title is now superintendent of public works, village administrator and safety engineer.

The officers and employees appointed are:

Village Treasurer	
Wm. F. Meyer, Jr.	$225.00
Supt. of Public Works

Adjusted service bonds of world war I reach maturity

Holders of Adjusted Service Bonds of World War I should present them for certification and payment to any local postmaster, who will forward them to the Federal Reserve Bank. The maturity date on the bonds has been reached and the government is asking their presentation as soon as possible.

Bonds presented for certification through the postoffice will be handled without charge for postage or registration fee. If forwarded by the owner directly to the U. S. treasury department or Federal Reserve Bank same will be at the owner's risk and expense.

'Seniors on Revue' at high school this Saturday

Have you ever longed to see your son or daughter behind footlights? Here is your chance. The class of '45 of Arlington Heights high school is presenting a revue May 19, written, directed and produced entirely by seniors. It has been in rehearsal for several weeks and promises to give a full evening of entertainment to all attending.

The show includes some of the following numbers:

Gallagher and Shean, by Walter Dick and Ken Koenig.

The Bowery, as seen by Lois Staudenbauer and Ray Lipovitch.

A Pretty Girl is like a Melody, as interpreted by our girls ensemble.

Cain't Say No, sung by Ellen Anderson.

These are but a few. There will be scenes on a plantation in Georgia, in Ye Olde Lead Nickle Saloon, and at a high school prom.

The show is directed by Beverlie Pink and Beverlee Peterson.

Tickets can be secured from any member of the senior class at 25 cents. All seats are reserved.

County zoning hearing Tuesday

The fate of Thermal-tite as an Arlington Heights manufacturing firm hangs in the balance. The scales will tip one way or the other next Tuesday evening when the county zoning board receives testimony on the petition of the company to classify as light industrial the land that it occupies. The decision of the board will not be announced that evening.

The same evening, the board will consider a petition for the rezoning of Lot 70 in Goelz's Arlington Gardens on Rand road from farming to light industrial. This lot is located on the south side of Rand road between Margaret and Dorothy avenues and is outside the village of Arlington Heights.

Arlington enters on new year

It's a new year for Arlington municipality. There were no tears in evidence as the old board died or flowers to greet the members of the new body at its first meeting Monday, May 7. The general public was probably unaware that a "new government" had taken over the village affairs.

Mayor Albert Goedke, Arlington Heights, thinks that his board committees work so smoothly that there was no reason to change their personnel but he did hit upon the plan of new chairmen all the way around.

The change enables each alderman to get the inside of other committees and is welcomed by them.

Before re-elected members of the Arlington Heights village board officials entered upon their new terms of office last week, the old board finished up its official business with the passing of $5,000 in bills and final committee reports. Wm. F. Meyer, Jr., who has served the past twelve months as clerk protem vacated his chair and Mrs. Helene Busse, acting village clerk, assumed the duties of reporting board meetings for which Mr. Meyer had substituted the past year.

The committee appointments for the coming year are:

Finance — Wm. G. Franke and Theo F. J. Studtmann.

Judiciary and Assessment—Wm. G. Franke and C. L. Griffith.

Police and License—Fred H. Kehe and Rudolph J. Rizzi.

Streets, Sidewalks and Lighting —Theo F. J. Studtmann and Albert J.J. Adams.

Public Works, Fire and Building —C. L. Griffith and Theo F. J. Studtmann.

Sewers, Drainage and Sanitation —Albert J. Adam and Wm. G. Franke.

Water and Water Works — Rudolph J. Rizzie and Fred H. Kehe.

Vandals drain water supply in Palatine

The worst case of vandalism in the history of Palatine took place last Thursday evening when the entire water supply of Palatine was drained by the opening of fire water hydrants in widely separated parts of the village.

The 100,000 gallon standpipe was drained to the last drop and residents who happened to try to draw some water in the hours after midnight, couldn't get a drop from their faucets in any part of the house.

The falling pressure sent the water and the police department on the hunt for the leaks and they found the open hydrants.

The vandalism was apparently the act of a group of boys of high school age and their identities are pretty well known to the police, who are weaving a net of evidence around them that may put some of those young pranksters out of circulation for a long time.

Millions of dollars worth of property was endangered in case of a fire and the act far from being a kid trick was an act of sabotage against a public works in wartime and is punishable as such. That same evening a $20,000 fire occurred in Arlington. Without water it would have been a $50,000 loss.

Youth parade this Sunday

The ninth district of the American Legion will hold their 9th annual youth parade and convention on Sunday, May 20th. The ninth district is composed of 31 Legion Posts in this Northwest area from Logan Square to Barrington.

Assembly will be on the West Drive of Kedzie Blvd. at 2:00 p. m. Step-off at 2:30 p. m., line of march west on Altgeld st. to Central Park ave., north to Diversey ave., west to Kosciuszko Park, then into park past the reviewing stand.

More than 70 entries have been received and they consist of drum and bugle corps, bands, marching units, boy and girl scouts, cub scouts, sons of the legion, R. O. T. C. It will be a colorful parade and the general public from the Northwest area is invited to view this annual event.

High school junior prom May 26

The annual prom sponsored by the junior class will be held in the high school gym on May 26, from 9:00 to 12:00 p. m. The music will be provided by Chuck Kraemer and his orchestra.

The affair is held in honor of the graduating class and a prom queen will be chosen from the senior girls, the band members being the judges.

Friends and parents are invited to come and watch the grand march from the balcony.

The above poster was designed by Edward Kostka, 209 North Dunton, who is a pupil in St. James school. Posters made by pupils of the north public school will be shown at Arlington Theatre this Friday. Posters from other schools will follow each succeeding Friday.

7th war loan workers put in a busy week

Dear Neighbor:

The Mighty 7th is under way, and it's good to see that in spite of the rain and beastly cold, the spirit of the Victory Volunteers is high, and the house-to-house canvass has already begun. Our local committee has written a letter to each household in Arlington Heights community, asking cooperation, and sort of paving the way for your neighborhood Victory Volunteer; a nice bit of community participation came to light when I discovered that the Ladies Auxiliary of the Fire Department was addressing and stuffing the envelopes for these 7th Loan drive letters. It's just this splendid spirit of everyone giving a lift that will get a big job done. BUT please don't get the idea when I speak of excellent cooperation and so on, that there is no more need for workers. If you can and will help, f'r goodness sake, give us a phone call—there's a job for everyone who's able to help. The Committee just can't know everyone, y'know, and mebbe you haven't been asked. Let us know who you are and where you live, and we'll assign you but quick!

Have you seen the posters around town? Look for them when next you shop or go to the train, and don't forget the movie starts Friday the 18th, to show the work of one school each week, starting with the public school.

The editorials entered in the contest, by the students of the High School English classes, have been judged, and the Women's Division of the local drive committee, reports as follows:

First place, Brian Crumlish; honorable mention, Ann Cox, Richard Grigsby, Ruth Meyn, Laurel Lawbaugh, Lucia Beth Stevens and Ronald Wiegand. The winning editorial appears in this issue of the Herald. Y'know, the Arlington Heights Herald is our biggest publicity factor, and the Committee is definitely aware of their debt to them, and extend their sincere thanks. The Herald will publish one of these editorials each week. The contest judges were Mrs. Kenneth Milstead, Mrs. Paul Vawter, and Mrs. Daniel Vittum.

One of the busiest men in town is Don Florence. In addition to his own business, which keeps him on the run, he's Chairman of the Business Men's Group of canvassers for the 7th War Loan Drive, and he and his associates have started to make their calls. He is assisted by W. Edw. Fritz, J. D. Flentie, Alvin Popp, Walter Karstens, John Randag, Marvin Johnson, Jos. Lohr, Max Warson and Harold E. Willson. They have a big job, but they are alert, capable and enthusiastic, and will turn in a good report.

Keep your eye on our clock in the park, and help to meet our $140,000 quota, by buying your bonds here at home. And tell your Victory Volunteer when he calls—"I'm glad to see you!" won't you?

Your Neighbor.

Letters become a jig saw puzle

Mt. Prospect postoffice has a box of jig saw puzzles comprising letters that were dispatched Monday morning by flyer pouch. The mail clerk failed to catch the pouch, which fell and was ground to pieces by the train. Efforts were made to pick up all the pieces and some of them could be either returned to writers or sent on their way. The remainder is a mess and is worse than any jig saw puzzle say the postoffice employees.

This week's prize war loan editorial

BRIAN CRUMLISH

What has the war meant to you? Has it meant giving up some one you love? Has it meant steady employment with high wages? Which ever it is, you still have enjoyed the comforts and freedom of this great country. But now you are asked to help — to help furnish funds for more equipment, greater hospitalization and medical care for our fighting men. Are you going to let them down? No you are going to give again with the same spirit you gave before.

Bonds serve a twofold purpose; first, the morale of our boys is lifted when they know they are getting your full support. Second, a bond is an inflationary hedge. With the large amount of money now in circulation and the shortage of materials, inflation is inevitable. But with an investment in government bonds, the best security there is, you keep down prices and at the same time receive good returns on your investment.

The Seventh War Loan Drive is now in full swing. The American people are asked to buy all the bonds they can. Let's back our country until it hurts!

Police reserves

Just in case they are needed, Arlington's mayor appoints 20 special police officers each year. He calls them the police reserve. They are not organized as a local FBI but each one has authority to make arrests, curb disturbances and act as a regular police officer when the occasion arises. They are:

Henry Malzahn, 38 S. Chestnut ave.
Oscar Johnson, 310 N. State rd.
Harold Hastings, 310 N. Pine ave.
Paul Incaprero, 22 S. Dunton ave.
Henry F. Martens, 402 N. Vail ave.
Edward Heimsoth, 615 S. Evergreen.
Gustave Pelletier, 302 So. Evergreen ave.
Ralph Stippick, 127 S. Walnut ave.
Wilbert T. Loeber, 141 Derbyshire Lane.
James M. Sommer, 601 Burton Place.
William E. Andres, 130 S. Mitchell ave.
Henry Lunning, 218 S. Evergreen ave.
Edwin Guenther, 625 N. Chestnut, ave.
Francis K. Wilton, 211 N. State rd.
Stephan Kindler, 205 W. Miner.
John M. Kempf, 508 W. Northwest Hwy.
Anthony Hesch, 739 N. State rd.
Martin Heidorn, 931 N. Princeton.
Frank Gieseke, 317 S. Walnut ave.
Ben Mickelvitz, 132 N. Northwest Hwy.

Forty seniors to take pre-physical exams Friday

Cook County Selective Service Board No. 1 has called forty high school boys to take their physical examinations this Friday. Arlington Heights Lions club will serve them breakfast. The majority of these boys are being allowed to graduate before being called to service.

$20,000 fire at Arlington laundry plant

Spontaneous combustion is blamed for a disastrous fire Thursday evening in the plant of the Park Lane Laundry, Arlington Heights. Prompt action by the fire department prevented an entire loss. "A delay of ten minutes would have enabled the fire to gain such a headway that nothing could have saved the plant," states Fire Chief Jahn. The loss to building and plant is estimated to be $20,000 with over half of that amount being loss and damage to equipment and laundry that was in process.

The fire was discovered by John Duthorn, who immediately sounded the alarm. The fire had started in the delivery room among packages that were ready for dispatch to customers. The ventilating system had pulled the fire to the ceiling of the main laundry room and two thirds of that room bears marks of the intense heat generated. All belts and flammable material near the ceiling were burned and many electric motors were put out of commission but the laundry machinery can be easily repaired and again placed in operation.

When the firemen arrived on the scene, the interior heat was so intense that windows were popping. Attacking the fire at its hottest point, the rear door was broken open and the two leads of hose soon had the fire under control.

Until the night of the fire, the laundry operated with a day and night shift and no one was in the building when fire broke out. The business office and the boiler room were untouched by the blaze.

Immediately the next morning the management advised customers by phone to call and get packages that were not damaged and others were assisted in the filing of insurance claims. "The general public," states Mr. Hahn, "realized that the fire was no fault of ours and are very understanding of the difficulties confronting us."

At present, laundry service is limited to wet wash, but workmen are busy making repairs and Mr. Hahn, plant manager, promises it will not be long before the plant will again be in full operation.

In the meantime a dozen employees are taking a week's vacation with pay.

Fire Chief Jahn was in Palatine when the alarm was received, but through the cooperation of the Palatine police was immediately located and arrived at the fire as the firemen were breaking into the rear door.

Redwings to open play this Sunday

The opening of the Arlington Redwings baseball season was cancelled last Sunday because the grounds were in very bad condition from rain earlier in the week.

This Sunday the Douglas Aircraft team will meet the Redwings at Recreation Park. Last Sunday the Douglas club lost to Skokie 8 to 3 and are ready to give the Redwings a battle in the opener.

The game will begin at 3:00 p. m. with Schaefer pitching and Mahn doing the catching. Because of lack of practice Schaefer is not expected to pitch the whole game and will be relieved by Ladd about half way through the game.

Although the Redwing club has several new members this year, the team in general will be about as strong as last year. From all indications local fans will have plenty of good baseball entertainment this summer.

Sunday, May 27, the Redwings will play in Chicago so the game this Sunday will be the only appearaice here until June 3.

Brooder blamed for $2,000 farm fire

The interior of a 100 ft. steel building was badly damaged Saturday afternoon at the farm home of S. E. Karsten, Algonquin road, Arlington Heights, causing a $2000 loss. An overheated brooder stove had ignited the shavings between steel walls that were used for insulation. It was necessary to tear off part of the steel siding in order to reach the shavings which were ultimately "washed out" to extinguish a smoldering fire. The building was being heated in preparation for the receipt of chicks.

Arlington Heights fire department was first called and did everything possible to hold back the blaze, but Chief Jahn recommended a call to Mt. Prospect rural fire department in which district the farm is located. Chief Bierman and his boys responded. The phone call system maintained by the Mt. Prospect department soon brought many farmers to the scene with an adequate supply of water.

Dr. Bauman heads board of health

Dr. E. W. Bauman is the new chairman of the Arlington Heights Board of Health, in accordance to the rotation plan that has been followed in health matters. The job at times entails a lot of responsibility and Mayor Goedke feels that it is too much to ask one physician to do all the work, thus a new chairman each year. The other members of the committee are Dr. H. O. Meisenheimer, Dr. B. T. Best, Dr. John Cousins and Edw. W. Fritz. An appropriation of $100 is allowed for the expenses of the board.

The public health committee which is the liaison officer between the general public and the local health program, has been reappointed as follows:

Mrs. Arthur Blaschke, 746 S. Mitchell ave.
Mrs. G. Rex Volz, 836 N. Belmont ave.
Mrs. Chas. Klehm, Railroad ave.
Mrs. Augustine Lippold, 28 N. Belmont ave.
Mrs. G. N. Morrissey, 405 S. Dunton ave.
K. L. Busse, 1016 N. Highland ave.
R. E. Clabaugh, 115 S. Mitchell ave.
Edwin Hill, 123 S. Mitchell ave.
Mrs. V. A. Sturm, 438 Banbury rd.
Mrs. John Allen, 635 N. Highland ave.
Miss Mildred Russell, 15 W. Davis st.
Mrs. Paul F. Carroll, 116 W. Euclid st.
Mrs. Maude K. Parker, 915 N. State rd.
Mrs. Charles F. Bloecker, 821 N. Vail ave.
Mrs. W. P. Hermesdorf, 115 So. Highland.
Mrs. Helen Busse, 107 W. Davis st.
Mrs. Chas. Fitzpatrick, 738 N. State rd.
Albert W. Goedke, exofficio member of all committees.

Mfg. plants seek sites in suburbs

Many light manufacturing plants are seeking new locations according to Willson & Florence, local realtors, who are calling the attention of civic heads to the opportunities that exist for their respective communities. Mt. Prospect recently was selected as the site by the Illinois Range Co. of Chicago. Within sixty days the building was erected, and May 3rd the plant was placed in operation.

Willson & Florence believe there will be many more such opportunities and have sent the following letter to the heads of Lions clubs, business organizations and heads of the municipalities of this area:

"Willson and Florence, realtors, see a demand for industrial property northwest of the city and a decentralization of industry. Small manufacturing plants are seeking locations in suburban sites.

"The past few months have definitely shown that light manufacturers, who do not have to be located in Chicago, would prefer to build in the smaller villages. Each village along the Northwestern has a limited amount of industrial property where these plants might be located, and thus help the local taxing bodies to overcome the tax burden which is borne by the rest of the taxpayers. This vacant industrial land is not producing taxes for local governments and should, under proper selection of new ownership, be an asset to the communities, and furnish work for the returning veterans and at the same time help reduce the tax burden.

"The Chambers of Commerce and Lions Clubs of progressive villages are out after the more desirable of these light manufacturing plants and at this time something should be done to encourage their locating in our community."

Buddy Poppies

Disabled veterans in government hospitals throughout the country fashion the Buddy Poppies that will be sold on the streets of Arlington Heights on Saturday, May 26, by Arlington Post No. 981, Veterans of Foreign Wars of the United States.

This year will mark the 24th annual sale of the little red memorial flowers for the benefit of disabled veterans and their dependents, and members of America's Armed Forces today and their dependants. The sale is a non-profit undertaking with the proceeds going exclusively to the care and welfare of veterans and servicemen and their wives and children.

The disabled veterans in U. S. Government hospitals who assemble the little red memorial flowers are paid by the V.F.W. for this labor. Each flower carries a green label which guarantees the authenticity of the poppy.

Prior to Pearl Harbor, the proceeds of the annual V.F.W. Buddy Poppy distribution were devoted to welfare and relief work among World War I veterans and their dependents, including an allotment to the V.F.W. National Home, for orphans and widows of veterans, at Eaton Rapids, Mich.

Set program for Memorial day in Arlington

SEEK GOLD STARS

In order that no honored names may be omitted from the roll call, the parents or relatives of deceased veterans of this war are asked to list the deceased veterans names on lists which will be available at the American Legion Home in Arlington Heights, 121 No. Douglas ave. and at Sieburg's Drug Store and Lohr's Drug Store on Northwest Highway.

Arlington Heights will observe Memorial Day Wednesday, May 30, with a program sponsored by the American Legion V. F. W. and other patriotic organizations. John J. Lee of the American Legion is program chairman and asks the cooperation of all organizations, especially for the parade. Flags will be placed on the graves of all veterans by the V.F.W. while the Legion is responsible for the bouquets.

Full program with order of march and parade will appear in next week's Herald. This year's observance should be larger than any recent year as the day will serve as a memorial to the memories of many World War heroes who have given their lives in the past year.

Zoning board to study changes in classifications

The newly appointed zoning board will hold its first meeting next Tuesday evening following the hearing to be conducted by the county zoning board on the Thermal-Tite matter. They will consider changes in existing zoning classifications. Inquiries have been received from persons who desire to erect business enterprises in vacant territory. They claim that realty values in the main business section are prohibitive.

Regarding the setting up of a district for light manufacturing, a study of the zoning map shows that there exists today over 50 acres zoned for industrial purposes that are not being used.

In making appointments to the zoning board, Mayor Goedke stated that its duties were to prepare tentative and proposed ordinances for the entire village with recommendation of amendments to the present ordinance. J. D. Flentie was named chairman with the following members: George E. Jorgensen, Donald D. Florence, Ernst H. Malzahn, Nat T. Burfeind, Henry F. Muller, Nicholas M. Lattof, George F. Schneberger, Charles Pingel, Alfred R. Jasper, Otto Schwartz, John Allen.

Ex-officio members, to serve in an advisory capacity are: Hugo J. Thal, William F. Meyer, Jr., Paul C. Taege, Albert W. Goedke.

Pfc. Albert Behrens dies in Philippines

Pfc. Albert Behrens of Arlington Heights has died in the Philippines it was learned last week. In a war department wire his father, William Behrens, was notified that Albert had died of illness and that he was buried in Manila.

Pfc. Behrens suffered an appendicitis attack some time ago and had had an operation four months ago. He died April 18, though it is not known definitely if his death was a result of the appendicitis.

Pfc. Behrens went overseas November of '43, and has been hauling rations and supplies in the Philippines ever since. Pall bearers for Albert included William Stegeman of Prospect Heights and Barney Moehling of Arlington Heights. Services were held April 19.

In a letter from the Philippines Barney stated that Albert had died from natural causes, something that might easily have happened at home. He stated that Albert was buried in a government memorial cemetery just outside of Manila, and that the grounds are well kept up. He also said Pfc. Behrens had received the best of hospital care and that he had died while in his sleep.

Albert entered service October 12, 1942. He was stationed in New Guinea before taking part in the invasion of Leyte in the Philippines.

A brother, Lt. Wilbert Behrens, has been missing in the Pacific area since December 15, 1944. He was a fighter pilot operating in the attack against Mindanao when declared missing.

High school board hearing this Saturday

This Saturday, May 19, is the date set for the "hearings" on two of the dismissals of teachers at Arlington Heights Township high school. These hearings, presided over and conducted by the High School Board of Education, are the legal rights provided for by the Illinois school teachers tenure law. They are the recourse open to teachers when dismissed from their positions after having acquired tenure by being engaged by a Board of Education for three years.

At 2:00 p. m. the review of the dismissal charges against Earle Joyner, science teacher and coach for the past four years is scheduled to begin. This is to be followed by that of John L. Grose, who is completing 18 years of service to the school in the various capacities of teacher, athletic coach and assistant principal.

It is expected that at this time the complete picture of the trouble which has arisen at the high school this year, will be placed before the public for the first time.

The meeting is open to the general public and interested tax payers of the district who will have the opportunity to learn first hand the issues involved.

The group of teachers is urging a large attendance, saying "anything which affects the schools, vitally affects the entire community and patrons should be present in the interest of a fair and just settlement of the matter."

April is another good home month in Arlington Heights

Arlington Heights stayed near the top in list of home construction permits granted during April in the suburban area. Permits for 30 homes, valued at $180,600, were granted, which rated third high, Gary and Hammond ran one-two. Total permits for the month were down 14% from a year ago, and down 36% from the record breaking March figure of this year.

Only other activity in Paddock Publications territory was at Palatine, where permits for $1,550 in garages were granted. It must be reminded that the above figures include permits only, and not actual construction.

Village dads give $10 raises to all employees

Arlington Heights village board recognizes that higher living costs and mounting taxes are taking an increasing amount out of the pay checks of their employees and last week boosted all of those receiving a monthly stipend $10 each. Those who are paid out of fees collected by their office are looking forward to greater activity for an additional remuneration coming their way. There were no changes in employees except minor changes in their duties.

The care of the fire trucks and municipal building is now the joint responsibility of the desk sergeants, Messrs. Bauer, Firnbach and Windheim.

Wm. H. Luehring's official title is now superintendent of public works, village administrator and safety engineer.

The officers and employees appointed are:

Village Treasurer
Wm. F. Meyer, Jr. $225.00

Adjusted service bonds of world war I reach maturity

Holders of Adjusted Service Bonds of World War I should present them for certification and payment to any local postmaster, who will forward them to the Federal Reserve Bank. The maturity date on the bonds has been reached and the government is asking their presentation as soon as possible.

Bonds presented for certification through the postoffice will be handled without charge for postage or registration fee. If forwarded by the owner directly to the U. S. treasury department or Federal Reserve Bank same will be at the owner's risk and expense.

'Seniors on Revue' at high school this Saturday

Have you ever longed to see your son or daughter behind footlights? Here is your chance. The class of '45 of Arlington Heights high school is presenting a revue May 19, written, directed and produced entirely by seniors. It has been in rehearsal for several weeks and promises to give a full evening of entertainment to all attending.

The show includes some of the following numbers:

Gallagher and Shean, by Walter Dick and Ken Koenig.

The Bowery, as seen by Lois Staudenbauer and Ray Lipovitch.

A Pretty Girl is like a Melody, as interpreted by our girls ensemble.

Cain't Say No, sung by Ellen Anderson.

These are but a few. There will be scenes on a plantation in Georgia, in Ye Olde Lead Nickle Saloon, and at a high school prom.

The show is directed by Beverlie Pink and Beverlee Peterson.

Tickets can be secured from any member of the senior class at 25 cents. All seats are reserved.

County zoning hearing Tuesday

The fate of Thermal-tite as an Arlington Heights manufacturing firm hangs in the balance. The scales will tip one way or the other next Tuesday evening when the county zoning board receives testimony on the petition of the company to classify as light industrial the land that it occupies. The decision of the board will not be announced that evening.

The same evening, the board will consider a petition for the rezoning of Lot 70 in Goelz's Arlington Gardens on Rand road from farming to light industrial. This lot is located on the south side of Rand road between Margaret and Dorothy avenues and is outside the village of Arlington Heights.

Arlington enters on new year

It's a new year for Arlington municipality. There were no tears in evidence as the old board died or flowers to greet the members of the new body at its first meeting Monday, May 7. The general public was probably unaware that a "new government" had taken over the village affairs.

Mayor Albert Goedke, Arlington Heights, thinks that his board committees work so smoothly that there was no reason to change their personnel but he did hit upon the plan of new chairmen all the way around.

The change enables each alderman to get the inside of other committees and is welcomed by them.

Before re-elected members of the Arlington Heights village board officials entered upon their new terms of office last week, the old board finished up its official business with the passing of $5,000 in bills and final committee reports. Wm. F. Meyer, Jr., who has served the past twelve months as clerk protem vacated his chair and Mrs. Helene Busse, acting village clerk, assumed the duties of reporting board meetings for which Mr. Meyer had substituted the past year.

The committee appointments for the coming year are:

Finance — Wm. G. Franke and Theo F. J. Studtmann.

Judiciary and Assessment—Wm. G. Franke and C. L. Griffith.

Police and License—Fred H. Kehe and Rudolph J. Rizzi.

Streets, Sidewalks and Lighting —Theo F. J. Studtmann and Albert J.J. Adams.

Public Works, Fire and Building —C. L. Griffith and Theo F. J. Studtmann.

Sewers, Drainage and Sanitation —Albert J. Adam and Wm. G. Franke.

Water and Water Works — Rudolph J. Rizzie and Fred H. Kehe.

Vandals drain water supply in Palatine

The worst case of vandalism in the history of Palatine took place last Thursday evening when the entire water supply of Palatine was drained by the opening of fire water hydrants in widely separated parts of the village.

The 100,000 gallon standpipe was drained to the last drop and residents who happened to try to draw some water in the hours after midnight, couldn't get a drop from their faucets in any part of the house.

The falling pressure sent the water and the police department on the hunt for the leaks and they found the open hydrants.

The vandalism was apparently the act of a group of boys of high school age and their identities are pretty well known to the police, who are weaving a net of evidence around them that may put some of those young pranksters out of circulation for a long time.

Millions of dollars worth of property was endangered in case of a fire and the act far from being a kid trick was an act of sabotage against a public works in wartime and is punishable as such. That same evening a $20,000 fire occurred in Arlington. Without water it would have been a $50,000 loss.

Youth parade this Sunday

The ninth district of the American Legion will hold their 9th annual youth parade and convention on Sunday, May 20th. The ninth district is composed of 31 Legion Posts in this Northwest area from Logan Square to Barrington.

Assembly will be on the West Drive of Kedzie Blvd. at 2:00 p. m. Step-off at 2:30 p. m., line of march west on Altgeld st. to Central Park ave., north to Diversey ave., west to Kosciuszko Park, then into park past the reviewing stand.

More than 70 entries have been received and they consist of drum and bugle corps, bands, marching units, boy and girl scouts, cub scouts, sons of the legion, R. O. T. C. It will be a colorful parade and the general public from the Northwest area is invited to view this annual event.

High school junior prom May 26

The annual prom sponsored by the junior class will be held in the high school gym on May 26, from 9:00 to 12:00 p. m. The music will be provided by Chuck Kraemer and his orchestra.

The affair is held in honor of the graduating class and a prom queen will be chosen from the senior girls, the band members being the judges.

Friends and parents are invited to come and watch the grand march from the balcony.

The above poster was designed by Edward Kostka, 209 North Dunton, who is a pupil in St. James school. Posters made by pupils of the north public school will be shown at Arlington Theatre this Friday. Posters from other schools will follow each succeeding Friday.

7th war loan workers put in a busy week

Dear Neighbor:

The Mighty 7th is under way, and it's good to see that in spite of the rain and beastly cold, the spirit of the Victory Volunteers is high, and the house-to-house canvass has already begun. Our local committee has written a letter to each household in Arlington Heights community, asking cooperation, and sort of paving the way for your neighborhood Victory Volunteer; a nice bit of community participation came to light when I discovered that the Ladies Auxiliary of the Fire Department was addressing and stuffing the envelopes for these 7th Loan drive letters. It's just this splendid spirit of everyone giving a lift that will get a big job done. BUT please don't get the idea when I speak of excellent cooperation and so on, that there is no more need for workers. If you can and will help, f'r goodness sake, give us a phone call—there's a job for everyone who's able to help. The Committee just can't know everyone, y'know, and mebbe you haven't been asked. Let us know who you are and where you live, and we'll assign you but quick!

Have you seen the posters around town? Look for them when next you shop or go to the train, and don't forget the movie starts Friday the 18th, to show the work of one school each week, starting with the public school.

The editorials entered in the contest, by the students of the High School English classes, have been judged, and the Women's Division of the local drive committee, reports as follows:

First place, Brian Crumlish; honorable mention, Ann Cox, Richard Grigsby, Ruth Meyn, Laurel Lawbaugh, Lucia Beth Stevens and Ronald Wiegand. The winning editorial appears in this issue of the Herald. Y'know, the Arlington Heights Herald is our biggest publicity factor, and the Committee is definitely aware of their debt to them, and extend their sincere thanks. The Herald will publish one of these editorials each week. The contest judges were Mrs. Kenneth Milstead, Mrs. Paul Vawter, and Mrs. Daniel Vittum.

One of the busiest men in town is Don Florence. In addition to his own business, which keeps him on the run, he's Chairman of the Business Men's Group of canvassers for the 7th War Loan Drive, and he and his associates have started to make their calls. He is assisted by W. Edw. Fritz, J. D. Flentie, Alvin Popp, Walter Karstens, John Randag, Marvin Johnson, Jos. Lohr, Max Warson and Harold E. Willson. They have a big job, but they are alert, capable and enthusiastic, and will turn in a good report.

Keep your eye on our clock in the park, and help to meet our $140,000 quota, by buying your bonds here at home. And tell your Victory Volunteer when he calls—"I'm glad to see you!" won't you?

Your Neighbor.

Letters become a jig saw puzle

Mt. Prospect postoffice has a box of jig saw puzzles comprising letters that were dispatched Monday morning by flyer pouch. The mail clerk failed to catch the pouch, which fell and was ground to pieces by the train. Efforts were made to pick up all the pieces and some of them could be either returned to writers or sent on their way. The remainder is a mess and is worse than any jig saw puzzle say the postoffice employees.

This week's prize war loan editorial

BRIAN CRUMLISH

What has the war meant to you? Has it meant giving up some one you love? Has it meant steady employment with high wages? Which ever it is, you still have enjoyed the comforts and freedom of this great country. But now you are asked to help — to help furnish funds for more equipment, greater hospitalization and medical care for our fighting men. Are you going to let them down? No you are going to give again with the same spirit you gave before.

Bonds serve a twofold purpose; first, the morale of our boys is lifted when they know they are getting your full support. Second, a bond is an inflationary hedge. With the large amount of money now in circulation and the shortage of materials, inflation is inevitable. But with an investment in government bonds, the best security there is, you keep down prices and at the same time receive good returns on your investment.

The Seventh War Loan Drive is now in full swing. The American people are asked to buy all the bonds they can. Let's back our country until it hurts!

Police reserves

Just in case they are needed, Arlington's mayor appoints 20 special police officers each year. He calls them the police reserve. They are not organized as a local FBI but each one has authority to make arrests, curb disturbances and act as a regular police officer when the occasion arises. They are:

Henry Malzahn, 38 S. Chestnut ave.
Oscar Johnson, 310 N. State rd.
Harold Hastings, 310 N. Pine ave.
Paul Incaprero, 22 S. Dunton ave.
Henry F. Martens, 402 N. Vail ave.
Edward Heimsoth, 615 S. Evergreen.
Gustave Pelletier, 302 So. Evergreen ave.
Ralph Stippick, 127 S. Walnut ave.
Wilbert T. Loeber, 141 Derbyshire Lane.
James M. Sommer, 601 Burton Place.
William E. Andres, 130 S. Mitchell ave.
Henry Lunning, 218 S. Evergreen ave.
Edwin Guenther, 625 N. Chestnut, ave.
Francis K. Wilton, 211 N. State rd.
Stephan Kindler, 205 W. Miner.
John M. Kempf, 508 W. Northwest Hwy.
Anthony Hesch, 739 N. State rd.
Martin Heidorn, 931 N. Princeton.
Frank Gieseke, 317 S. Walnut ave.
Ben Mickelvitz, 132 N. Northwest Hwy.

Forty seniors to take pre-physical exams Friday

Cook County Selective Service Board No. 1 has called forty high school boys to take their physical examinations this Friday. Arlington Heights Lions club will serve them breakfast. The majority of these boys are being allowed to graduate before being called to service.

$20,000 fire at Arlington laundry plant

Spontaneous combustion is blamed for a disastrous fire Thursday evening in the plant of the Park Lane Laundry, Arlington Heights. Prompt action by the fire department prevented an entire loss. "A delay of ten minutes would have enabled the fire to gain such a headway that nothing could have saved the plant," states Fire Chief Jahn. The loss to building and plant is estimated to be $20,000 with over half of that amount being loss and damage to equipment and laundry that was in process.

The fire was discovered by John Duthorn, who immediately sounded the alarm. The fire had started in the delivery room among packages that were ready for dispatch to customers. The ventilating system had pulled the fire to the ceiling of the main laundry room and two thirds of that room bears marks of the intense heat generated. All belts and flammable material near the ceiling were burned and many electric motors were put out of commission but the laundry machinery can be easily repaired and again placed in operation.

When the firemen arrived on the scene, the interior heat was so intense that windows were popping. Attacking the fire at its hottest point, the rear door was broken open and the two leads of hose soon had the fire under control.

Until the night of the fire, the laundry operated with a day and night shift and no one was in the building when fire broke out. The business office and the boiler room were untouched by the blaze.

Immediately the next morning the management advised customers by phone to call and get packages that were not damaged and others were assisted in the filing of insurance claims. "The general public," states Mr. Hahn, "realized that the fire was no fault of ours and are very understanding of the difficulties confronting us."

At present, laundry service is limited to wet wash, but workmen are busy making repairs and Mr. Hahn, plant manager, promises it will not be long before the plant will again be in full operation.

In the meantime a dozen employees are taking a week's vacation with pay.

Fire Chief Jahn was in Palatine when the alarm was received, but through the cooperation of the Palatine police was immediately located and arrived at the fire as the firemen were breaking into the rear door.

Redwings to open play this Sunday

The opening of the Arlington Redwings baseball season was cancelled last Sunday because the grounds were in very bad condition from rain earlier in the week.

This Sunday the Douglas Aircraft team will meet the Redwings at Recreation Park. Last Sunday the Douglas club lost to Skokie 8 to 3 and are ready to give the Redwings a battle in the opener.

The game will begin at 3:00 p. m. with Schaefer pitching and Mahn doing the catching. Because of lack of practice Schaefer is not expected to pitch the whole game and will be relieved by Ladd about half way through the game.

Although the Redwing club has several new members this year, the team in general will be about as strong as last year. From all indications local fans will have plenty of good baseball entertainment this summer.

Sunday, May 27, the Redwings will play in Chicago so the game this Sunday will be the only appearaice here until June 3.

Brooder blamed for $2,000 farm fire

The interior of a 100 ft. steel building was badly damaged Saturday afternoon at the farm home of S. E. Karsten, Algonquin road, Arlington Heights, causing a $2000 loss. An overheated brooder stove had ignited the shavings between steel walls that were used for insulation. It was necessary to tear off part of the steel siding in order to reach the shavings which were ultimately "washed out" to extinguish a smoldering fire. The building was being heated in preparation for the receipt of chicks.

Arlington Heights fire department was first called and did everything possible to hold back the blaze, but Chief Jahn recommended a call to Mt. Prospect rural fire department in which district the farm is located. Chief Bierman and his boys responded. The phone call system maintained by the Mt. Prospect department soon brought many farmers to the scene with an adequate supply of water.

Dr. Bauman heads board of health

Dr. E. W. Bauman is the new chairman of the Arlington Heights Board of Health, in accordance to the rotation plan that has been followed in health matters. The job at times entails a lot of responsibility and Mayor Goedke feels that it is too much to ask one physician to do all the work, thus a new chairman each year. The other members of the committee are Dr. H. O. Meisenheimer, Dr. B. T. Best, Dr. John Cousins and Edw. W. Fritz. An appropriation of $100 is allowed for the expenses of the board.

The public health committee which is the liaison officer between the general public and the local health program, has been reappointed as follows:

Mrs. Arthur Blaschke, 746 S. Mitchell ave.
Mrs. G. Rex Volz, 836 N. Belmont ave.
Mrs. Chas. Klehm, Railroad ave.
Mrs. Augustine Lippold, 28 N. Belmont ave.
Mrs. G. N. Morrissey, 405 S. Dunton ave.
K. L. Busse, 1016 N. Highland ave.
R. E. Clabaugh, 115 S. Mitchell ave.
Edwin Hill, 123 S. Mitchell ave.
Mrs. V. A. Sturm, 438 Banbury rd.
Mrs. John Allen, 635 N. Highland ave.
Miss Mildred Russell, 15 W. Davis st.
Mrs. Paul F. Carroll, 116 W. Euclid st.
Mrs. Maude K. Parker, 915 N. State rd.
Mrs. Charles F. Bloecker, 821 N. Vail ave.
Mrs. W. P. Hermesdorf, 115 So. Highland.
Mrs. Helen Busse, 107 W. Davis st.
Mrs. Chas. Fitzpatrick, 738 N. State rd.
Albert W. Goedke, exofficio member of all committees.

Mfg. plants seek sites in suburbs

Many light manufacturing plants are seeking new locations according to Willson & Florence, local realtors, who are calling the attention of civic heads to the opportunities that exist for their respective communities. Mt. Prospect recently was selected as the site by the Illinois Range Co. of Chicago. Within sixty days the building was erected, and May 3rd the plant was placed in operation.

Willson & Florence believe there will be many more such opportunities and have sent the following letter to the heads of Lions clubs, business organizations and heads of the municipalities of this area:

"Willson and Florence, realtors, see a demand for industrial property northwest of the city and a decentralization of industry. Small manufacturing plants are seeking locations in suburban sites.

"The past few months have definitely shown that light manufacturers, who do not have to be located in Chicago, would prefer to build in the smaller villages. Each village along the Northwestern has a limited amount of industrial property where these plants might be located, and thus help the local taxing bodies to overcome the tax burden which is borne by the rest of the taxpayers. This vacant industrial land is not producing taxes for local governments and should, under proper selection of new ownership, be an asset to the communities, and furnish work for the returning veterans and at the same time help reduce the tax burden.

"The Chambers of Commerce and Lions Clubs of progressive villages are out after the more desirable of these light manufacturing plants and at this time something should be done to encourage their locating in our community."

Buddy Poppies

Disabled veterans in government hospitals throughout the country fashion the Buddy Poppies that will be sold on the streets of Arlington Heights on Saturday, May 26, by Arlington Post No. 981, Veterans of Foreign Wars of the United States.

This year will mark the 24th annual sale of the little red memorial flowers for the benefit of disabled veterans and their dependents, and members of America's Armed Forces today and their dependants. The sale is a non-profit undertaking with the proceeds going exclusively to the care and welfare of veterans and servicemen and their wives and children.

The disabled veterans in U. S. Government hospitals who assemble the little red memorial flowers are paid by the V.F.W. for this labor. Each flower carries a green label which guarantees the authenticity of the poppy.

Prior to Pearl Harbor, the proceeds of the annual V.F.W. Buddy Poppy distribution were devoted to welfare and relief work among World War I veterans and their dependents, including an allotment to the V.F.W. National Home, for orphans and widows of veterans, at Eaton Rapids, Mich.

Set program for Memorial day in Arlington

SEEK GOLD STARS

In order that no honored names may be omitted from the roll call, the parents or relatives of deceased veterans of this war are asked to list the deceased veterans names on lists which will be available at the American Legion Home in Arlington Heights, 121 No. Douglas ave. and at Sieburg's Drug Store and Lohr's Drug Store on Northwest Highway.

Arlington Heights will observe Memorial Day Wednesday, May 30, with a program sponsored by the American Legion V. F. W. and other patriotic organizations. John J. Lee of the American Legion is program chairman and asks the cooperation of all organizations, especially for the parade. Flags will be placed on the graves of all veterans by the V.F.W. while the Legion is responsible for the bouquets.

Full program with order of march and parade will appear in next week's Herald. This year's observance should be larger than any recent year as the day will serve as a memorial to the memories of many World War heroes who have given their lives in the past year.

Zoning board to study changes in classifications

The newly appointed zoning board will hold its first meeting next Tuesday evening following the hearing to be conducted by the county zoning board on the Thermal-Tite matter. They will consider changes in existing zoning classifications. Inquiries have been received from persons who desire to erect business enterprises in vacant territory. They claim that realty values in the main business section are prohibitive.

Regarding the setting up of a district for light manufacturing, a study of the zoning map shows that there exists today over 50 acres zoned for industrial purposes that are not being used.

In making appointments to the zoning board, Mayor Goedke stated that its duties were to prepare tentative and proposed ordinances for the entire village with recommendation of amendments to the present ordinance. J. D. Flentie was named chairman with the following members: George E. Jorgensen, Donald D. Florence, Ernst H. Malzahn, Nat T. Burfeind, Henry F. Muller, Nicholas M. Lattof, George F. Schneberger, Charles Pingel, Alfred R. Jasper, Otto Schwartz, John Allen.

Ex-officio members, to serve in an advisory capacity are: Hugo J. Thal, William F. Meyer, Jr., Paul C. Taege, Albert W. Goedke.

Obituaries

Herman P. Schroeder

Funeral services for Herman P. Schroeder, 254 N. Benton st., Palatine, were held Thursday at 2:30 at the Palatine St. Paul Evangelical church, the Rev. G. Gumm officiating. Interment was in Palatine south side cemetery.

Herman Schroeder was born October 11, 1882, in Palatine township. On December 18, 1907, he was united in marriage to Miss Lizzie Wickersheim who preceded him in death February 19, 1930.

He was active in the St. Paul Evangelical church, having served fifteen years with the church council, was secretary of the Church Brotherbood in 1942 and president of the Brotherhood from 1943 until the time of his death. He served eighteen years on the public school board, acting as secretary five years.

He passed away at his home Monday morning following several months illness at the age of 62 years, 7 months and 3 days.

Surviving are two sons, Herbert S. and Harold of Palatine; two daughters, Mrs. Floride Huebner, Des Plaines, Mrs. Frances Amstenz, Bloomfield, Iowa, five grandchildren, two brothers, Henry of Glencoe, Ill., and George of Palatine. One son, Edward, three brothers and one sister preceded him in death.

IN MEMORIAM

SILAS MASTEN

In loving memory of our husband and father who passed away one year ago May 19.
When the shades of night are falling,
And the day is almost gone,
Always comes that heart felt longing
For our loved one to come home.
For in life he never failed us,
And when his days work was done,
Always gladly he greeted us at home.
One year ago he left us here,
Now he's watching and waiting to greet us over there.

Mrs. Silas Masten, Mrs.
Elma Hanke and family.

Scout leaders hold meeting

On Wednesday evening Council Committeemen of District 2 of the Northwest-Suburban Council held their monthly meeting at Des Plaines City Hall. Byron Foote, chairman, called the meeting to order at 8:10 p. m. Roll call was taken and among those responding were Ed. Engelking, Troop 37, of Arlington Heights Committeeman, and Ed. Jannusch, Troop 37 Committeeman.

The following reports were heard from their respective committees: Organization and Extension — Troops are reregistering as expiration dates are approached. A new charter was presented to Troop 46 and officers installed last Friday evening at Forest River. Preliminary organization was carried on at Wheeling last Monday. At Forest River a new pack in cubbing is making progress. The American Legion Post No. 525 at Mt. Prospect sponsors Troop 23. This post has been recommended for a citation because of its excellent work in this branch of its activities.

Leadership and Training—Training course is nearly ready for scout leaders. Man power situation limits scope at present. This course will be made available to all troops in every district as soon as man power situation improves. Plans are to make a limited start soon and then expand as rapidly as conditions permit. More specific information to follow at a later date.

Advancement Committee —Rand Park Pistol Club has offered to train scouts to shoot. This activity will lead to Merit Badge. Announcements to follow at later date.

The Court of Honor will be held at eight o'clock June 8 at Rand Field House in Des Plaines.

New ruling against eviction by new owners

Tenants of a house or apartment that changes ownership during their tenancy are entitled to substantial protection against hasty eviction even though the new owner wishes to occupy the premises himself.

The tenant of a house sold since October 20, 1942, may continue to occupy the premises at the established rent unless possession for his own occupancy is required by the owner. Even then the tenant will have three months to find new quarters.

He explained that if the purchaser of a rented house desires to dispossess a tenant and occupy it himself, he must first file a petition with the rent office for permission to institute eviction proceedings in accordance with local laws and regulations. The rent office will notify the tenant that a petition has been filed.

The rent office will not give a landlord a certificate authorizing him to institute eviction proceeding unless at least 20 percent of the purchase price of the dwelling has been paid in cash. Further, in any case where the intent of the law has been violated by acts or statements which do not line up with the facts, the rent office is under a duty to consider all such facts.

If the landlord's petition is granted, a copy of the form will be sent to the tenant, but this does not constitute an order to move. Eviction is not ordered or authorized by the Office of Price Administration, but by local authorities under laws and ordinances.

After the landlord files the petition, a three months' waiting period will usually be required before eviction proceedings may be started.

There are a few special circumstances in which the rent office will permit a new owner to proceed to gain occupancy before the expiration of the three months' period, but these are the exception rather than the rule.

Skokie official dies day after his son-in-law

Alfred Carl Galitz, village collector of Skokie, died Monday in his home at 7876 Carpenter rd., in the suburb, less than 24 hours after the death of his son-in-law, J. Lee Rosberg. A heart attack, presumably brought on by shock over the passing of Mr. Rosberg, caused death.

Mr. Galitz was 71, and had been Skokie collector for the last 12 years. Previously he had been a grocer in Evanston for many years. He leaves his widow, Alma; two sons, Raymond and Harvey, the latter of Beloit, Wis., and a daughter, Mrs. Elizabeth Rosberg. Services are being held at 3 p. m. Thursday in St. Paul's Lutheran church, Evanston.

Skokie official dies day after his son-in-law

Alfred Carl Galitz, village collector of Skokie, died Monday in his home at 7876 Carpenter rd., in the suburb, less than 24 hours after the death of his son-in-law, J. Lee Rosberg. A heart attack, presumably brought on by shock over the passing of Mr. Rosberg, caused death.

Mr. Galitz was 71, and had been Skokie collector for the last 12 years. Previously he had been a grocer in Evanston for many years. He leaves his widow, Alma; two sons, Raymond and Harvey, the latter of Beloit, Wis., and a daughter, Mrs. Elizabeth Rosberg. Services are being held at 3 p. m. Thursday in St. Paul's Lutheran church, Evanston.

Only a "pinch hitter" says local attorney

Harvey M. Adams, Arlington Heights attorney, has informed the Herald that the item in last week's Herald, crediting him with being the attorney who represented the objectors in the Thermal-Tite hearings was in error. He was only "pinch hitting" for Attorney Atwood who was out of town on business at the time.

Poster campaign good publicity to war loan

As the seventh war loan drive opens, Arlington Heights may well take pride in its publicity material which was supplied by the seventh and eighth grade pupils of all local schools and high school students. As art chairman of the 7th war loan drive, I wish to thank them and all others who had a part in making this project a success.

Credit for the idea goes to Mrs. Paul Miller, and Mr. and Mrs. Miller were responsible in large part for the overall planning for the project.

It has been a splendid example of community interest and cooperation from Mayor Goedke, who provided material support, down to the youngest child who turned in a poster.

S. R. Paddock gave the project his whole-hearted support and his promise of using posters in the press was one of the incentives that spurred the contestants to devote hours of overtime to perfecting their work.

Mr. Knapp added further enthusiasm by his promise to show them on the screen.

The project was enthusiastically received by all the schools and although it meant extra work for busy teachers, the work was carefully and splendidly directed. Appreciation is due Miss Tully of the North school, A. W. Bathje of the Lutheran school, the sisters of St Francis of St. James school, and Mrs. E. J. Bussing, who directed the high school group. Judging was done in the north school.

Thanks are due Ralph Clabaugh and his staff for their ready help in the extra work this meant.

We were fortunate in securing such highly qualified judges as Mrs. N. E. Schwartz and H. T. Freyermuth of Arlington Heights and Herbert Chidley of Palatine.

With the publicity in the capable hands of Mrs. Rex Volz, we are kept up to date on what is being done with the posters. Don't miss it in the Dear Neighbor column.

The poster project has been a splendid thing for Arlington Heights. It has given our young people an opportunity to do something to speed the victory by advertising the seventh war loan. It has also given us a very practical example of the value of art in the school and in the community.

Mrs. H. R. Collard,
Art Chairman of the finance committee of the 7th war loan.

Mr. and Mrs. Wm. Diebold and daughter of Fremont Center, Mr. and Mrs. Joe Dobner and daughter of Prairie View called on Mrs. Catherine Obernough last week.

RICHARDS MADE A SPEECH
-and "Safety First" was born

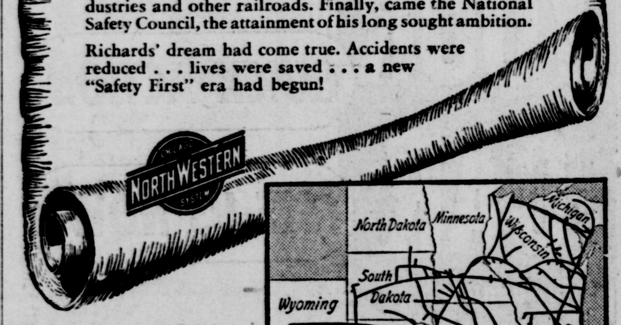
Some years after the turn of the century, "North Western's" Ralph C. Richards delivered an address before a group of employes. His subject was, "Conservation of Men."

Richards was a crusader, in the finest sense of the word. He felt keenly the need for safety education. To him the saving of human life was a sacred duty . . . he rebelled at the easy philosophy that permitted carelessness to go unchallenged.

In 1910, thanks to Richards' zeal, "North Western" began systematic efforts to reduce accidents . . . thus the *first* railroad accident prevention organization came into being.

Richards' influence spread. The Father of the "Safety First" movement won recognition from cities, states, industries and other railroads. Finally, came the National Safety Council, the attainment of his long sought ambition.

Richards' dream had come true. Accidents were reduced . . . lives were saved . . . a new "Safety First" era had begun!



Today, "Safety First" is a by-word on every railroad and in all industries. The security of travelers is important; that of employes equally so. Safety measures, too numerous to mention, have been introduced. Along with faster train schedules have come protective devices, such as automatic train control, that have made train travel safer than an evening at home. In the years to come "North Western," always a leader in the "Safety First" movement, will continue to pioneer. *Safety—first, last and always!*

- and "Safety First" was born

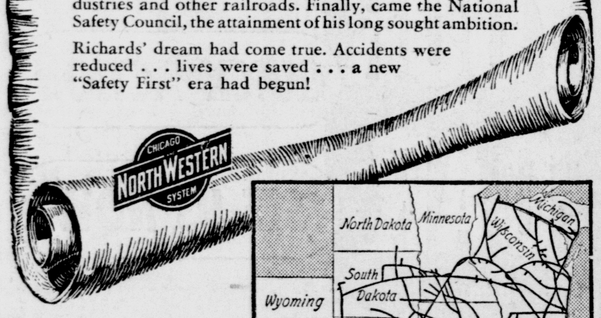
Some years after the turn of the century, "North Western's" Ralph C. Richards delivered an address before a group of employes. His subject was, "Conservation of Men."

Richards was a crusader, in the finest sense of the word. He felt keenly the need for safety education. To him the saving of human life was a sacred duty . . . he rebelled at the easy philosophy that permitted carelessness to go unchallenged.

In 1910, thanks to Richards' zeal, "North Western" began systematic efforts to reduce accidents . . . thus the *first* railroad accident prevention organization came into being.

Richards' influence spread. The Father of the "Safety First" movement won recognition from cities, states, industries and other railroads. Finally, came the National Safety Council, the attainment of his long sought ambition.

Richards' dream had come true. Accidents were reduced . . . lives were saved . . . a new "Safety First" era had begun!



Today, "Safety First" is a by-word on every railroad and in all industries. The security of travelers is important; that of employes equally so. Safety measures, too numerous to mention, have been introduced. Along with faster train schedules have come protective devices, such as automatic train control, that have made train travel safer than an evening at home. In the years to come "North Western," always a leader in the "Safety First" movement, will continue to pioneer. *Safety—first, last* and *always!*

American Legion auxiliary notes

Merle Guild Unit No. 208, American Legion Auxiliary, met at Legion hall Tuesday evening, May 15. Camille Peroutka, Americanism and community service chairman, reported that Pauline Russell had been chosen to be sent to Girls State in June; that the medals for the winners of the essay contest had been bought and presented for inspection. They will be engraved when the winners are selected.

The membership and activities chairman, Merle Holtz, reported that there are sixty members; that the quilt for the annual raffle has been bought. It is wool filled and similar to last year's and the books are now out.

The other chairmen have all been busy looking after hospitals, orphans, legislature and the welfare and happiness of members, etc.

The ninth district director, Fanny Harland, gave a short talk, commending the prodigious amount of work done and speaking for the seventh war loan. Lucia Lackowski presented the citation to Merle Guild unit for being the first unit in the ninth district to reach 100% in membership.

A one hundred dollar bond was voted to be purchased during the seventh war loan.

To make reservations for the spring luncheon which is to be held at Legion Hall at 12 noon on Wednesday, May 23, call Merle Holtz, 7031-M, or Fannie May, 767, as soon as possible to give them time to arrange for the purchase of the food. The cost will be divided among those who make reservations. Please act promptly.

After adjournment the hostesses, Emma McNeely, Helen Horath and Bertha Niven served victory cake, ice cream and tea or coffee. Etta Fitzpatrick furnished the gorgeous tulips for table decorations.

Joan Lewke honored by youth conference

Joan Lewke, a junior in Arlington Heights Township high school was elected a member of the Executive Board of the Chicago Youth Conference at a meeting held in the Chicago City Council Chambers Friday, May 11.

The Executive Board, which consists of fifteen members, selected from the 450 delegates from all Chicago and Cook County public and parochial schools, serves as the directing body for the 176,000 high school students who are members of the organization. It is from the members of this executive board that the officers for the coming year will be selected.

The Youth Conference is sponsored by the Chicago Conference for Youth which is headed by Major Lenox R. Lohr and has among its members Noble J. Puffer, County Superintendent of Schools, and other educational, civic, legislative and religious leaders.

Garden Club told song birds aid to gardens

The regular monthly meeting of the Arlington Heights Garden Club was conducted in the North School auditorium last Wednesday evening. C. A. Hughes presided. Miss Dale Pietsch, lecturer of horticulture, gave much useful information, particularly to Victory Gardeners. Her description of the value of song birds and how to attract them to a garden was appreciated by a fine audience, and her many colored slides made it possible for all to understand this unusual lecture.

A feature of the evening was the announcement of the winners of the evening's exhibits of flowers—there were ten exhibits. Mrs. Paul Immel won first prize with a Maypole centerpiece. Mrs. S. E. Pate, second, spring flowers and Charles Doellefield, third, tulips.

Hostesses for the evening were Mrs. Paul Immel, Mrs. F. Sachs, and Mrs. S. Csanadi.

Walther League talent festival on two Sundays

The Northern Illinois district of the Walther League will conduct its annual talent festival on two consecutive Sundays, May 27 and June 3, at Concordia teachers' college, 7400 Augusta blvd., River Forest. The deviation from the custom which prevailed during the past decade is briefly explained by the chairman of the central committee, Milton Eggerding, as follows: "Because of the tremendous success and ever-widening scope of these festivals, it was deemed advisable to conduct two festivals this year, one for pupils of Lutheran parochial schools and the other for the members of the Walther League and church choirs."

All entrants will have their talents rated and carefully analyzed by competent judges, not in competition with others, but personally and individually. The public is welcome at all exhibits and demonstrations. Commencing at two o'clock in the afternoon, the schedule of events will be climaxed with a program in the evening, when top-rating performers will appear on the stage of the college gymnasium. Included in the program will be an orchestra, under the direction of Paul Schmidt. A band, comprised of parochial school children, will play during the supper hour on the college lawn; it will be directed by Ralph Wetzstein and W. F. Bertram, alternately.

Basically, the same types of events will be offered on both days, including the following: art and hobbies (drawing, painting, poster, designing of a Christmas seal for the Wheat Ridge sanatorium, window displays, motion pictures, collections of curios, handicraft); vocal and instrumental music; orations (Bible-story telling, book reviews, mission studies, dramatic readings, recreational leadership, topic discussions, group leadership); one-act plays. Novelty acts by parochial school pupils will this year take the place of a spelling contest.

May go to Knox

Joan Hansen, of Palatine, is among the fifteen high school seniors who have been awarded prize scholarships at Knox College for next year as a result of the competitive examinations held last month, it was announced today by President Carter Davidson. Miss Hansen will be graduated with this year's class at Palatine Township high school. She is the daughter of Mr. and Mrs. Magnus Hansen, 27 South Linden ave.

To show movies on India at St. Peter school

On May 25 at 8 p. m. at Arlington Heights St. Peter Lutheran school auditorium, movies will be shown by Mrs. F. H. Lang. These movies will concern India and personal mission work in India. Mrs. Lang is a missionary's wife.

Everyone is welcome to attend. Tickets will be sold at the door or may be purchased from Mrs. W. Rindlisbacker, phone 548-R, or Mrs. E. Grimm, phone 98-W. Tickets are 35c for adults, 15c for children.

Pastor's wife given pink and blue shower

The Dorcas Aid of St. Peter Lutheran church honored their pastor's wife, Mrs. L. V. Stephan, with a pink and blue shower Wednesday evening, May 9. After the regular May business meeting the ladies assembled in the school where the two long refreshment tables were beautifully decorated with pink and blue runners, large crepe paper baby shoes filled with flowers and tall pink candles. Smaller shoes served as individual mint cups. The center piece of the main table was lovely with ribbons, a large white stork and a unique handmade mother and infant. Mrs. Stephan was presented with many lovely baby clothes as well as a generous money gift.

The social committee which planned the program and decorations consisted of Mrs. W. Gronert, Mrs. H. Hinz and Mrs. J. Kempf.

The May group, who served delicious refreshments of pineapple cream tarts and coffee, were Mrs. Wm. Krueger, Mrs. H. Kehe, Mrs. J. Clausing, Mrs. O. Koch, Mrs. F. Kehe, Mrs. C. Klehm and Mrs. W. Keiser.

Capacity crowd views 'Don't Take My Penny'

The senior class of Arlington Heights Township High School presented "Don't Take My Penny!" Saturday night, May 12, before a capacity crowd. The comedy was enthusiastically received.

The characterizations were outstanding: Pearl Miller as the dancing Sally, who preferred a chicken farm to Hollywood; Lois Knaack as Lydia, the mother who lectured to others on family problems, but was blind when it came to her own family; Madie Johnson as Gram, who helped to right things; Margaret Dahm as Penny, who felt destined for the movies; Don Hotz as Kerry, her boy friend, who did not want to lose his Penny; Bill Miller as Greg, Kerry's friend, who impersonated a model to make Penny jealous; Marihelene Martin as Mavis, the talented older sister, who won the chance to be in the movies; Gene Stroker as Mark, the brother, who was interested in raising chickens and in winning Sally; Bette Davis as Joanna, Penny's friend; Phil Weber as Norman Porter, the movie publicity agent; Dick Smart as Henri, the dress designer; Ray Little as Caleb, the worried father; Jane Merrill as the lisping model; Dolores Weise, as the Southern model; Jean Foresman as the haughty model; Jim Scherf as Harrison Day, a famous author who found a star for his play; and Kay Essington as Red, the delivery boy with the big packages.

The orchestra, under the direction of Donald Costain, furnished music for the play.

Miss Dorrine Petersen, director of the play, was presented with a bouquet of roses and a gift from the cast and production crew by Ellen Anderson, the assistant director.

Just Around the Corner

Dear Jane:

Have you been admiring the posters painted by the school children of Arlington Heights to advertise the 7th War Loan Drive?

I'm very excited about them because I'm so proud of the children's abilities, and because some of the members of our little art guild had a large hand in this venture.

Vera Collard amazes me. She's such a tiny person and far from robust, yet her capability and enthusiasm seems to know no bounds. She has an incomparable way of carrying out her ideas to a successful conclusion. Dear old Glad gave up many precious hours to instructing the High School students in "poster art". I know she loved doing it and I'm sure the pupils have enjoyed this experience largely because of her skillful instruction and assistance. The Committee couldn't have chosen a more discerning judge than our own Winifred Schwartz, who shared this honor with two other critics. Winnie was one of the original members of the art guild back in the days when we gathered together every Saturday afternoon to paint at Hill Top Farm. Maybe, I do sound a bit smug, but I AM proud of these women; and I think I have just cause, don't you?

Speaking of painting, I went in to the Art Institute last week to see the Encyclopaedia Britannica collection of contemporary American painting. Eventually, prints from these originals will be seen in future copies of the encyclopaedia. It is a versatile show, betraying no partisanship in taste or subject-matter, including both academic and impressionistic schools. An exhibit as comprehensive as this (there are 121 pictures) should be seen more than once to be thoroughly appreciated. It would be difficult for me to say off-hand which pictures I enjoyed the most, but an oil by Robert Brackman called "After the Masque" lingers in my memory.

After looking over this show I walked into the Chicago rooms to see the 50th Anniversary exhibit of the Palette and Chisel Club. 40 members are represented. Of course I picked my favorites. The first in my choice being a portrait of Fred Bauman by Oskar Gross, loaned by the Institute of American Architects. The second choice, a small still-life, called "Arrangement" by Leo Marzolo. Lush is the only word I can think of to describe the exquisite painting of grapes in this picture.

One wonders why not one of these artists is represented in the Encyclopaedia Britannica collection.

Here's a little sidelight on this visit to the Institute: afterwards while I was waiting in the lobby for Rob, I saw a group of young women walk in. One of them, observing the admission price, said: "Darn it, thought this a 'Free day'. Oh, well, let's go to a movie". With that all of them immediately left. The irony of it; the fee to the Institute is 30 cents!

It's like what one of the characters in Tarkington's new book, "Image of Josephine," says: "Art is for those who can take it, and anybody can take it who is willing to expose himself to it. If the people don't care to put that interest and happiness into their lives, we can force them or even coax them to it. It's their loss."

Great-Aunt Meg, who believes old age entitles one to voice their opinions now and then, says emphatically: "It's entirely our own fault if we find ourselves lonely people when we've grown old. Who wants to be around a person who wears a dour expression and has nothing to offer conversationally but neighborhood gossip? The way I look at it is this: the time to prepare for old age is when we're young. Be on the alert for new ideas. Don't think you're doing well if you have ONE hobby — cultivate two or three. They will keep you interested, and other people interested —in you. Acquire the 'gracious habit'." "What's the gracious habit, Aunt Meg?" I queried. "Well, it's having a warm smile and a ready hand-shake; and an eager response to the other fellow that shows him you think he's a pretty fine person. More often than not, he is, too."

"How about those of us who have children, Aunt Meg. Aren't they a guarantee against a lonely old age?" "Certainly not! If your children marry and live next door, they won't want to walk across the yard to see you if you've allowed yourself to become a bore. And what happiness is there in filial devotion if it's grudgingly given? Beware of growing stale, my dear, it's a fatal disease."

All I can say is that Aunt Meg isn't merely giving forth lip service. She really "practices what she preaches." At least her theories seem to have worked in her case, for if ever there is an effervescent and well informed person, beloved by all who know her, it is Aung Meg. Yet, she spends her days in a wheel-chair, and is never quite free from pain!

With love,
Mary.

Pat McDonald now owns Rob Roy Country Club

Pat McDonald, who has been pro at Rolling Green Country Club the past fifteen years is the new owner of Rob Roy Country club, acquiring that property from the former stockholders. Pat leased the Rob Roy last year and became so enthused over its possibilities that he has joined the owner class. "A fellow is willing to put in a lot more hours when he is an owner," Mr. McDonald told the Herald this week. Golfers of this vicinity know that Pat is a glutton for work and Rob Roy is certain to become increasingly popular among golfers.

There are a lot of people who play golf, but Pat thinks there are a lot of others who would be interested if they were not too bashful to swing a club before experienced golfers. He has been acting as one of the instructors at the Tribune golf schools and thinks that a similar school in the northwest suburbs would be equally as successful.

The Herald agrees with Pat and with the cooperation of professionals of this area promises a golf school as soon as the war ends and if sufficient interest is shown the school will not wait for V-J day.

The Rob Roy is operated as a daily fee course of eighteen holes, with creeping bent greens and grass tees. Week days the rates are 75c, Saturdays $1, Sundays and holidays, $1.25. Jimmie Service is greens superintendent and the dining room and cocktail lounge is in charge of Mrs. Goetz and Art Goetz.

Golfers and the general public will find Rob Roy a friendly place and its owner ready to aid the beginner as well as give service to the more experienced. For the benefit of the uninitiated, Rob Roy is located on McDonald road, a mile east of Elmhurst road.

Safety movies to be shown next week

The Red Cross is sponsoring two first aid and safety movies next week, Friday, May 25, at the Arlington Heights Field House. The public is invited to see these pictures, with the boy and girl scouts extended a special invitation. Movies to be shown are "Oars and Paddles" and "Heads Up". They start at 7:15, and are free to the public.

Also announced this week are plans for a Red Cross course to be given twice a week at the swimming pool. The instruction will include accident prevention, first aid and water safety.

Ask bids for remodeling high school in Heights

School District No. 214, Arlington Heights, Cook County, Illinois, will receive sealed bids for the remodeling of offices and library, to the present school building until 8:00 P. M. (Central War Time) May 29th, 1945, at the present school building, located at Euclid Avenue between Walnut and Ridge Avenues, Arlington Heights, Cook County, Illinois, at which time and place all bids will be publicly opened and read aloud.

The successful bidder will be required to furnish a satisfactory Performance Bond.

The Contract Documents including plans and specifications are on file at the office of Godfrey E. Larson, Inc., Architects, at 2626 West Lunt Avenue, Chicago, Illinois, and at the office of said school.

Copies of the documents may be obtained from Godfrey E. Larson, Inc., Architects, 2626 West Lunt Avenue, Chicago 45, Illinois.

The Board of Directors of School District No. 214, Cook County, Illinois, reserve the right to reject any or all bids and to waive any informalities in bidding.

A certified check, bank draft or Government Bonds payable to the Board of Directors, School District No. 214, Cook County, Illinois, or a satisfactory bid bond executed by the bidder and the surety company in an amount not less than ten (10) per cent of the bid shall be submitted with each bid.

No bid shall be withdrawn after the opening of bids without the consent of the Board of Education, School District No. 214, Cook County, Illinois, for a period of 30 days after the scheduled time of closing of bids.

The general prevailing rate of wages in the locality in which the work is to be performed for each craft or type of workman or mechanics needed to execute the contract has been determined in accordance with Chap. 48, Section 39s, and following, of the Illinois Revised Statutes, 1941.

'Up and Doing' 4-H girls have party

Friday evening, May 11 the "Up and Doing" girls 4-H club gave a Mothers Day party with Marion Pytlik as hostess. Harriet Heuser and Diane Boehne acted as co-hostesses.

Reports by program chairman Marilyn Busse and War Effort chairman Anita Hagenow were given.

As a surprise the girls presented their mothers and guests with corsages.

Songs, music, games and riddles followed by delcious refreshments served by the girls were enjoyed by all present.

Special guests of the evening were Mrs. G. D. Johnson, Cook county 4-H chairman and Mrs. K. A. Jacobson, Elk Grove township 4-H chairman.

Welcome club secure speaker

A fine program has been planned for members of the Arlington Heights Welcome Club on May 24 at 1:30 p. m.

Mrs. Agnes Kolling, program chairman, was fortunate in securing Mrs. Ethel Somers, who is home economist of the Chicago Sun, and also writes the food page for Parade, the magazine supplement of the same paper. She is one of the foremost authorities on food in this country, having taught cooking in high schools for a long time. She was the first food editor for Liberty Magazine. She also compiled two cook books which sold very successfully. Her recipes never fail, even for beginners. Her hints on how to manage a money-and-ration-point budget are helpful to experienced cooks.

A dessert luncheon will be served at 1:30 and all members are especially asked to be on time so that the program may proceed according to schedule.

Save Time and Labor

Time and labor are saved by increasing the yields and in improving the quality of crops.

Legion news

Activities at Merle Guild Post are going forward as usual and membership is greater than at any other time in the history of the post.

The next post meeting will be held at the Legion Home Tuesday evening, May 22, at which time the Legion would like to see as many present war veterans present as possible together with post members. The plans are to have an interesting speaker present and his subject will be of interest to all veterans.

For the purpose of reminding those interested in legion activities, the following calendar is compiled:

May 20—Youth Convention and Parade, starts from Kedzie ave. and Altgeld st. at 2 p. m. and ends at Kosciuszko Park. Two boy scout troops and the cub scouts are entered in the parade competition.

May 22—Meeting of the Merle Guild Post of the American Legion at the Legion Home. Prominent speaker and refreshments.

May 27—Memorial Sunday services at the St. John's church beginning promptly at 11:00 a. m. Assemble at the Legion Home not later than 10:15 a. m. on that date and parade to church.

Home sales continue

The demand for homes in the suburbs, it seems, is greater today than ever before in spite of gas rationing and longer working hours, so say Willson and Florence, realtors.

Some of the recent transactions passing through their office are as follows:

Mr. and Mrs. G. Rex Volz of 836 N. Belmont, Arlington Heights, have sold their home to Col. and Mrs. Edward W. Medbery of Evanston. Mr. and Mrs. Volz are not leaving Arlington Heights, however, but have moved to 412 N. Evergreen.

The Richard Bruners of 514 Beverly Lane, Scarsdale, have sold their home to Mr. and Mrs. Ernest Simmons who formerly lived in Scarsdale. The Bruners are moving to New York City.

Mary Metler of 303 Haddow st., Arlington Heights, has sold her house to Mr. and Mrs. Clarence A. Hendrickson of 7119 S. Clyde, Chicago.

Mr. and Mrs. Axel Johnson of 830 S. Mitchell st., Arlington Heights have sold their home to Mr. and Mrs. Maurice Burns of Chicago. Mr. Burns is a returned Naval Lt., and now an employee of the Jewel Tea Co. in the General Accounting Dept. Mr. and Mrs. Johnson have purchased a small nearby lake property which they intend to occupy until they can build.

Mr. and Mrs. G. Arden Scott of Evanston have purchased the home at 202 W. Euclid st., formerly owned by Mrs. Mary Luerssen. The Scotts intend to remodel the house as soon as material becomes available. Mr. Scott is an auditor with General Finance Corp., Chicago.

Mr. and Mrs. Arthur Dallia of Edison Park, Chicago, have purchased the Ed. Ahmer home at 15 S. Albert st., Mt. Prospect. The Ahmers have moved to Hammond, Ind.

Mr. and Mrs. John C. Cullinan, Chicago, are now in their new home at 406 S. Wapella st., Mt. Prospect. This home was purchased from the Judson F. Lee's. The Lees are in their new home at 418 S. Main st., Mt. Prospect.

Mr. and Mrs. Karl Rost have sold their property, known as Twin Gate Farm between Golf and Seegers rd. near Arlington Heights rd. to Mr. and Mrs. Harry Garnier of Crown Point, Ind. The Garniers own the Denhaven Kennels, breeders of Irish Setters and pointers for work and show purposes. They are well known in the dog show business. The Rosts have moved to a farm near Barrington.

The Victor Behnckes of 705 Elmhurst rd., Prospect Heights, have sold to Mr. and Mrs. Robt. Michael of Norwood Park. The Behnckes have moved to Park Ridge.

The return of Harold Willson from his winter home in Florida to the real estate business here in Arlington Heights is welcomed by his partner, Don Florence, and as Don says, now maybe he can go fishing a few days.

Mail notice to Navy, Marines, Coast Guardsmen

A new ruling by the postoffice department, effective July 1st requires that publishers mailing papers to men in any of the above services, whose address is "fleet postoffice" must present for inspection, with renewal, a request from the addressee for said newspaper. Members of his family or friends may pay for the subscription but the request direct from the recipient must be in possession of the newspaper.

This notice is published now in order that families who desire to have the paper continued, have time to secure such authorization. Papers mailed under the new order must bear a special inscription that the requirements have been met by the publisher and the addressee.

Jap shells arrive daily just in time for dinner

Having Jap artillery shells served at mealtime can sometimes cause indigestion according to Cpl. Robert Welch, Woodruff, Wis., Pfc. Robert J. Peters 1330 N. Dunton ave., Arlington Heights, and Pfc. Earl C. Schuchert, Dupo, Ill., all of whom are with the 122nd Field Artillery Battalion, commanded by Lt. Col. Roland P. Carlson, Chicago.

The 122nd Field Artillery Battalion, part of the 33rd Division Artillery, commanded by Brigadier General Alexander G. Paxton of Greenville, Miss., is supporting the doughboys of the division in their drive forward through the rugged mountainous terrain of Luzon.

Pfc. Nick Geisi, Ottawa, Ill., and Pfc. Willard Bundy, Savanna, Ill., told of recent experiences wherein the battalion had in many instances to move quickly in order to be in positions to support the fast moving doughboys. On some occasions the men had to occupy sites captured from the Japs in the last few days, small bands of enemy troops still hiding out in the dense mountainous brush.

Attempting the knock out of the 33rd's artillery howitzers that are causing a great amount of destruction to the Japs in the way of destroying ammunition, equipment, fortified positions and enemy concentrations of their troops, the Japs cleverly camouflage their artillery pieces and wait until the American artillery howitzers are well within range, then shelling the batteries in short bursts in order not to give away the positions of their guns.

Welch and Peters told of the peculiar traits of the Nips in their fighting. The enemy artillery guns were fired at the same time each day and the men could almost set their watches at the time the first shell landed. In their shelling the enemy has caused virtually no damage except to send the batterymen under cover. It was not the danger that made the men angry but the fact that the Japs usually fired during mealtimes. One soldier stated that he had started for the messhall three different times for the noon meal one day and each time he had to get back to his dugout because of the Nips.

But after the unit remains in position for a few days the area has been patrolled and fairly well cleaned out. Usually the enemy artillery guns are spotted within two or three days and knocked out by the howitzers but there have been times when the Japs have their guns in such clever positions that it may take weeks to find the gun position.

India

Promotion of Fred K. Durni of Arlington Heights from captain to major has been announced at the XX Bomber Command Superfort-

ress base in India. Major Durni, a former master sergeant in the Regular Army, has been overseas with the "XX" for the past 14 months as a staff radio officer. For his service overseas with the pioneer B-29 organization, he has earned the Asiatic campaign ribbon with four bronze battle stars.

His parents, Mr. and Mrs. Fred J. Durni, reside at 434 South Dunton st., Arlington Heights, where Major Durni formerly attended high school. His wife, Mrs. Jerrine Durni, resides at 819 State st., Charlevoix, Mich.

Fred's expected home soon.

Ortwin A. Runge, 21, son of Mr. and Mrs. E. H. Runge, 204 Bothwell, Palatine, was graduated recently from the Naval Training School (Electric) on the Purdue University campus, Lafayette, Ind.

After assignment to sea duty or to a shore station, he will be eligible to earn the petty officer rate of electrician's mate third class.

The newly graduated man was selected for this special school on the basis of his recruit training aptitude test scores. The completed course of study included the use, function and maintenance of all electric tools used by the navy. Electricity and the radio elements of electricity were also included in the course.

Ortwin arrived home Friday, and left again Sunday to return to Purdue university, from where he will be shipped to California.

Burma vet on 7th war loan tour in States

A former Infantryman in the famous Merrill's Marauders, Private First Class Thomas L. Dolinajec of Arlington Heights is now a member of one of the Army Ground Forces "Here's Your In-

fantry" teams which will tour the country during the Seventh War Loan under sponsorship of the War Finance Division of the Treasury Department and Army Ground Forces.

These demonstration units, specially trained for their part each is to play in the spectacular show, will present to the American public a first hand view of Infantry battle tactis and an exhibition of Infantry weapons. Doughboys who have used them in battle, will supervise and explain the weapons displays.

With service in Trinidad, India and Burma, Private Dolinajec has travelled practically around the world. For the outstanding fighting his unit did in Burma, he is entitled to wear a Distinguished Unit Badge. Of his two and a half years in the Army, he has spent 18 months overseas.

He has been awarded the Combat Infantryman Badge for exemplary conduct in action. In addition he wears the Asiatic-Pacific ribbon with one battle star, American Theater ribbon, and Good Conduct Medal.

During one phase of the fighting in Burma, his platoon was advancing up a hill when a Jap threw a grenade. Fortunately, he said, the grenade failed to explode.

His parents, Mr. and Mrs. Paul Dolinajec, live at 316 Northwest Highway, Arlington Heights.

Texas

Pvt. Eugene Hughes of Wheeling had the good fortune to stop off at home for a few days last week while on a cross country flight from Midland, Texas. He is looking forward to a furlough in June.

Pvt. "Doug" Bingham spent Mother's Day with his parents at B. C. Farm near Wheeling. Doug is still at Scott Field doing radio work.

Bank nets $23

Traveling bank at Arlington Heights last week netted Elroy Dawson $23, bringing the bank total to $3,835. This week Robert Harth is driver of the traveling paycar.

Marianas

After three months of silence word was received from Pfc. Fred Kieser of Arlington Heights.

"Am fine and in the best of health. Am as safe as a babe in arms out here. Please give my greetings to all my old friends up at the northside A. & P. in Arlington Heights where I used to be a butcher before getting this job."

Fred is an ambulance driver. He has been overseas 16 months.

WUS finds serviceman now on Guam

With Uncle Sam scored another hit last week when Willard Soenksen of Mt. Prospect was able to tell his wife that he was on Guam through the service columns.

Cpl. Soenksen had been unable to write his wife of his exact location, though they did know he was in the Marianas. Then last week Mrs. Soenksen received word from her husband asking her to read about Bill Janess in the Mar. 16 Cook County Herald.

In that issue Bill was located on Guam. Natural assumption is that Cpl. Soenksen is also on that island, though he was never allowed to tell of it in his letters.

His address is Cpl. Willard Soenksen, 36720848, APO 246-Unit 3, % PM, San Francisco, Calif.

New Mexico

Aviation Student Leonard Kreft, son of Martin Kreft, Palatine, today became a Flight Officer in the Army Air Forces after completing bombardier training at the Carlsbad (New Mexico) Army Air Field.

Flight Officer Kreft is now one of the most highly trained men in the Army Air Forces. At Carls-

bad he received instruction in dead-reckoning navigation as well as the standard bombardiering course.

As an officer in the Army Air Forces ready for active duty, his destination is not disclosed.

It takes SIX MAJOR STEPS to provide telephone service for ONE more family

To INSTALL and connect your telephone, we must have (1) a telephone instrument, (2) connecting wires from house to cable, (3) an individual pair of wires in the cable, (4) main cables to a central office, (5) interconnecting devices there, (6) a switchboard with an outlet for each telephone.

It's not easy for us, at Illinois Bell, to ask anybody to wait for telephone service, but, as you know, practically all new equipment is now doing full-time, wartime duty. We are grateful for your patience and understanding.

Mail notice to Navy, Marines, Coast Guardsmen

A new ruling by the postoffice department, effective July 1st requires that publishers mailing papers to men in any of the above services, whose address is "fleet postoffice" must present for inspection, with renewal, a request from the addressee for said newspaper. Members of his family or friends may pay for the subscription but the request direct from the recipient must be in possession of the newspaper.

This notice is published now in order that families who desire to have the paper continued, have time to secure such authorization. Papers mailed under the new order must bear a special inscription that the requirements have been met by the publisher and the addressee.

Jap shells arrive daily just in time for dinner

Having Jap artillery shells served at mealtime can sometimes cause indigestion according to Cpl. Robert Welch, Woodruff, Wis., Pfc. Robert J. Peters 1330 N. Dunton ave., Arlington Heights, and Pfc. Earl C. Schuchert, Dupo, Ill., all of whom are with the 122nd Field Artillery Battalion, commanded by Lt. Col. Roland P. Carlson, Chicago.

The 122nd Field Artillery Battalion, part of the 33rd Division Artillery, commanded by Brigadier General Alexander G. Paxton of Greenville, Miss., is supporting the doughboys of the division in their drive forward through the rugged mountainous terrain of Luzon.

Pfc. Nick Geisi, Ottawa, Ill., and Pfc. Willard Bundy, Savanna, Ill., told of recent experiences wherein the battalion had in many instances to move quickly in order to be in positions to support the fast moving doughboys. On some occasions the men had to occupy sites captured from the Japs in the last few days, small bands of enemy troops still hiding out in the dense mountainous brush.

Attempting the knock out of the 33rd's artillery howitzers that are causing a great amount of destruction to the Japs in the way of destroying ammunition, equipment, fortified positions and enemy concentrations of their troops, the Japs cleverly camouflage their artillery pieces and wait until the American artillery howitzers are well within range, then shelling the batteries in short bursts in order not to give away the positions of their guns.

Welch and Peters told of the peculiar traits of the Nips in their fighting. The enemy artillery guns were fired at the same time each day and the men could almost set their watches at the time the first shell landed. In their shelling the enemy has caused virtually no damage except to send the batterymen under cover. It was not the danger that made the men angry but the fact that the Japs usually fired during mealtimes. One soldier stated that he had started for the messhall three different times for the noon meal one day and each time he had to get back to his dugout because of the Nips.

But after the unit remains in position for a few days the area has been patrolled and fairly well cleaned out. Usually the enemy artillery guns are spotted within two or three days and knocked out by the howitzers but there have been times when the Japs have their guns in such clever positions that it may take weeks to find the gun position.

India

Promotion of Fred K. Durni of Arlington Heights from captain to major has been announced at the XX Bomber Command Superfort-

ress base in India. Major Durni, a former master sergeant in the Regular Army, has been overseas with the "XX" for the past 14 months as a staff radio officer. For his service overseas with the pioneer B-29 organization, he has earned the Asiatic campaign ribbon with four bronze battle stars.

His parents, Mr. and Mrs. Fred J. Durni, reside at 434 South Dunton st., Arlington Heights, where Major Durni formerly attended high school. His wife, Mrs. Jerrine Durni, resides at 819 State st., Charlevoix, Mich.

Fred's expected home soon.

Palatine mauls B'ville varsity and frosh-sophs

Palatine handed Bensenville the worst pair of track defeats in the history of relations between the two schools last week when the varsity defeated the Bisons 86-27 and the Frosh-Sophs won 87-15. Bensenville's squad has been badly depleted by the inroads of baseball and had only five boys competing for the varsity and the same number for the frosh-sophs.

For Palatine's varsity Moody scored 18½ points and LeBaron 10½ and for the frosh-sophs the leaders were LeBaron 15¼, Stevenson 12¼, and Henker 11. In the varsity section Palatine made a slam in the 880, mile, high jump, pole vault, and discus throw. Olenicki was high for Bensenville, getting three first places in the varsity meet for 15 points while Ernsting scored eight for a two man total of 23 of the Bisons' 27 points. Marks in all events were below standard.

Crystal Lake tops Arlington in triangular

Arlington lost a close triangle triangular track meet to Crystal Lake on the Lakers' field last week, Wednesday, 70½ to 64½. Dundee, third school entered in the meet, tallied 17 points.

Miller led the Cardinal squad with 12 points, gaining a 1st in the high hurdles, tie for 1st place in the high jump, and 2nd in the low hurdles. Only other first place for the local team was the Frosh-Soph relay team which ran a .49 quarter.

Arlington fared strong in seconds, however, to keep even with the Lakers, taking all but two, the high hurdles and shot put. Magnus and P. McDonald scored 6 3-4 for the locals.

Clarke and Reddersdorf led the winners with 11¼ points each, with Legal close behind with 9¼. Only 1st for Dundee was garnered by Unruh in the low hurdles, who also took a 3rd and 4th for 8 of the tailenders' 17 points.

It Happened Here

Written on V-E Day: "For, lo, the winter is past, the rain is over and gone; the time of the singing of birds is come and the voice of the turtle is heard in our land; the fig trees and the vines with the tender grape give a good smell." At this season, our arable acres are being stirred and worked prodigously, etched and graved by plow and harrow, drill and planter and disc in the ancient farm pattern. An English poet wrote some years ago: "The ship, the chariot, the plow, these three are, I suppose, the most sovereign beautiful things which man has made in his time . . . All are without parallel in nature, wrought out of his own brain by unaided man; and yet, during their life, worthy of their beauty, their purpose and their motion to challenge anything made by the gods on the earth or in the sea . . . And they are very old . . . And the greatest of these is the plow. It is without pride and also without vanity. The ship and the chariot have sometimes tried to conceal their ancient simplicity, tho they have never done without it. But the plow is the same—in shape like a running hound, with tail uplifted and muzzle bowed to the scent." Now let a delicate seismograph record the earth tremors as the plow bites in.

Antioch and Palatine are favorites in Northwest conf. meet Wednesday

The seventh Northwest Conference meet since the league reorganized in 1938 is coming up Wednesday at Palatine's field at 6:00 p. m. Antioch and Palatine are favored to battle it out for first honors in a hotly contested meet. Antioch nosed out the Pirates recently in a dual meet and has some outstanding stars in Nielsen, Good and Jones.

This year a total of six schools will enter the meet including Barrington, Bensenville, Northbrook, Wauconda and the favored Antioch and Palatine squads. Bensenville and Palatine have each won the league three times since 1938. Three records seem certain to be smashed when Nielson puts the shot and Good runs the 880 and mile. These Antioch stars have been making records far in excess of the league marks and are cinch first place winners in the three events named. Nielsen put the shot 48 feet in the district meet and Good ran the half in 2:04.5. He recently ran the mile in 4:49 in the Lake County meet. The Northwest mark in the shot is 44' 11", the 880 is 2:09 and the mile 4:57. Dan Jones of Antioch will win the high hurdles without much close competition and will probably take the low hurdles as well and battle it out with Howes of Palatine for the pole vault championship.

Bennett of Barrington should win both the 100 and 220 yard dashes with chief competition coming from Olenicki of Bensenville. They are expected to be the top men in the broad jump as well. Rose of Palatine should win the discus and Weinacht the high jump. Trieger of Antioch may win the 440 as this event has not shown up very strong and no one has bettered his mark against Palatine recently. It looks like Antioch would win 30 or 35 points just on first places. Palatine must win seconds and fourth in the events where the Sequoits take the firsts to keep pace with them and they might do it. Palatine appears strong enough to place two men in the 880, mile, high hurdles, pole vault, shot, and discus and they expect to win the freshman and the medley relays.

Arlington takes third straight, beats Leyden

In a game that contained many errors, due principally to the playing field, Arlington outpointed Leyden 8 to 3 Friday afternoon. The hard ball diamond did not dry out sufficiently to play last Friday so the game was shunted over to the soft-ball court. A sharp rise in front of third base and a low roll in front of shortstop made fielding of balls hit in that direction a very uncertain matter. Leyden's third baseman and shortstop made a total of five errors and Arlington's third baseman and shortstop accounted for three.

Three members of the varsity were taking a navy physical examination (Brumm, Holtz and Crawford) and Al Stroker caught a ball on the end of a finger in the beginning of the third inning, causing his removal from the game. However, the man power shortage did not turn out to be too acute as the sustitutes did a fine job; Griffith got one hit in three times at bat and scored two runs, Krueger got one of the two doubles Arlington hit and Dahlstrom got the other one. In the absence of Jim Holtz, Gail Bach was moved up to the second slot in the batting order and responded by cracking out 3 singles in 4 times at bat. Although "Oz" Aldrich struck out with the bases loaded in the fifth inning, he wound up with three hits in four tries.

Voss of Leyden along with Gagula of Waukegan rate as the best catchers and hitters that the Cards have seen this season. With the exception of the fifth inning, when the Cards collected five hits, Lofgren pitched a good game; his "underhand-sidearm" cross-fire had the Arlington boys handcuffed for the first four innings.

This is the third straight win for Arlington's Cards.

Bison nine whips Ela and Barrington

Bensenville's undefeated Bisons won their third and fourth straight league baseball games last week by whipping Ela 6-5 and Barrington 3-1. In both games the steady pitching of freshman Bob Thollander was outstanding. The Bensenville mound ace has fanned 48 batters in 27 innings of pitching this season.

Trailing Ela most of the game the Bisons scored three times in the last of the sixth to shade the Bears 6-5. Ela had jumped into a 4-0 lead in the first inning as Bensenville errors contributed to the scoring. It was a cold day and once Thollander got his arm warmed up the Ela team was held well in check. Thollander had 14 strikeouts and Ladd of Ela whiffed 10. Ladd got three hits and Hapke and Chamberlain hit safely twice apiece for Ela. Robertson, Webb, and Helms each got two safe blows for Bensenville.

Thollander had the better of a mound duel with Gaulke of Barrington last Friday and the Bisons won 3-1. Thollander held the Bronchos to four hits, all of which were made in the fourth inning, but produced but one run. Gaulke was ouched for nine hits, Robertson and Vuglar each getting a pair. All Bensenville's runs were scored in the last of the fourth after Barrington had scored. Thollander and Gaulke each had 10 strikeouts.

SUES FOR DAMAGES

Max Krug has sued William F. Goettsche in Superior court for $15,000 damages for injuries he claims to have sustained March 27 in an automobile accident on Milwaukee avenue, between Ballard and Golf roads. Krug was driving south and Goettsche north. It is alleged the latter ran into the Krug car and injured Krug seriously.

A Comprehensive Review and Analysis of the Sports News of the Week

GERALD A. McELROY

It is on to Champaign for John Rose of Palatine and Stuart Good and Louis Nielsen of Antioch, who qualified in the Evanston district track meet last Saturday. Rose got second in the discus with a throw of 134 feet and broke the district record of 133 feet along with Ely of New Trier, who won the event with a mark of 140 feet. When Ely got off his long throw on his final attempt to pass up Rose it was the first time the big Palatine boy had been defeated in his pet event this year.

Three Antioch boys score 11 points in district

Stewart Good of Antioch won the Evanston district half mile with a 2:04.5 effort, the best half ever run by a boy from the present Northwest conference. Louis Nielsen of Antioch took fourth in both shot and discus but his shot put was over the 47 foot requirement to qualify for the state meet. Jones, Antioch's sophomore flash, scored a fourth in the high hurdles. Antioch scored 11 points to finish sixth out of 11 schools. Palatine's four placed the Pirates in a tie with Arlington for seventh ahead of Libertyville, Lake Forest, and Niles of the Northeast loop.

Miller and Kamps tie for third in high jump

Grinnell of Libertyville who tied with three others for first in the pole vault was the only Northeast athlete to qualify at Evanston. Arlington's Miller and Kamps tied for third in the high jump at 5 feet 6 inches. Stiles of Lake Forest placed fifth in the shot. Down at the Proviso District meet Barnes of Leyden got into the points with a second in the discus to qualify for the state meet with a throw of 125 feet. Crystal Lake scored 22 points in the Rockford District but who qualified for the state is unknown at this writing. Harold Legel, district winner in the discus last year was a pretty certain first place winner.

Palatine relays winners repeat in district

A number of boys who did well in the Palatine Relays will go to the state meet. Birch of Geneva was a double winner in the sprints at the Aurora district. He won the Palatine Relays 100 yard dash. Hatten of Mooseheart, Morrison and Shifler of Naperville ran one, two three in the district, same as they did at Palatine two weeks ago. Hatten ran the mile in 4:38 last week. Bergeson of Batavia who won the shot at the relays also captured first at Aurora.

List best district marks in Chicago area

Best district marks in this area were Ely of New Trier's 54 ft 4½ inches for a district shot record at Evanston, Mack of Argo's 4:27 mile at Proviso, New Trier's relay mark of 1:32.6, the :09.9 in the 100 and :22.1 in the 220 by Peters of Blue Island, the 1:58.3 in the 880 by Callinan of Wheaton and the 2:00 by Agner of Oak Park in the same event, and :14.9 by Warfield of New Trier in the high hurdles. Ely of New Trier with 140 and Rose of Palatine with 134 were top in discus in the Chicago area.

Most profitable basketball season on record

The state sponsored tournaments in Illinois this year were so well attended this year that the State High School Association was able to pay the highest per game bonus in the history of the organization. Each team received $18 for every tournament game played out of the state fund. In addition teams received shares of the profits from each tournament in which they participated. Palatine, playing just one game in the profitable Dundee Regional got a check for $73 from the state association in addition to travel expenses. There was more money in it than playing three district games. The year before the state bonus was $15 a game which also was a record. This year the state tournaments paid a total of over $33,000 in taxes to the federal treasury.

Change in basketball rules

We are a long way from the basketball season but it is not too early to note that action has been taken to stop the wholesale substituting in the closing minutes of a game practiced by some coaches to save time. Last year the rules were changed to allow unlimited substitution and many coaches certainly interpreted the rule literally and so abused the opportunity that now it has been restricted. The new rule does not allow a boy to re-enter the game who is taken out in the final four minutes of play though he might re-enter in the overtime if a tie score should result

The payoff for hard work comes to John Rose

The chance to go to the state track meet won by John Rose of Palatine who threw the discus 134 feet in the district meet was a well merited reward. Last spring in this column we called attention to Rose as a boy who had possibilities and was certainly working in a way to realize the most from his ability. He has been a weight man who takes his laps on the track without having to be told and as most of the boys say is the best worker on the Palatine squad. Hard work, determination, and interest in doing one's best has its just reward and Rose is receiving it. His example should be followed by other Palatine boys. Rose, who is only 16 years old, is going to Notre Dame next year and we predict he will be a letter winner down there if he keeps going and we have every faith in him doing that.

Bisons and Cardinals lead their leagues

In a season filled with postponments and little chance to practice Arlington's Cardinals stay out in front in the Northeast with an unblemished conference record and Bensenville's Bisons are doing the same in the Northwest. It is a little too much to expect either to go through undefeated, though they might, but with a game edge on their nearest rivals both are odds on favorites to win the championships. If Bensenville turns the trick it will be three major titles for Coach Meneguin's teams this year, a record not equaled since Warren did it way back in about 1930 in the old Northwest loop.

Oak Park or New Trier will win state meet

All the sport dopesters pick either Oak Park or New Trier to win the state meet at Champaign Saturday. We think New Trier will do it with Ely winning the shot and taking third in the discus for eight points, Warfield winning the high hurdles and second in the lows for nine points, and Collins picking up about four points in the dashes. Then New Trier has a good quarter miler and a relay team that should do no worse than third and might win as it made the best time recorded in the district. It looks like about 25 points for the Terriers and only Oak Park can come close to that total.

N. W. conference meet Wednesday

Palatine will be host to the conference meet Wednesday starting at 6:00 p. m. While Antioch has more first place possibilities we think that Palatine's man power will win the meet for them. With Bensenville and Barrington having very limited squads the Pirates should beat Antioch by winning more thirds, fourths, and fifths than Antioch can collect. Palatine has so many more capable squad members that they should win the relays as boys are limited to a total of three events.

Palatine mauls B'ville varsity and frosh-sophs

Palatine handed Bensenville the worst pair of track defeats in the history of relations between the two schools last week when the varsity defeated the Bisons 86-27 and the Frosh-Sophs won 87-15. Bensenville's squad has been badly depleted by the inroads of baseball and had only five boys competing for the varsity and the same number for the frosh-sophs.

For Palatine's varsity Moody scored 18½ points and LeBaron 10½ and for the frosh-sophs the leaders were LeBaron 15¼, Stevenson 12¼, and Henker 11. In the varsity section Palatine made a slam in the 880, mile, high jump, pole vault, and discus throw. Olenicki was high for Bensenville, getting three first places in the varsity meet for 15 points while Ernsting scored eight for a two man total of 23 of the Bisons' 27 points. Marks in all events were below standard.

Crystal Lake tops Arlington in triangular

Arlington lost a close triangle triangular track meet to Crystal Lake on the Lakers' field last week, Wednesday, 70½ to 64½. Dundee, third school entered in the meet, tallied 17 points.

Miller led the Cardinal squad with 12 points, gaining a 1st in the high hurdles, tie for 1st place in the high jump, and 2nd in the low hurdles. Only other first place for the local team was the Frosh-Soph relay team which ran a .49 quarter.

Arlington fared strong in seconds, however, to keep even with the Lakers, taking all but two, the high hurdles and shot put. Magnus and P. McDonald scored 6 3-4 for the locals.

Clarke and Reddersdorf led the winners with 11¼ points each, with Legal close behind with 9¼. Only 1st for Dundee was garnered by Unruh in the low hurdles, who also took a 3rd and 4th for 8 of the tailenders' 17 points.

It Happened Here

Written on V-E Day: "For, lo, the winter is past, the rain is over and gone; the time of the singing of birds is come and the voice of the turtle is heard in our land; the fig trees and the vines with the tender grape give a good smell." At this season, our arable acres are being stirred and worked prodigously, etched and graved by plow and harrow, drill and planter and disc in the ancient farm pattern. An English poet wrote some years ago: "The ship, the chariot, the plow, these three are, I suppose, the most sovereign beautiful things which man has made in his time . . . All are without parallel in nature, wrought out of his own brain by unaided man; and yet, during their life, worthy of their beauty, their purpose and their motion to challenge anything made by the gods on the earth or in the sea . . . And they are very old . . . And the greatest of these is the plow. It is without pride and also without vanity. The ship and the chariot have sometimes tried to conceal their ancient simplicity, tho they have never done without it. But the plow is the same—in shape like a running hound, with tail uplifted and muzzle bowed to the scent." Now let a delicate seismograph record the earth tremors as the plow bites in.

Antioch and Palatine are favorites in Northwest conf. meet Wednesday

The seventh Northwest Conference meet since the league reorganized in 1938 is coming up Wednesday at Palatine's field at 6:00 p. m. Antioch and Palatine are favored to battle it out for first honors in a hotly contested meet. Antioch nosed out the Pirates recently in a dual meet and has some outstanding stars in Nielsen, Good and Jones.

This year a total of six schools will enter the meet including Barrington, Bensenville, Northbrook, Wauconda and the favored Antioch and Palatine squads. Bensenville and Palatine have each won the league three times since 1938. Three records seem certain to be smashed when Nielson puts the shot and Good runs the 880 and mile. These Antioch stars have been making records far in excess of the league marks and are cinch first place winners in the three events named. Nielsen put the shot 48 feet in the district meet and Good ran the half in 2:04.5. He recently ran the mile in 4:49 in the Lake County meet. The Northwest mark in the shot is 44' 11", the 880 is 2:09 and the mile 4:57. Dan Jones of Antioch will win the high hurdles without much close competition and will probably take the low hurdles as well and battle it out with Howes of Palatine for the pole vault championship.

Bennett of Barrington should win both the 100 and 220 yard dashes with chief competition coming from Olenicki of Bensenville. They are expected to be the top men in the broad jump as well. Rose of Palatine should win the discus and Weinacht the high jump. Trieger of Antioch may win the 440 as this event has not shown up very strong and no one has bettered his mark against Palatine recently. It looks like Antioch would win 30 or 35 points just on first places. Palatine must win seconds and fourth in the events where the Sequoits take the firsts to keep pace with them and they might do it. Palatine appears strong enough to place two men in the 880, mile, high hurdles, pole vault, shot, and discus and they expect to win the freshman and the medley relays.

Arlington takes third straight, beats Leyden

In a game that contained many errors, due principally to the playing field, Arlington outpointed Leyden 8 to 3 Friday afternoon. The hard ball diamond did not dry out sufficiently to play last Friday so the game was shunted over to the soft-ball court. A sharp rise in front of third base and a low roll in front of shortstop made fielding of balls hit in that direction a very uncertain matter. Leyden's third baseman and shortstop made a total of five errors and Arlington's third baseman and shortstop accounted for three.

Three members of the varsity were taking a navy physical examination (Brumm, Holtz and Crawford) and Al Stroker caught a ball on the end of a finger in the beginning of the third inning, causing his removal from the game. However, the man power shortage did not turn out to be too acute as the sustitutes did a fine job; Griffith got one hit in three times at bat and scored two runs, Krueger got one of the two doubles Arlington hit and Dahlstrom got the other one. In the absence of Jim Holtz, Gail Bach was moved up to the second slot in the batting order and responded by cracking out 3 singles in 4 times at bat. Although "Oz" Aldrich struck out with the bases loaded in the fifth inning, he wound up with three hits in four tries.

Voss of Leyden along with Gagula of Waukegan rate as the best catchers and hitters that the Cards have seen this season. With the exception of the fifth inning, when the Cards collected five hits, Lofgren pitched a good game; his "underhand-sidearm" cross-fire had the Arlington boys handcuffed for the first four innings.

This is the third straight win for Arlington's Cards.

Bison nine whips Ela and Barrington

Bensenville's undefeated Bisons won their third and fourth straight league baseball games last week by whipping Ela 6-5 and Barrington 3-1. In both games the steady pitching of freshman Bob Thollander was outstanding. The Bensenville mound ace has fanned 48 batters in 27 innings of pitching this season.

Trailing Ela most of the game the Bisons scored three times in the last of the sixth to shade the Bears 6-5. Ela had jumped into a 4-0 lead in the first inning as Bensenville errors contributed to the scoring. It was a cold day and once Thollander got his arm warmed up the Ela team was held well in check. Thollander had 14 strikeouts and Ladd of Ela whiffed 10. Ladd got three hits and Hapke and Chamberlain hit safely twice apiece for Ela. Robertson, Webb, and Helms each got two safe blows for Bensenville.

Thollander had the better of a mound duel with Gaulke of Barrington last Friday and the Bisons won 3-1. Thollander held the Bronchos to four hits, all of which were made in the fourth inning, but produced but one run. Gaulke was ouched for nine hits, Robertson and Vuglar each getting a pair. All Bensenville's runs were scored in the last of the fourth after Barrington had scored. Thollander and Gaulke each had 10 strikeouts.

SUES FOR DAMAGES

Max Krug has sued William F. Goettsche in Superior court for $15,000 damages for injuries he claims to have sustained March 27 in an automobile accident on Milwaukee avenue, between Ballard and Golf roads. Krug was driving south and Goettsche north. It is alleged the latter ran into the Krug car and injured Krug seriously.

A Comprehensive Review and Analysis of the Sports News of the Week

GERALD A. McELROY

It is on to Champaign for John Rose of Palatine and Stuart Good and Louis Nielsen of Antioch, who qualified in the Evanston district track meet last Saturday. Rose got second in the discus with a throw of 134 feet and broke the district record of 133 feet along with Ely of New Trier, who won the event with a mark of 140 feet. When Ely got off his long throw on his final attempt to pass up Rose it was the first time the big Palatine boy had been defeated in his pet event this year.

Three Antioch boys score 11 points in district

Stewart Good of Antioch won the Evanston district half mile with a 2:04.5 effort, the best half ever run by a boy from the present Northwest conference. Louis Nielsen of Antioch took fourth in both shot and discus but his shot put was over the 47 foot requirement to qualify for the state meet. Jones, Antioch's sophomore flash, scored a fourth in the high hurdles. Antioch scored 11 points to finish sixth out of 11 schools. Palatine's four placed the Pirates in a tie with Arlington for seventh ahead of Libertyville, Lake Forest, and Niles of the Northeast loop.

Miller and Kamps tie for third in high jump

Grinnell of Libertyville who tied with three others for first in the pole vault was the only Northeast athlete to qualify at Evanston. Arlington's Miller and Kamps tied for third in the high jump at 5 feet 6 inches. Stiles of Lake Forest placed fifth in the shot. Down at the Proviso District meet Barnes of Leyden got into the points with a second in the discus to qualify for the state meet with a throw of 125 feet. Crystal Lake scored 22 points in the Rockford District but who qualified for the state is unknown at this writing. Harold Legel, district winner in the discus last year was a pretty certain first place winner.

Palatine relays winners repeat in district

A number of boys who did well in the Palatine Relays will go to the state meet. Birch of Geneva was a double winner in the sprints at the Aurora district. He won the Palatine Relays 100 yard dash. Hatten of Mooseheart, Morrison and Shifler of Naperville ran one, two three in the district, same as they did at Palatine two weeks ago. Hatten ran the mile in 4:38 last week. Bergeson of Batavia who won the shot at the relays also captured first at Aurora.

List best district marks in Chicago area

Best district marks in this area were Ely of New Trier's 54 ft 4½ inches for a district shot record at Evanston, Mack of Argo's 4:27 mile at Proviso, New Trier's relay mark of 1:32.6, the :09.9 in the 100 and :22.1 in the 220 by Peters of Blue Island, the 1:58.3 in the 880 by Callinan of Wheaton and the 2:00 by Agner of Oak Park in the same event, and :14.9 by Warfield of New Trier in the high hurdles. Ely of New Trier with 140 and Rose of Palatine with 134 were top in discus in the Chicago area.

Most profitable basketball season on record

The state sponsored tournaments in Illinois this year were so well attended this year that the State High School Association was able to pay the highest per game bonus in the history of the organization. Each team received $18 for every tournament game played out of the state fund. In addition teams received shares of the profits from each tournament in which they participated. Palatine, playing just one game in the profitable Dundee Regional got a check for $73 from the state association in addition to travel expenses. There was more money in it than playing three district games. The year before the state bonus was $15 a game which also was a record. This year the state tournaments paid a total of over $33,000 in taxes to the federal treasury.

Change in basketball rules

We are a long way from the basketball season but it is not too early to note that action has been taken to stop the wholesale substituting in the closing minutes of a game practiced by some coaches to save time. Last year the rules were changed to allow unlimited substitution and many coaches certainly interpreted the rule literally and so abused the opportunity that now it has been restricted. The new rule does not allow a boy to re-enter the game who is taken out in the final four minutes of play though he might reenter in the overtime if a tie score should result

The payoff for hard work comes to John Rose

The chance to go to the state track meet won by John Rose of Palatine who threw the discus 134 feet in the district meet was a well merited reward. Last spring in this column we called attention to Rose as a boy who had possibilities and was certainly working in a way to realize the most from his ability. He has been a weight man who takes his laps on the track without having to be told and as most of the boys say is the best worker on the Palatine squad. Hard work, determination, and interest in doing one's best has its just reward and Rose is receiving it. His example should be followed by other Palatine boys. Rose, who is only 16 years old, is going to Notre Dame next year and we predict he will be a letter winner down there if he keeps going and we have every faith in him doing that.

Bisons and Cardinals lead their leagues

In a season filled with postponments and little chance to practice Arlington's Cardinals stay out in front in the Northeast with an unblemished conference record and Bensenville's Bisons are doing the same in the Northwest. It is a little too much to expect either to go through undefeated, though they might, but with a game edge on their nearest rivals both are odds on favorites to win the championships. If Bensenville turns the trick it will be three major titles for Coach Meneguin's teams this year, a record not equaled since Warren did it way back in about 1930 in the old Northwest loop.

Oak Park or New Trier will win state meet

All the sport dopesters pick either Oak Park or New Trier to win the state meet at Champaign Saturday. We think New Trier will do it with Ely winning the shot and taking third in the discus for eight points, Warfield winning the high hurdles and second in the lows for nine points, and Collins picking up about four points in the dashes.

Then New Trier has a good quarter miler and a relay team that should do no worse than third and might win as it made the best time recorded in the district. It looks like about 25 points for the Terriers and only Oak Park can come close to that total.

N. W. conference meet Wednesday

Palatine will be host to the conference meet Wednesday starting at 6:00 p. m. While Antioch has more first place possibilities we think that Palatine's man power will win the meet for them. With Bensenville and Barrington having very limited squads the Pirates should beat Antioch by winning more thirds, fourths, and fifths than Antioch can collect. Palatine has so many more capable squad members that they should win the relays as boys are limited to a total of three events.

Purple Heart

Award of the Purple Heart to Pfc. Leo Plumhoff of Palatine was announced recently. Leo was wounded January 23 in Belgium, was hospitalized two months, and then returned to the front lines.

Pfc. Plumhoff is a member of the 17th air borne division, serving under General Patton. He entered service in the summer of '43, going overseas last September. He serves in the parachute field artillery.

His address is Pfc. Leo R. Plumhoff, 36677384, APO 452, % PM, New York, N. Y.

Louisiana

Now at Monroe, Louisiana, after leaving Midland, Texas, is Dave Wilson of Arlington Heights. His address is Lt. D. E. Wilson, Bomb Redeployment School, Box 2426, Selman Field, Monroe, La.

Eniwetok

Now a Petty Officer, 3rd class, is Joe Smart of Arlington Heights. Joe is a radioman aboard an LSM and received his new rate May 1. At last reports he is stationed at Eniwetok in the Marshalls.

Service son is bond drive prize to father

Strange things have happened in this war, many terrible, many wonderful. One of the latter variety happened in Chicago last week when the largest of the six Wieboldt stores opened the seventh war bond drive with a rally for its employes. The rally was held before the store opened for the day, and employes, all down an hour early, jammed the cafeteria. As each entered he tossed his name into a box at the door. From it two names would be drawn.

The two door prizes stood on the stage, a focus for wondering, hopeful eyes, as speeches were made about the drive. Each seemed to be a tremendous packing box done up in heavy brown paper. They looked as tho they might contain refrigerators or, possibly, something as rare in war time as a new electric stove. No one could really believe they were refrigerators or stoves, but still . . .

At last the time for the drawing came. The first name called was that of an elderly clerk in men's wear, George Matthei, formerly of Palatine. The other was that of Jennie Sullivan, a salesgirl. The master of ceremonies beamed at them as they hurried up, considerably flurried, to receive their prizes. "There they are," he said, indicating the big boxes. "If you like them, you can keep them. If you don't, you can trade them in for something else in the store." He rubbed his head for a minute, as tho undecided which prize to give to whom. Finally, turning to the girl, he said, "You take that one," and, to the gray haired man, "The other is yours. I suggest you tear a bit of the paper off to see if you like it."

The girl rather shyly punched a hole in hers. Out popped the tanned, smiling face of an army private. She screamed. So did her fellow workers. It was her husband, Joseph, who presumably was in camp in Florida. The equally smiling face of another army private had popped out of the other. It was Matthei's son, Francis, who presumably was in New Mexico.

A marine back from the Pacific who thinks he is tough told us about it. "There wasn't a dry eye in the place," he said. "It was one of the most beautiful things I've ever seen."

Deadline

Deadline for news for With Uncle Sam is Tuesday at 5 of each week. Pictures, letters or news of servicemen should be mailed or called direct to the publication office. Cooperation of the folks at home is sought to make a bigger and better With Uncle Sam.

England

From England comes word of John Tkach of Wood Dale.

"I just received two copies of the DuPage Register today at mail call and I was very glad and happy to read the news about Wood Dale and Bensenville.

intended to write sooner and tel you that I enjoy reading and receiving the DuPage Register whenever I receive it. Your paper makes me feel as if I am home again when I read the news, want ads and auction sales.

"I also wish to thank you for helping me locate one of my buddies, Kurt Moehling. I saw his name and address in your paper a few weeks ago. I wish that I could write "battle dope" but am not at liberty to do so.

"The last time I made my appearance in your paper was when I was on my way across the ocean in September, 1944. I had a nice trip across. I was very happy when we sighted land and happier yet when my feet were on the ground.

"In the short time I have been here I have visited many old English villages on my off duty days. The countryside is very picturesque and in many places you feel that you are back in the days of King Arthur. I have seen many cathedrals and some of them date back to the 11th century.

"The soldiers and sailors have made the English girls jitterbug conscious. The American Red Cross has some fine clubs here in several towns and a person can really enjoy all the things they have to offer such as bicycle riding, horseback riding, fishing, meals, dances and sightseeing trips. I wish that I were able to tell you more about these towns but I can not, due to censorship regulations.

"In the nine months I have been here I have enjoyed good wholesome navy meals and good health, although I would rather be back in Wood Dale enjoying home cooked meals and the company of my lovely wife and daughter."

His address is S1c John Tkach, % FPO, New York, N. Y.

Wounded aid man recovering in England

Hit in the left leg by machine gun fire from an enemy tank while he was escorting wounded men to an aid station during a German counter-attack near Marche, Belgium, Private Roman A. Raupp, 29, of Prairie View, is now recovering at a United States Army general hospital in England.

"My company had driven the Germans out of a small town and were fighting on one side of it," Pvt. Raupp said. "The company headquarters and aid station were located on the other side of the town. Some of our men had been wounded slightly and my squad leader and myself went to escort them to the aid station for treatment.

"It was dark but the main intersection inside the town was illuminated by fire from a burning building. We had to cross that intersection to get to the aid station. As we did so, a German tank which had come out of a nearby wood and taken up a position on the outskirts, from which he could dominate the intersection, opened fire, and I was hit.

"I managed to get into the cover of the building and the others got away, trying to get some medical help. However, the fire from the tank made it impossible for anyone to reach me until the tank finally developed engine trouble and had to move off. I was then taken back on an improvised litter to the aid station. There I received emergency treatment and was flown later to England."

"Pvt. Raupp is making excellent progress but will require additional treatment," said his war surgeon, Captain John R. West of New York. He has been awarded the Purple Heart.

His wife, Mrs. Selma Raupp, lives at 4171 West Nelson street, Chicago. He is the son of Mr. and Mrs. Alois Raupp of Prairie View.

Washington D. C.

From Washington, D. C., comes word of John Dziadula, Palatine.

"I am now on the rifle range near Washington, D. C. Next week I am going to fire the Garand rifle for record.

"As you have heard, I was one of the honor guards at President Roosevelt's funeral. I stood eight feet from the coffin while the body lay in state in the White House.

"I really got a workout that day. At one time I held a salute 35 minutes without bringing down my hand from my forehead.

"I still like to hear the news. What's new in Palatine?"

His address is Pfc. John Dziadula, Marine Barracks, 8th and Eye sts., S. E., Washington 25, D. C.

Oklahoma

Changing his address at Fort Sill, Oklahoma, is Elmer Herrick of Arlington Heights.

"Have just been moved across the street and am now working in the classification section of a large office. Don't know how long I'll stay here, but I'll keep you posted."

His address is Cpl. Elmer Herrick, Btry C 664 FA Bn, Ft. Sill, Oklahoma.

Home on furlough from Camp Gruber, Oklahoma, was T-4 Edward Peters of Arlington Heights. His furlough expired May 14.

Discharged

Ray Radler, formerly of Mt. Prospect and now of Prospect Heights, has been discharged from the army. He was wounded in France.

Georgia

Pvt. William D. Stockdale, son of Mr. and Mrs. Don Stockdale of 610 S. State rd., Arlington Heights, has won the right to wear the "Boots and Wings" of the United States Army Paratroops. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night involving a combat problem on landing.

Jumping at the Parachute School at Ft. Benning, Georgia, has been steadily developed to a recognized war science. American Paratroopers have been recognized throughout the world for their meritorious actions against the enemy.

In addition to producing jumpers, Parachute Specialist Training is given to qualified men in Communications, Demolition, Riggers and Parachute Maintenance, vital skills for Airborne Troops.

They looked as tho they might contain refrigerators or, possibly, something as rare in war time as a new electric stove. No one could really believe they were refrigerators or stoves, but still . . .

At last the time for the drawing came. The first name called was that of an elderly clerk in men's wear, George Matthei, formerly of Palatine. The other was that of Jennie Sullivan, a salesgirl. The master of ceremonies beamed at them as they hurried up, considerably flurried, to receive their prizes. "There they are," he said, indicating the big boxes. "If you like them, you can keep them. If you don't, you can trade them in for something else in the store." He rubbed his head for a minute, as tho undecided which prize to give to whom. Finally, turning to the girl, he said, "You take that one," and, to the gray haired man, "The other is yours. I suggest you tear a bit of the paper off to see if you like it."

The girl rather shyly punched a hole in hers. Out popped the tanned, smiling face of an army private. She screamed. So did her fellow workers. It was her husband, Joseph, who presumably was in camp in Florida. The equally smiling face of another army private had popped out of the other. It was Matthei's son, Francis, who presumably was in New Mexico.

A marine back from the Pacific who thinks he is tough told us about it. "There wasn't a dry eye in the place," he said. "It was one of the most beautiful things I've ever seen."

Deadline

Deadline for news for With Uncle Sam is Tuesday at 5 of each week. Pictures, letters or news of servicemen should be mailed or called direct to the publication office. Cooperation of the folks at home is sought to make a bigger and better With Uncle Sam.

England

From England comes word of John Tkach of Wood Dale.

"I just received two copies of the DuPage Register today at mail call and I was very glad and happy to read the news about Wood Dale and Bensenville.

intended to write sooner and tel you that I enjoy reading and receiving the DuPage Register whenever I receive it. Your paper makes me feel as if I am home again when I read the news, want ads and auction sales.

"I also wish to thank you for helping me locate one of my buddies, Kurt Moehling. I saw his name and address in your paper a few weeks ago. I wish that I could write "battle dope" but am not at liberty to do so.

"The last time I made my appearance in your paper was when I was on my way across the ocean in September, 1944. I had a nice trip across. I was very happy when we sighted land and happier yet when my feet were on the ground.

"In the short time I have been here I have visited many old English villages on my off duty days. The countryside is very picturesque and in many places you feel that you are back in the days of King Arthur. I have seen many cathedrals and some of them date back to the 11th century.

"The soldiers and sailors have made the English girls jitterbug conscious. The American Red Cross has some fine clubs here in several towns and a person can really enjoy all the things they have to offer such as bicycle riding, horseback riding, fishing, meals, dances and sightseeing trips. I wish that I were able to tell you more about these towns but I can not, due to censorship regulations.

"In the nine months I have been here I have enjoyed good wholesome navy meals and good health, although I would rather be back in Wood Dale enjoying home cooked meals and the company of my lovely wife and daughter."

His address is S1c John Tkach, % FPO, New York, N. Y.

Wounded aid man recovering in England

Hit in the left leg by machine gun fire from an enemy tank while he was escorting wounded men to an aid station during a German counter-attack near Marche, Belgium, Private Roman A. Raupp, 29, of Prairie View, is now recovering at a United States Army general hospital in England.

"My company had driven the Germans out of a small town and were fighting on one side of it," Pvt. Raupp said. "The company headquarters and aid station were located on the other side of the town. Some of our men had been wounded slightly and my squad leader and myself went to escort them to the aid station for treatment.

"It was dark but the main intersection inside the town was illuminated by fire from a burning building. We had to cross that intersection to get to the aid station. As we did so, a German tank which had come out of a nearby wood and taken up a position on the outskirts, from which he could dominate the intersection, opened fire, and I was hit.

"I managed to get into the cover of the building and the others got away, trying to get some medical help. However, the fire from the tank made it impossible for anyone to reach me until the tank finally developed engine trouble and had to move off. I was then taken back on an improvised litter to the aid station. There I received emergency treatment and was flown later to England."

"Pvt. Raupp is making excellent progress but will require additional treatment," said his war surgeon, Captain John R. West of New York. He has been awarded the Purple Heart.

His wife, Mrs. Selma Raupp, lives at 4171 West Nelson street, Chicago. He is the son of Mr. and Mrs. Alois Raupp of Prairie View.

Washington D. C.

From Washington, D. C., comes word of John Dziadula, Palatine.

"I am now on the rifle range near Washington, D. C. Next week I am going to fire the Garand rifle for record.

"As you have heard, I was one of the honor guards at President Roosevelt's funeral. I stood eight feet from the coffin while the body lay in state in the White House.

"I really got a workout that day. At one time I held a salute 35 minutes without bringing down my hand from my forehead.

"I still like to hear the news. What's new in Palatine?"

His address is Pfc. John Dziadula, Marine Barracks, 8th and Eye sts., S. E., Washington 25, D. C.

Oklahoma

Changing his address at Fort Sill, Oklahoma, is Elmer Herrick of Arlington Heights.

"Have just been moved across the street and am now working in the classification section of a large office. Don't know how long I'll stay here, but I'll keep you posted."

His address is Cpl. Elmer Herrick, Btry C 664 FA Bn, Ft. Sill, Oklahoma.

Home on furlough from Camp Gruber, Oklahoma, was T-4 Edward Peters of Arlington Heights. His furlough expired May 14.

Discharged

Ray Radler, formerly of Mt. Prospect and now of Prospect Heights, has been discharged from the army. He was wounded in France.

Georgia

Pvt. William D. Stockdale, son of Mr. and Mrs. Don Stockdale of 610 S. State rd., Arlington Heights, has won the right to wear the "Boots and Wings" of the United States Army Paratroops. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night involving a combat problem on landing.

Jumping at the Parachute School at Ft. Benning, Georgia, has been steadily developed to a recognized war science. American Paratroopers have been recognized throughout the world for their meritorious actions against the enemy.

In addition to producing jumpers, Parachute Specialist Training is given to qualified men in Communications, Demolition, Riggers and Parachute Maintenance, vital skills for Airborne Troops.

With many pictures you can pick up the thread of the story even if you should happen to come in after the start.

But "Guest in the House" is so unusual, so filled with dramatic twists and turns, its climax is so astonishing, that only when you have seen it unfold from the beginning can you enjoy the full emotional impact and excitement.

So, for your own sake, we urge you, if possible, to be in your seat at the start of the film - The starting times are 7:30 and 9:30 p. m. each evening.

The Editor's Scratch Pad

Seems as how the servicemen like With Uncle Sam . . . even their folks read it . . . Some of them even write and tell us . . . Others just sit back and read it . . . Wish all would cooperate and give the boys what they want . . . Seems as though a lot of the boys enjoy reading about the guys they knew back home . . . Yet many of them refuse to drop us a line . . . Wonder how come . . .

A lot of those guys are going to quit getting the paper unless they do write . . . the navy is cutting out all unnecessary mailing . . . they say they want a written record that the men in the navy, marines and coast guard WANT the paper . . . In fact, after July 1 no new or renewal subscriptions can be made without that written request from the boys themselves . . . Their folks or any organization can pay for it . . . But we've got to have a written request on file in case of renewals OR new subscriptions for any of the three groups . . . Doesn't affect present subscriptions until they expire . . . better check your dates, men . . . Doesn't affect the army . . .

Another thing . . . A lot of boys are being discharged . . . More in the future . . . All servicemen are entitled to receive the unexpired term of their subscription at their home . . . Or it may be added to that of the folks . . . But we can't change those papers unless we hear from the family that they are discharged . . . Keep those changes up to date . . . In case of death in action, families of those lost are entitled to the unexpired portion . . .

V-E day has passed, but we're still in there pitching for the guys in the Pacific, as well as those left in Europe . . . But we've got to have cooperation now more than ever to keep WUS at its present level . . . You guys in service just gotta write . . . Ask your folks if you haven't got the time . . . But let's hear from you . . .

Philippines

From the Philippines comes word of Russell Welden of Palatine.

"Just a line to let you know I am now in the Philippines. Would like to say hello to all my friends and neighbors in Palatine. Also, notice that my subscription has run out. Please renew it for a year.

"Am still on a floating dry dock on which I left the States December 2, 1944. Spent some time in Colon, Panama City was very interesting. Also spent 83 days at sea after leaving Panama. It sure was a long stretch without news from home or mail of any kind. It was a treat to get mail again after 3 months without it.

"At the present time I still stand Evaporator watches (Evaporator: device for distilling sea water to make fresh water for drinking). Have not been on dry land since Jan. 1, 1945. Probably won't get ashore for quite some time. Only excitment on the whole trip was when we ran into part of a big storm on the way over the last week out, but we managed to arrive ok, but minus some canvas on topside. I never want to see another storm like that one for a long while.

"Now we are quite busy setting up our dock which will handle the largest ships afloat in our Navy."

His address is R. E. Welden, MM2c, % FPO San Francisco, Calif.

From the Philippines comes word of A. H. Gerschefske of Palatine.

"I am still receiving the Palatine Enterprise every once in a while. They usually come in bunches. I came to this island on D-day and have been here ever since. The division has been in combat for over a hundred days now. They sure are giving us fellows a workout here.

"I sure would like to meet some fellows from around home out here. Well I guess I had better sign off for now and hit my foxhole for another night."

His address is Pfc. A. H. Gerschefske, 36644965, APO 6, % PM, San Francisco, Calif.

Dutch East Indies

Changing his address in the Dutch East Indies is Cpl. Alex Angeloff of Arlington Heights. His address is Cpl. Alex Angeloff, 36-028425, APO 159, % PM, San Francisco, Calif.

New Mexico

Now at Albuquerque, New Mexico, is Leonard Halter of Roselle. He was formerly stationed at Pueblo, California. His address is Cpl. Leonard Halter, Combat Crew Det, Kirtland Field, PO Box 232, Albuquerque, New Mexico.

Italy

From Italy comes word of Forrest Bass of Arlington Heights.

"I'm writing this letter from a hospital in Italy. I was awarded the Purple Heart for wounds received in action in Northern Italy fighting with the 10th Mountain Division.

"These Krauts are tough and they never give up until they run out of Ammo. Then they come running out calling Kamerade to the G. I.s. They know the war is over for them when they surrender.

"The first day my outfit pushed off an attack we were pinned down by mortars, machine guns, and artillery fire for a few hours. We had to just lay there on top of the ground and take it.

"The war is ending over here in Italy, but there are still a lot of Nazis we have to knock out before we can have any peace, even if Hitler is dead. My four years in the army will be up in June, first in the Aleutians and now in Italy."

His address is Pfc. Forrest Bass, 36039030, APO 345, % PM, New York, N. Y.

From Italy comes word of Merle Hartmann of Palatine, who is back in the hospital after being wounded again. He was hit in the leg this time.

"Am back in the hospital again, but the wounds aren't too serious. It feels good to be sleeping between sheets for a change, and on a real bed. I get everything I want or need from the Red Cross."

His address is T-Sgt. Merle E. Hartmann, 36005361, APO 345, % PM, New York, N. Y.

S-Sgt. Jack Haben of Wheeling writes from Italy that they are very busy using their bombers to evacuate the ground troops and finds the work very interesting. He says it may take several months and he hopes to get a furlough before being sent to the Pacific.

Connecticut

From New London, Connecticut, comes word of Ronald Hunt of Arlington Heights.

"Almost four weeks of the four months I have to put in here are gone.

"The station is very well run, the food is good and the instructors are good—but work!! Boy, I've never seen so much of it in my life.

"I'll be seeing you in August with a gold band on my sleeve, I hope! So far, my grades are all passing—I'll try to keep them up there."

His address is R. M. Hunt, Sect 5903E, USMSOS, New London, Conn.

Germany

From Germany comes word of Pvt. J. Kryzan of Bensenville. He is serving with the 5th division.

"Just writing to let you know I'm still all right. We are driving hard and pushing them back. In the last three weeks we got two to four hours of sleep and some nights no sleep at all. It is hard on us but it is better than to stop and give the Krauts a chance to build a strong defense line. I am somewhere deep in Germany and still going.

"We were the first infantry of the 3rd Army to cross the Rhine River. We crossed in assault boats. Everything was quiet until we were 3-4 across. Then, all hell broke loose. They threw every heavy artillery they had. There was a town about ½ mile on the other side—that was our objective.

"We did not get into it until early in the morning as it was full of snipers. We started to cross the river at 10 p. m. There was a bright moon and the next day was clear. When we got into town that morning some buildings were still burning. It was almost in total ruin.

"The Engineers started to build a bridge in the morning. It was also in the morning that the German air force came out in strength. They bombed and strafed us and tried to knock out the bridge. They would dive in suicide attempts. I saw one go into a dive and never pull out of it. He was one of the several that were shot down.

"When the war will be over I don't know but we didn't get the order to cease fire yet, and not until then and the last shot is fired will there be peace. I'll have to close cause we are about to jump off and tangle up with the Krauts again. The zero hour is near."

Pvt. Frank M. Koziol of Yale avenue, Rte. 1, Arlington Heights, has recently been assigned to the 399th Inf Regt of the 100th Infantry Division and is now serving with that organization on the Seventh Army front in southern Germany.

With his new assignment he has become a member of the famous "Century" Division, commanded by Major General Withers A. Burress of Richmond, Va.

The 100th entered combat in November and cracked the proposed German winter defensive line in the Voeges Mountains after only two weeks' front line experience. It then followed through to open up the key Saales Pass leading to the Alsatian Plain and Strasbourg.

Later, at the strongest point in the entire Maginot Line, the area around the town of Bitche, the Century Division pounded German troops in famous Fort Schiesseck for a full week and finally captured the heavy fortifications only to be forced to give them up again when the German counter-attack in Belgium caused a regrouping of Allied forces.

Three months later, after the 100th had earned a special commendation from Sixth Army Group Commander, Lt. Gen. Jacob L. Devers, for withstanding the major brunt of the Nazi January counter-offensive on the Seventh Army front, the division again attacked Bitche and its surrounding fortifications. This time the famous city fell before the smashing attack—the first time the citadel had even been taken by an attacking force in its 200-year history.

Following the capture of Bitche, the 100th went through the Siegfried Line, and made a two-day 100-mile dash across the Palatinate area to the Rhine River and Ludwigshafen. Crossing the famous German river, the 100th again took up the chase.

Philippines

Pictured in a metropolitan press scene of 33rd division cavalry troop on Luzon in the Philippines was T-5 Russell Davis of Arlington Heights. Russ has a smile on his face, indicating enjoyment in the brief rest accorded the troops.

Oscar Laurance, TM3c of Wheeling, is still somewhere in the Philippines, where temperatures are reaching 140 degrees in the shade. His mother was happy to receive his Mother's Day greeting of flowers.

From the Philippines comes word of Norman Pfortmiller of Roselle, who has just changed his address. His address is Staff Sgt. Norman Pfortmille, 36322588, APO 70, % PM, San Francisco, Calif.

From the Philippines comes word of Richard Taege of Arlington Heights. Richard writes that he is well, and states he writes all mail by candlelight at night.

Germany

Recently when the 28th division was storming across the Rhineland, they swept to the approaches of Blankenheimsdorf. The 112th's second battalion, under Lt. Col. George L. Macsalka, prepared to assault the town, and four MPs were assigned to handle prisoners.

"When we go to the outskirts of the city", said Pfc. Harold Moehling of Wilke rd., Arlington Heights, one of the quartet, "tanks were called up. Everyone scrambled aboard the nearest armor, and before we knew it the only one vacant was the lead tank."

Moehling and his buddy, Pfc. Bernard Bier, 324 Bloomfield st., Hoboken, N. J., crawled on top the armored vehicle and were followed by the other two members of the team.

"We were the spearhead on that task force," said Moehling. "We piled out on the upper end of the town and began searching for snipers. But before we could get very far the infantry began rounding them up and we were kept busy herding them after that."

Several captured Nazis, according to Moehling, reported that the German officers had commandeered all the available transportation and left the infantrymen to shift for themselves.

Oahu

From the island of Oahu comes word of Henry Thune of Arlington Heights.

"Just a few lines to thank you, and all of my friends for the 'traveling bank' gift. It sure came at a very appropriate time—you know, right at the end of the month—and I can truthfully say that I welcomed it with open arms. I'm sorry that I haven't written long ago to tell you that I'm feeling fine and that everything in this part of the world is well under control.

We've been having quite a bit of rain lately which isn't too hard to put up with, but gosh when it does clear up the weather gets stifling hot and the mosquitoes come after us in 'all out' attacks. I'm not going to kick about that though because I realize that things could be a lot worse and too, this warm weather does agree with me. It makes me want to spend most of my time sleeping. Also, for the time being anyway, we have all the comforts of home, or, at least almost all of them."

His address is Cpl. Henry K. Thune, 36677336, APO 957, % PM, San Francisco, Calif.

Texas

George E. Milligan, son of Mrs. James Milligan of 1001 N. Chestnut ave., Arlington Heights, has been promoted to the grade of Corporal, it has been announced by Headquarters, 1st AACS Wing Love Field, Dallas, Texas.

Cpl. Milligan was employed by Consolidated Aircraft Corp. at San Diego, Calif., and Ft. Worth, Texas prior to entering the army. He is now a draftsman at Wing headquarters.

As a member of the Army Airways Communications System, Cpl. Milligan serves in an organization operating communications facilities and aerial navigation aids for the Army Air Forces throughout the Allied World.

Germany

From Germany comes word of Harvey Schaefer of Arlington Heights.

"I don't think I wrote since I crossed the Rhine but I just couldn't as I have been too busy up until now. We sure did travel and I guess we are as far as we can go now without running into the Russians. Maybe by the time you get this letter everything will be over with. At least it can't last much longer.

"I sure have seen a lot of this country and quite a few of the large cities. Most of them are pretty well wrecked. We traveled day and night and I was pretty tired at times but I didn't mind it as I knew it meant this thing was getting closer to the end. Sure saw a lot of prisoners and I saw and talked to some of our own boys that were prisoners of the Germans. They said they weren't treated too bad but they didn't get enough to eat. Some looked like it too.

"Also saw plenty of slave workers and they sure were happy to be free. You probably read about how they murdered a lot of slave workers. Well we were near one place where they did a lot of that and a few fellows went to see it. They said they sure believe it now. Some of the things they saw are too horrible to talk about. I'm telling you it's sure going to be good to get home and forget about everything over here.

"We have been having some funny weather. One day it's hot and the next you freeze. It has been raining all day and it's really cold out. Hope it warms up and stays that way. Haven't done anything for the last coupie of days. Didn't even fire one round. I guess all we can do is lay around and see what's going to happen to us when everything is over with. Sure hope I'm one of the lucky ones and get home. I sure miss June and I can't wait until I see my little daughter. I guess she's getting to be a lot of fun now.

"I still get the Herald but they have been pretty slow in getting here. The latest I've had was the first of March. I suppose you heard that my two brothers are both in the 95th now. I guess they are happy in being together. They are even in the same company. Hope I run across them soon again. Sure felt good seeing Arnold a while back."

California

Corporal Richard Wilke came home on a ten-day furlough from Louisiana on his birthday, Friday, May 4. His wife, Grace, who had been with him while he was on duty in South Carolina, had preceded him so now they are both enjoying their visit with his folks, the William Wilkes of Ballard rd., East Maine. When he goes back he will report at Fort Ord, Calif.

Ens. R. Peeters, son of Mr. and Mrs. Raoul Peeters, Arlington Heights, arrived home Friday evening enroute to San Diego, Calif., for a few days. His fiancee, Miss Marchita Jewell Edwards, Miami, Florida, was a house guest, leaving Wednesday. "Bud" will leave Saturday.

Now on his way "out" is Joe Urick of Arlington Heights. Joe has left Camp Howze, Texas, and is stationed at Ft. Ord, California. His address is Cpl. Joseph A. Urick, 36012709, AGF R. D. No. 2, Ft. Ord, California.

Serves aboard sub in South Pacific area

Concluding his 30 day leave after serving aboard a submarine in the Pacific for a year was QM3c John Warder of Palatine. John, son of Mr. and Mrs. Art Warder, had gone overseas to Australia in May of last year. He arrived home April 21, leaving again Sunday to return to the west coast to rejoin his ship.

"The sub service is the silent service, and there isn't much I can tell you," stated John to With Uncle Sam. "The boys who live in foxholes meet people, see the country, and engage in hand to hand combat. They all have experiences about which they can tell the folks at home.

"But we in the sub service never meet anyone outside of our own ship's crew, and we have never been permitted to say one word about ships we sunk and any particular action we engaged in.

"Life on a sub is a good deal, though it isn't all a bed of roses. Quarters and food are good. Everything is spick and span with a surprising amount of edibles provided, considering we're out on trips so long. We even had turkey last Thanksgiving, with all the trimmings.

"Entertainment is restricted with baseball games, etc., out for the duration. Checkers, cards, books and magazines are the main diversions aboard ship. I worked in the aft torpedo room. Our bunks were right there, so any time we weren't on duty, we could lie down and take it easy. The usual navy 4-on and 8-off hours predominated.

"Many people have asked me 'don't you feel scared so far under water?' You don't until that first anti-sub attack that you go through. You've never known what to expect up until that time, and after the first concussions knock you off your feet, and perhaps smash a couple of light bulbs, you hope you never have to go through it again. You're not scared until you've been through it once. Then you worry about the next one.

"But we don't always travel under the surface. When we are in friendly waters, going to or coming from an operation, the sub usually moves along the surface. Of course a weather eye is kept peeled looking for surprise air attacks. But the 'old man' (29 years old) likes to keep us on the surface as much as possible.

"We spent considerable time in Australia between trips, which usually averaged two months. That's a great country down there with about the same climate there as here. Only difference is that everything is reversed. The south is cold while the north is warm.

"The Yanks had been graciously accepted in all Australian homes in 1942, but a few Yanks took advantage of the hospitality and in '43 and '44 conditions changed some. But I was invited to several homes and had many opportunities to talk to the 'natives'.

"Many Americans were marrying Australian girls, but an even larger number were turning them down. A 6 months waiting period was required of all Yanks, a time during which most Aussie-Yank romances died out. You had to file your intentions, wait six months, and could then take the final step.

"But most of this worry at home about American boys bringing home Australian brides is unfounded. I know that letter written by a Washington girl saying the Aussies were grabbing all the men sure caused a laugh down there, and made the Washington girl look ridiculous. Now everywhere I go girls ask me whether the girls down under are any prettier than at home. I still say absolutely not. My choice is still Stateside."

Pacific

Sending thanks for the Traveling Bank at Arlington Heights this week is Jack Rhodes who is stationed somewhere out in the Pacific.

"Was just informed that I was the driver of the bank for a week. Can't tell you how much I appreciate this kindness. Will take this opportunity to thank my friends in Arlington for their generous contribution.

"I am still on the same island, just seems I can't get going. The stay here has been long, but not too unpleasant."

Now heard from again after a lax of 14 weeks is S1c Bob Kehe of Arlington Heights. Bob serves in the submarine fleet and is unable to send any mail during trips.

Bob reported that he was well and that he was stationed on a small Pacific island. He is the son of Mr. and Mrs. Albert Kehe, 300 W. Fremont, Arlington Heights.

The Editor's Scratch Pad

Seems as how the servicemen like With Uncle Sam . . . even their folks read it . . . Some of them even write and tell us . . . Others just sit back and read it . . . Wish all would cooperate and give the boys what they want . . . Seems as though a lot of the boys enjoy reading about the guys they knew back home . . . Yet many of them refuse to drop us a line . . . Wonder how come . . .

A lot of those guys are going to quit getting the paper unless they do write . . . the navy is cutting out all unnecessary mailing . . . they say they want a written record that the men in the navy, marines and coast guard WANT the paper . . . In fact, after July 1 no new or renewal subscriptions can be made without that written request from the boys themselves . . . Their folks or any organization can pay for it . . . But we've got to have a written request on file in case of renewals OR new subscriptions for any of the three groups . . . Doesn't affect present subscriptions until they expire . . . better check your dates, men . . . Doesn't affect the army . . .

Another thing . . . A lot of boys are being discharged . . . More in the future . . . All servicemen are entitled to receive the unexpired term of their subscription at their home . . . Or it may be added to that of the folks . . . But we can't change those papers unless we hear from the family that they are discharged . . . Keep those changes up to date . . . In case of death in action, families of those lost are entitled to the unexpired portion . . .

V-E day has passed, but we're still in there pitching for the guys in the Pacific, as well as those left in Europe . . . But we've got to have cooperation now more than ever to keep WUS at its present level . . . You guys in service just gotta write . . . Ask your folks if you haven't got the time . . . But let's hear from you . . .

Philippines

From the Philippines comes word of Russell Welden of Palatine.

"Just a line to let you know I am now in the Philippines. Would like to say hello to all my friends and neighbors in Palatine. Also, notice that my subscription has run out. Please renew it for a year.

"Am still on a floating dry dock on which I left the States December 2, 1944. Spent some time in Colon. Panama City was very interesting. Also spent 83 days at sea after leaving Panama. It sure was a long stretch without news from home or mail of any kind. It was a treat to get mail again after 3 months without it.

"At the present time I still stand Evaporator watches (Evaporator: device for distilling sea water to make fresh water for drinking). Have not been on dry land since Jan. 1, 1945. Probably won't get ashore for quite some time. Only excitment on the whole trip was when we ran into part of a big storm on the way over the last week out, but we managed to arrive ok, but minus some canvas on topside. I never want to see another storm like that one for a long while.

"Now we are quite busy setting up our dock which will handle the largest ships afloat in our Navy."

His address is R. E. Welden, MM2c, % FPO San Francisco, Calif.

From the Philippines comes word of A. H. Gerschefske of Palatine.

"I am still receiving the Palatine Enterprise every once in a while. They usually come in bunches. I came to this island on D-day and have been here ever since. The division has been in combat for over a hundred days now. They sure are giving us fellows a workout here.

"I sure would like to meet some fellows from around home out here. Well I guess I had better sign off for now and hit my foxhole for another night."

His address is Pfc. A. H. Gerschefske, 36644965, APO 6, % PM, San Francisco, Calif.

Dutch East Indies

Changing his address in the Dutch East Indies is Cpl. Alex Angeloff of Arlington Heights. His address is Cpl. Alex Angeloff, 36-028425, APO 159, % PM, San Francisco, Calif.

New Mexico

Now at Albuquerque, New Mexico, is Leonard Halter of Roselle. He was formerly stationed at Pueblo, California. His address is Cpl. Leonard Halter, Combat Crew Det, Kirtland Field, PO Box 232, Albuquerque, New Mexico.

Italy

From Italy comes word of Forrest Bass of Arlington Heights.

"I'm writing this letter from a hospital in Italy. I was awarded the Purple Heart for wounds received in action in Northern Italy fighting with the 10th Mountain Division.

"These Krauts are tough and they never give up until they run out of Ammo. Then they come running out calling Kamerade to the G. I.s. They know the war is over for them when they surrender.

"The first day my outfit pushed off an attack we were pinned down by mortars, machine guns, and artillery fire for a few hours. We had to just lay there on top of the ground and take it.

"The war is ending over here in Italy, but there are still a lot of Nazis we have to knock out before we can have any peace, even if Hitler is dead. My four years in the army will be up in June, first in the Aleutians and now in Italy."

His address is Pfc. Forrest Bass, 36039030, APO 345, % PM, New York, N. Y.

From Italy comes word of Merle Hartmann of Palatine, who is back in the hospital after being wounded again. He was hit in the leg this time.

"Am back in the hospital again, but the wounds aren't too serious. It feels good to be sleeping between sheets for a change, and on a real bed. I get everything I want or need from the Red Cross."

His address is T-Sgt. Merle E. Hartmann, 36005361, APO 345, % PM, New York, N. Y.

S-Sgt. Jack Haben of Wheeling writes from Italy that they are very busy using their bombers to evacuate the ground troops and finds the work very interesting. He says it may take several months and he hopes to get a furlough before being sent to the Pacific.

Connecticut

From New London, Connecticut, comes word of Ronald Hunt of Arlington Heights.

"Almost four weeks of the four months I have to put in here are gone.

"The station is very well run, the food is good and the instructors are good—but work!! Boy, I've never seen so much of it in my life.

"I'll be seeing you in August with a gold band on my sleeve, I hope! So far, my grades are all passing—I'll try to keep them up there."

His address is R. M. Hunt, Sect 5903E, USMSOS, New London, Conn.

Germany

From Germany comes word of Pvt. J. Kryzan of Bensenville. He is serving with the 5th division.

"Just writing to let you know I'm still all right. We are driving hard and pushing them back. In the last three weeks we got two to four hours of sleep and some nights no sleep at all. It is hard on us but it is better than to stop and give the Krauts a chance to build a strong defense line. I am somewhere deep in Germany and still going.

"We were the first infantry of the 3rd Army to cross the Rhine River. We crossed in assault boats. Everything was quiet until we were 3-4 across. Then, all hell broke loose. They threw every heavy artillery they had. There was a town about ½ mile on the other side—that was our objective.

"We did not get into it until early in the morning as it was full of snipers. We started to cross the river at 10 p. m. There was a bright moon and the next day was clear. When we got into town that morning some buildings were still burning. It was almost in total ruin.

"The Engineers started to build a bridge in the morning. It was also in the morning that the German air force came out in strength. They bombed and strafed us and tried to knock out the bridge. They would dive in suicide attempts. I saw one go into a dive and never pull out of it. He was one of the several that were shot down.

"When the war will be over I don't know but we didn't get the order to cease fire yet, and not until then and the last shot is fired will there be peace. I'll have to close cause we are about to jump off and tangle up with the Krauts again. The zero hour is near."

Pvt. Frank M. Koziol of Yale avenue, Rte. 1, Arlington Heights, has recently been assigned to the 399th Inf Regt of the 100th Infantry Division and is now serving with that organization on the Seventh Army front in southern Germany.

With his new assignment he has become a member of the famous "Century" Division, commanded by Major General Withers A. Burress of Richmond, Va.

The 100th entered combat in November and cracked the proposed German winter defensive line in the Voeges Mountains after only two weeks' front line experience. It then followed through to open up the key Saales Pass leading to the Alsatian Plain and Strasbourg.

Later, at the strongest point in the entire Maginot Line, the area around the town of Bitche, the Century Division pounded German troops in famous Fort Schiesseck for a full week and finally captured the heavy fortifications only to be forced to give them up again when the German counter-attack in Belgium caused a regrouping of Allied forces.

Three months later, after the 100th had earned a special commendation from Sixth Army Group Commander, Lt. Gen. Jacob L. Devers, for withstanding the major brunt of the Nazi January counter-offensive on the Seventh Army front, the division again attacked Bitche and its surrounding fortifications. This time the famous city fell before the smashing attack—the first time the citadel had even been taken by an attacking force in its 200-year history.

Following the capture of Bitche, the 100th went through the Siegfried Line, and made a two-day 100-mile dash across the Palatinate area to the Rhine River and Ludwigshafen. Crossing the famous German river, the 100th again took up the chase.

Philippines

Pictured in a metropolitan press scene of 33rd division cavalry troop on Luzon in the Philippines was T-5 Russell Davis of Arlington Heights. Russ has a smile on his face, indicating enjoyment in the brief rest accorded the troops.

Oscar Laurance, TM3c of Wheeling, is still somewhere in the Philippines, where temperatures are reaching 140 degrees in the shade. His mother was happy to receive his Mother's Day greeting of flowers.

From the Philippines comes word of Norman Pfortmiller of Roselle, who has just changed his address. His address is Staff Sgt. Norman Pfortmille, 36322588, APO 70, % PM, San Francisco, Calif.

From the Philippines comes word of Richard Taege of Arlington Heights. Richard writes that he is well, and states he writes all mail by candlelight at night.

Germany

Recently when the 28th division was storming across the Rhineland, they swept to the approaches of Blankenheimsdorf. The 112th's second battalion, under Lt. Col. George L. Macsalka, prepared to assault the town, and four MPs were assigned to handle prisoners.

"When we go to the outskirts of the city", said Pfc. Harold Moehling of Wilke rd., Arlington Heights, one of the quartet, "tanks were called up. Everyone scrambled aboard the nearest armor, and before we knew it the only one vacant was the lead tank."

Moehling and his buddy, Pfc. Bernard Bier, 324 Bloomfield st., Hoboken, N. J., crawled on top the armored vehicle and were followed by the other two members of the team.

"We were the spearhead on that task force," said Moehling. "We piled out on the upper end of the town and began searching for snipers. But before we could get very far the infantry began rounding them up and we were kept busy herding them after that."

Several captured Nazis, according to Moehling, reported that the German officers had commandeered all the available transportation and left the infantrymen to shift for themselves.

Changing his address in Germany is Harold Schwantz of Arlington Heights. His address is Cpl. Harold A. Schwantz, 35677349, APO 403, % PM, New York, N. Y.

Oahu

From the island of Oahu comes word of Henry Thune of Arlington Heights.

"Just a few lines to thank you, and all of my friends for the 'traveling bank' gift. It sure came at a very appropriate time—you know, right at the end of the month—and I can truthfully say that I welcomed it with open arms. I'm sorry that I haven't written long ago to tell you that I'm feeling fine and that everything in this part of the world is well under control.

We've been having quite a bit of rain lately which isn't too hard to put up with, but gosh when it does clear up the weather gets stifling hot and the mosquitoes come after us in 'all out' attacks. I'm not going to kick about that though because I realize that things could be a lot worse and too, this warm weather does agree with me. It makes me want to spend most of my time sleeping. Also, for the time being anyway, we have all the comforts of home, or, at least almost all of them."

His address is Cpl. Henry K. Thune, 36677336, APO 957, % PM, San Francisco, Calif.

Texas

George E. Milligan, son of Mrs. James Milligan of 1001 N. Chestnut ave., Arlington Heights, has been promoted to the grade of Corporal, it has been announced by Headquarters, 1st AACS Wing Love Field, Dallas, Texas.

Cpl. Milligan was employed by Consolidated Aircraft Corp. at San Diego, Calif., and Ft. Worth, Texas prior to entering the army. He is now a draftsman at Wing headquarters.

As a member of the Army Airways Communications System, Cpl. Milligan serves in an organization operating communications facilities and aerial navigation aids for the Army Air Forces throughout the Allied World.

Germany

From Germany comes word of Harvey Schaefer of Arlington Heights.

"I don't think I wrote since I crossed the Rhine but I just couldn't as I have been too busy up until now. We sure did travel and I guess we are as far as we can go now without running into the Russians. Maybe by the time you get this letter everything will be over with. At least it can't last much longer.

"I sure have seen a lot of this country and quite a few of the large cities. Most of them are pretty well wrecked. We traveled day and night and I was pretty tired at times but I didn't mind it as I knew it meant this thing was getting closer to the end. Sure saw a lot of prisoners and I saw and talked to some of our own boys that were prisoners of the Germans. They said they weren't treated too bad but they didn't get enough to eat. Some looked like it too.

"Also saw plenty of slave workers and they sure were happy to be free. You probably read about how they murdered a lot of slave workers. Well we were near one place where they did a lot of that and a few fellows went to see it. They said they sure believe it now. Some of the things they saw are too horrible to talk about. I'm telling you it's sure going to be good to get home and forget about everything over here.

"We have been having some funny weather. One day it's hot and the next you freeze. It has been raining all day and it's really cold out. Hope it warms up and stays that way. Haven't done anything for the last couple of days. Didn't even fire one round. I guess all we can do is lay around and see what's going to happen to us when everything is over with. Sure hope I'm one of the lucky ones and get home. I sure miss June and I can't wait until I see my little daughter. I guess she's getting to be a lot of fun now.

"I still get the Herald but they have been pretty slow in getting here. The latest I've had was the first of March. I suppose you heard that my two brothers are both in the 95th now. I guess they are happy in being together. They are even in the same company. Hope I run across them soon again. Sure felt good seeing Arnold a while back."

His address is Pfc. H. A. Schaefer, 36770535, APO 339, % PM, New York, N. Y.

California

Corporal Richard Wilke came home on a ten-day furlough from Louisiana on his birthday, Friday, May 4. His wife, Grace, who had been with him while he was on duty in South Carolina, had preceded him so now they are both enjoying their visit with his folks, the William Wilkes of Ballard rd., East Maine. When he goes back he will report at Fort Ord, Calif.

Ens. R. Peeters, son of Mr. and Mrs. Raoul Peeters, Arlington Heights, arrived home Friday evening enroute to San Diego, Calif., for a few days. His fiancee, Miss Marchita Jewell Edwards, Miami, Florida, was a house guest, leaving Wednesday. "Bud" will leave Saturday.

Now on his way "out" is Joe Urick of Arlington Heights. Joe has left Camp Howze, Texas, and is stationed at Ft. Ord, California. His address is Cpl. Joseph A. Urick, 36012709, AGF R. D. No. 2, Ft. Ord, California.

Serves aboard sub in South Pacific area

Concluding his 30 day leave after serving aboard a submarine in the Pacific for a year was QM3c John Warder of Palatine. John, son of Mr. and Mrs. Art Warder, had gone overseas to Australia in May of last year. He arrived home April 21, leaving again Sunday to return to the west coast to rejoin his ship.

"The sub service is the silent service, and there isn't much I can tell you," stated John to With Uncle Sam. "The boys who live in foxholes meet people, see the country, and engage in hand to hand combat. They all have experiences about which they can tell the folks at home.

"But we in the sub service never meet anyone outside of our own ship's crew, and we have never been permitted to say one word about ships we sunk and any particular action we engaged in.

"Life on a sub is a good deal, though it isn't all a bed of roses. Quarters and food are good. Everything is spick and span with a surprising amount of edibles provided, considering we're out on trips so long. We even had turkey last Thanksgiving, with all the trimmings.

"Entertainment is restricted with baseball games, etc., out for the duration. Checkers, cards, books and magazines are the main diversions aboard ship. I worked in the aft torpedo room. Our bunks were right there, so any time we weren't on duty, we could lie down and take it easy. The usual navy 4-on and 8-off hours predominated.

"Many people have asked me 'don't you feel scared so far under water?' You don't until that first anti-sub attack that you go through. You've never known what to expect up until that time, and after the first concussions knock you off your feet, and perhaps smash a couple of light bulbs, you hope you never have to go through it again. You're not scared until you've been through it once. Then you worry about the next one.

"But we don't always travel under the surface. When we are in friendly waters, going to or coming from an operation, the sub usually moves along the surface. Of course a weather eye is kept peeled looking for surprise air attacks. But the 'old man' (29 years old) likes to keep us on the surface as much as possible.

"We spent considerable time in Australia between trips, which usually averaged two months. That's a great country down there with about the same climate there as here. Only difference is that everything is reversed. The south is cold while the north is warm.

"The Yanks had been graciously accepted in all Australian homes in 1942, but a few Yanks took advantage of the hospitality and in '43 and '44 conditions changed some. But I was invited to several homes and had many opportunities to talk to the 'natives'.

"Many Americans were marrying Australian girls, but an even larger number were turning them down. A 6 months waiting period was required of all Yanks, a time during which most Aussie-Yank romances died out. You had to file your intentions, wait six months, and could then take the final step.

"But most of this worry at home about American boys bringing home Australian brides is unfounded. I know that letter written by a Washington girl saying the Aussies were grabbing all the men sure caused a laugh down there, and made the Washington girl look ridiculous. Now everywhere I go girls ask me whether the girls down under are any prettier than at home. I still say absolutely not. My choice is still Stateside."

Tells story of forced landing in Austria

Now back with his squadron after making a crash landing March 23 in Austria is Lt. Ralph Hauptly of Mt. Prospect. Ralph landed behind Russian lines and made his way back to Italy, where he was based. In a letter received last week "Hop" tells of his experience.

"I will try and tell you the high points of what happened to me that day. We were about two minutes from dropping our bombs when we got hit by flak. My number one engine was shot out and so I kept in the formation and bombs went away. Right after that we had about 100 holes in the plane and my number three engine cut in and out. About this time things did not look too good and the plane was having a little trouble flying. I was ready to bail out, but I knew the way the plane was, I could not get out.

"Boy, it gives one a very funny feeling, to know that what you may say will mean the lives of eight more men, and I knew I would have to say fast what it would be. Well, to make a long story short, I told my crew what was up and just how things were, and every man said they would stay with the ship all the way. Knowing that gave me just what I needed to keep her up there. Well, God only knows why she did stay up, and we all thanked him. When I came in for the landing I had to crash her, and I never saw $250,000.00 go so fast. Every man got out, and the only thing that was wrong were cuts and bruises. They were not bad at all. I had one in the top of my head and my face, but I am as good as can be now.

"I can not say about the rest of the crew, for the censor would not like it. But we are all happy, and football has been a lot worse at times. Remember me showing you where I sit in a B-24? Well, my seat was cut right in half under me. There was one funny thing that happened that I remember very well. I had a piece of flak come in right next to my leg that made about an eight inch hole in the plane. Right after it made the hole I could feel a cold spot on my leg and I was sure it was me bleeding. I was afraid to move my leg and I was afraid to look, but when I did I saw it was just the air coming in the hole hitting my leg.

"I have been to Hungary, Yugoslavia, Rumania, Turkey, and Russia, and boy, the things we saw! That is a long story in itself, and I will tell you when I get home.

"When I went down I weighed 195 pounds. I run right around 160-165 now. All I need is good food and a good spot to sleep, and I'll gain it all back. There were 16 days when we lived on just water, black bread, and cold meat. Sometimes we could get eggs, but not many of them. Oh well, it's all over now, and we are all well."

Ralph, son of Mr. and Mrs. Elmer Hauptly, spent some time in a rest camp, including a hotel in Rome where he rested and saw the sights. He then rejoined his squadron May 5. His wife is the former Marilyn Framberg of Arlington Heights.

At sea

Now out at sea in the Pacific aboard an aircraft carrier is William Hartmann of Palatine. Bill was assigned to the flattop April 27 and immediately left from Whidbey Island, Washington, to board his ship. His address is S1c William D. Hartmann, % FPO, San Francisco, Calif.

Now out at sea is Bob Muehlfeldt of Palatine. He was formerly stationed at Camp Parks, California. His address is S2c Robert E. Muehlfeldt, % FPO, San Francisco, Calif.

Having left Norfolk, Virginia, MoMM2c Herbert Noftz of Palatine has presumably gone out to sea. His address is now % FPO, New York, N. Y.

Planes, not men, rate highest in early days of Pacific war

"Flying sure has changed since we first went overseas," stated Capt. Alec Tudyman of Palatine, who just last year concluded two years in New Guinea.

"Those early days when I flew on bombing raids against the Nips in New Guinea we bombed with one plane at a time going over the target. We would go to the target in groups of three with one man bombing while the two others circle around above, waiting for their turn to pose as sitting ducks for Jap aircraft.

"But the biggest laugh (we laugh now) was the preliminary 'dry run' we always made over the target, getting everything lined up. We never dropped any bombs that first trip, just sized up the target. And that was accepted method. The Japs would get plenty of target practice.

"And then we were never to drop all of our bombs on the first time over. 'Drop them two or three at a time' were our instructions. Thus, we made the dry run, then over the target again two or three times. It's a wonder any of us got home.

"And talk about value of planes. In those early days the CO worried more about loss of planes than loss of men. On one trip in a C-47 oil pressure in one of the motors was up. We had to stop it, and return home over the usual 14,000 mountain range on just one motor.

"The pilot announced that anyone wishing to parachute out into Jap hands before attempting to go over the range could do so, but none left.

"We made the field, only to find our landing gear shot away. We made a crash landing, completely wrecking the plane. There had been four other planes wrecked the previous five days, and the CO came storming out, demanding, 'what, another plane gone!' We had expected him to tell us how glad he was to see us.

"Another big change is in navigation methods. We used to sight three stars at night for our bearing with an octant, drawing lines and computing from tables, thus gaining our position. Now you wind the octant, it takes positions of innumerable stars automatically, and a code number reveals our exact position.

"It used to be that the navigator had to keep on his toes the entire trip to compute distances, watch time and compass, and measure drift. A new mechanism does everything for you upon turning a couple of knobs."

Since returning to the States last year Capt. Tudyman has been stationed at Hamilton Field, Calif., operating in the ATC. He flew for a considerable time from Hamilton, taking "excursion" trips to the Marianas, Philippines and Australia.

"My one trip to the Philippines was on D-plus-10. We landed on Tacloban airfield just after a Nip air raid, staying just 70 minutes. Just as we were ready to take off, with motors warmed, and a full load of wounded aboard, the Japs came over again. While everyone else dived for safety, we had to sit in the plane until the Japs passed overhead. We felt like a sitting duck."

Alec arrived home last week, Monday, with his wife and daughter. They planned to leave to go to Ohio the middle of this week. He reports back to California May 29.

Australia

Changing his address in Australia is Bob Harting of Arlington Heights. His address is Pfc. Robert A. Harting, 36703824, APO 923, % PM, San Francisco, Calif.

Colorado

From Camp Carson, Colorado, comes word of Ralph Busse of Mt. Prospect.

"I had better tell you about my change in address, because it will only cause a delay on the news

which I enjoy reading so much. It helps me to keep in contact with the boys and at the same time know of their whereabouts.

"I am sorry to say but the paper never did catch up with me in France. This is due to our tanks moving so rapidly. Sure enjoyed my first copy after I returned to the States at Barnes General Hospital.

"I am now at Camp Carson convalescing hospital in Colorado, so please send to my new address. Now that V-day has been announced I hope all the boys get back soon."

His address is Pfc. Ralph A. Busse, 36773888, Co. 26 6 Bn ASF Recon Sec, Convalescing Hospital, Camp Carson, Colo.

LOK

From somewhere in the Pacific comes word of George Firnbach of Arlington Heights.

"I am in good health. We had a two weeks rest period a short time ago but are back at the old grind again. I sure enjoy the Herald very much, reading of all the fellows and what they are doing.

"Very few people know that there were marines in the Leyte invasion. Our battalion was there from the start but left a short while before the island was secured. Unlike other marine operations our main trouble was the weather. It sure was bad."

His address is Pfc. George Firnbach, USMC, % FPO, San Francisco, Calif.

Wounded vet discharged

"They fired me from my last job," stated Art Clem of Arlington Heights in telling of his discharge from the army. Art was wounded January 2 in Alsace Lorraine, just inside Germany. He has been undergoing treatment ever since, most recently, at Memphis, Tenn.

"They flew me directly to Memphis from Paris," said Art. "It was my first airplane ride and I couldn't do anything but like it. We crossed the ocean in a C-54 and it was just like riding in the latest railroad streamliner. The cushioned seats were adjustable giving you a chance to completely relax."

Art was struck by shrapnel, giving him a deep gash in the head and taking the sight of one eye. He entered service December 17, 1942, and served overseas 6 months with the 100th Infantry division. He is the son of Mr. and Mrs. Geo. Clem, 646 N. Douglas, Arlington Heights.

Art's future is to return to his old job as a chemist in Chicago. "My first job is to collect my pipes, shoes, pants and shirts that the family appropriated while I was away. Then I can settle down to being a civilian again."

"Flying sure has changed since we first went overseas," stated Capt. Alec Tudyman of Palatine, who just last year concluded two years in New Guinea.

"Those early days when I flew on bombing raids against the Nips in New Guinea we bombed with one plane at a time going over the target. We would go to the target in groups of three with one man bombing while the two others circle around above, waiting for their turn to pose as sitting ducks for Jap aircraft.

"But the biggest laugh (we laugh now) was the preliminary 'dry run' we always made over the target, getting everything lined up. We never dropped any bombs that first trip, just sized up the target. And that was accepted method. The Japs would get plenty of target practice.

"And then we were never to drop all of our bombs on the first time over. 'Drop them two or three at a time' were our instructions. Thus, we made the dry run, then over the target again two or three times. It's a wonder any of us got home.

"And talk about value of planes. In those early days the CO worried more about loss of planes than loss of men. On one trip in a C-47 oil pressure in one of the motors was up. We had to stop it, and return home over the usual 14,000 mountain range on just one motor.

"The pilot announced that anyone wishing to parachute out into Jap hands before attempting to go over the range could do so, but none left.

"We made the field, only to find our landing gear shot away. We made a crash landing, completely wrecking the plane. There had been four other planes wrecked the previous five days, and the CO came storming out, demanding, 'what, another plane gone!' We had expected him to tell us how glad he was to see us.

"Another big change is in navigation methods. We used to sight three stars at night for our bearing with an octant, drawing lines and computing from tables, thus gaining our position. Now you wind the octant, it takes positions of innumerable stars automatically, and a code number reveals our exact position.

"It used to be that the navigator had to keep on his toes the entire trip to compute distances, watch time and compass, and measure drift. A new mechanism does everything for you upon turning a couple of knobs."

Since returning to the States last year Capt. Tudyman has been stationed at Hamilton Field, Calif., operating in the ATC. He flew for a considerable time from Hamilton, taking "excursion" trips to the Marianas, Philippines and Australia.

"My one trip to the Philippines was on D-plus-10. We landed on Tacloban airfield just after a Nip air raid, staying just 70 minutes. Just as we were ready to take off, with motors warmed, and a full load of wounded aboard, the Japs came over again. While everyone else dived for safety, we had to sit in the plane until the Japs passed overhead. We felt like a sitting duck."

Alec arrived home last week, Monday, with his wife and daughter. They planned to leave to go to Ohio the middle of this week. He reports back to California May 29.

Australia

Changing his address in Australia is Bob Harting of Arlington Heights. His address is Pfc. Robert A. Harting, 36703824, APO 923, % PM, San Francisco, Calif.

Colorado

From Camp Carson, Colorado, comes word of Ralph Busse of Mt. Prospect.

"I had better tell you about my change in address, because it will only cause a delay on the news

which I enjoy reading so much. It helps me to keep in contact with the boys and at the same time know of their whereabouts.

"I am sorry to say but the paper never did catch up with me in France. This is due to our tanks moving so rapidly. Sure enjoyed my first copy after I returned to the States at Barnes General Hospital.

"I am now at Camp Carson convalescing hospital in Colorado, so please send to my new address. Now that V-day has been announced I hope all the boys get back soon."

His address is Pfc. Ralph A. Busse, 36773888, Co. 26 6 Bn ASF Recon Sec, Convalescing Hospital, Camp Carson, Colo.

LOK

From somewhere in the Pacific comes word of George Firnbach of Arlington Heights.

"I am in good health. We had a two weeks rest period a short time ago but are back at the old grind again. I sure enjoy the Herald very much, reading of all the fellows and what they are doing.

"Very few people know that there were marines in the Leyte invasion. Our battalion was there from the start but left a short while before the island was secured. Unlike other marine operations our main trouble was the weather. It sure was bad."

His address is Pfc. George Firnbach, USMC, % FPO, San Francisco, Calif.

Wounded vet discharged

"They fired me from my last job," stated Art Clem of Arlington Heights in telling of his discharge from the army. Art was wounded January 2 in Alsace Lorraine, just inside Germany. He has been undergoing treatment ever since, most recently, at Memphis, Tenn.

"They flew me directly to Memphis from Paris," said Art. "It was my first airplane ride and I couldn't do anything but like it. We crossed the ocean in a C-54 and it was just like riding in the latest railroad streamliner. The cushioned seats were adjustable giving you a chance to completely relax."

Art was struck by shrapnel, giving him a deep gash in the head and taking the sight of one eye. He entered service December 17, 1942, and served overseas 6 months with the 100th Infantry division. He is the son of Mr. and Mrs. Geo. Clem, 646 N. Douglas, Arlington Heights.

Art's future is to return to his old job as a chemist in Chicago. "My first job is to collect my pipes, shoes, pants and shirts that the family appropriated while I was away. Then I can settle down to being a civilian again."

Pfc. Albert Behrens dies in Philippines

Pfc. Albert Behrens of Arlington Heights has died in the Philippines, it was learned last week. In a war department wire his father, William Behrens, was notified that Albert had died of illness and that he was buried in Manila.

Pfc. Behrens suffered an appendicitis attack some time ago and had had an operation four months ago. He died April 18, though it is not known definitely if his death was a result of the appendicitis.

Pfc. Behrens went overseas November of '43, and has been hauling rations and supplies in the Philippines ever since. Pall bearers for Albert included William Stegeman of Prospect Heights and Barney Moehling of Arlington Heights. Services were held April 19.

In a letter from the Philippines Barney stated that Albert had died from natural causes, something that might easily have happened at home. He stated that Albert was buried in a government memorial cemetery just outside of Manila, and that the grounds are well kept up. He also said Pfc. Behrens had received the best of hospital care and that he had died while in his sleep.

Albert entered service October 12, 1942. He was stationed in New Guinea before taking part in the invasion of Leyte in the Philippines.

A brother, Lt. Wilbert Behrens, has been missing in the Pacific area since December 15, 1944. He was a fighter pilot operating in the attack against Mindanao when declared missing.

High school board hearing this Saturday

This Saturday, May 19, is the date set for the "hearings" on two of the dismissals of teachers at Arlington Heights Township high school. These hearings, presided over and conducted by the High School Board of Education, are the legal rights provided for by the Illinois school teachers tenure law. They are the recourse open to teachers when dismissed from their positions after having acquired tenure by being engaged by a Board of Education for three years.

At 2:00 p. m. the review of the dismissal charges against Earle Joyner, science teacher and coach for the past four years is scheduled to begin. This is to be followed by that of John L. Grose, who is completing 18 years of service to the school in the various capacities of teacher, athletic coach and assistant principal.

It is expected that at this time the complete picture of the trouble which has arisen at the high school this year, will be placed before the public for the first time.

The meeting is open to the general public and interested tax payers of the district who will have the opportunity to learn first hand the issues involved.

The group of teachers is urging a large attendance, saying "anything which affects the schools, vitally affects the entire community and patrons should be present in the interest of a fair and just settlement of the matter."

April is another good home month in Arlington Heights

Arlington Heights stayed near the top in list of home construction permits granted during April in the suburban area. Permits for 80 homes, valued at $180,600, were granted, which rated third high, Gary and Hammond ran one-two. Total permits for the month were down 14% from a year ago, and down 36% from the record breaking March figure of this year.

Only other activity in Paddock Publications territory was at Palatine, where permits for $1,550 in garages were granted. It must be reminded that the above figures include permits only, and not actual construction.

Village dads give $10 raises to all employees

Arlington Heights village board recognizes that higher living costs and mounting taxes are taking an increasing amount out of the pay checks of their employees and last week boosted all of those receiving a monthly stipend $10 each. Those who are paid out of fees collected by their office are looking forward to greater activity for an additional remuneration coming their way. There were no changes in employees except minor changes in their duties.

The care of the fire trucks and municipal building is now the joint responsibility of the desk sergeants, Messrs. Bauer, Firnbach and Windheim.

Wm. H. Luehring's official title is now superintendent of public works, village administrator and safety engineer.

The officers and employees appointed are:

Adjusted service bonds of world war I reach maturity

Holders of Adjusted Service Bonds of World War I should present them for certification and payment to any local postmaster, who will forward them to the Federal Reserve Bank. The maturity date on the bonds has been reached and the government is asking their presentation as soon as possible.

Bonds presented for certification through the postoffice will be handled without charge for postage or registration fee. If forwarded by the owner directly to the U. S. treasury department or Federal Reserve Bank same will be at the owner's risk and expense.

'Seniors on Revue' at high school this Saturday

Have you ever longed to see your son or daughter behind footlights? Here is your chance. The class of '45 of Arlington Heights high school is presenting a revue May 19, written, directed and produced entirely by seniors. It has been in rehearsal for several weeks and promises to give a full evening of entertainment to all attending.

The show includes some of the following numbers:

Gallagher and Shean, by Walter Dick and Ken Koenig.

The Bowery, as seen by Lois Staudenbauer and Ray Lipovitch.

A Pretty Girl is like a Melody, as interpreted by our girls ensemble.

Cain't Say No, sung by Ellen Anderson.

These are but a few. There will be scenes on a plantation in Georgia, in Ye Olde Lead Nickle Saloon, and at a high school prom.

The show is directed by Beverlie Pink and Beverlee Peterson.

Tickets can be secured from any member of the senior class at 25 cents. All seats are reserved.

County zoning hearing Tuesday

The fate of Thermal-tite as an Arlington Heights manufacturing firm hangs in the balance. The scales will tip one way or the other next Tuesday evening when the county zoning board receives testimony on the petition of the company to classify as light industrial the land that it occupies. The decision of the board will not be announced that evening.

The same evening, the board will consider a petition for the rezoning of Lot 70 in Goelz's Arlington Gardens on Rand road from farming to light industrial. This lot is located on the south side of Rand road between Margaret and Dorothy avenues and is outside the village of Arlington Heights.

Arlington enters on new year

It's a new year for Arlington municipality. There were no tears in evidence as the old board died or flowers to greet the members of the new body at its first meeting Monday, May 7. The general public was probably unaware that a "new government" had taken over the village affairs.

Mayor Albert Goedke, Arlington Heights, thinks that his board committees work so smoothly that there was no reason to change their personnel but he did hit upon the plan of new chairmen all the way around.

The change enables each alderman to get the inside of other committees and is welcomed by them.

Before re-elected members of the Arlington Heights village board officials entered upon their new terms of office last week, the old board finished up its official business with the passing of $5,000 in bills and final committee reports. Wm. F. Meyer, Jr., who has served the past twelve months as clerk protem vacated his chair and Mrs. Helene Busse, acting village clerk, assumed the duties of reporting board meetings for which Mr. Meyer had substituted the past year.

The committee appointments for the coming year are:

Finance — Wm. G. Franke and Theo F. J. Studtmann.

Judiciary and Assessment—Wm. G. Franke and C. L. Griffith.

Police and License—Fred H. Kehe and Rudolph J. Rizzi.

Streets, Sidewalks and Lighting —Theo F. J. Studtmann and Albert J.J. Adams.

Public Works, Fire and Building —C. L. Griffith and Theo F. J. Studtmann.

Sewers, Drainage and Sanitation —Albert J. Adam and Wm. G. Franke.

Water and Water Works — Rudolph J. Rizzie and Fred H. Kehe.

Vandals drain water supply in Palatine

The worst case of vandalism in the history of Palatine took place last Thursday evening when the entire water supply of Palatine was drained by the opening of fire water hydrants in widely separated parts of the village.

The 100,000 gallon standpipe was drained to the last drop and residents who happened to try to draw some water in the hours after midnight, couldn't get a drop from their faucets in any part of the house.

The falling pressure sent the water and the police department on the hunt for the leaks and they found the open hydrants.

The vandalism was apparently the act of a group of boys of high school age and their identities are pretty well known to the police, who are weaving a net of evidence around them that may put some of those young pranksters out of circulation for a long time.

Millions of dollars worth of property was endangered in case of a fire and the act far from being a kid trick was an act of sabotage against a public works in wartime and is punishable as such. That same evening a $20,000 fire occurred in Arlington. Without water it would have been a $50,000 loss.

111 to graduate in Division 1

G. C. Butler, assistant county superintendent of schools, in charge of division one, announced this week that 111 will receive diplomas in his division this month at the dates and places shown below:

Palatine Township Thursday evening, May 17 at Cutting hall. Dr. John Hubbard of Park Ridge will deliver the address.

Elk Grove, Wheeling township, at the Arlington Heights high school auditorium May 18. David J. Hefferman, first assistant county superintendent of schools, will be the speaker.

Hanover township at Bartlett school auditorium May 28. Rev. H. K. Zeller, speaker.

Mt. Prospect school graduation at Arlington Heights auditorium May 31.

Barrington township at the Barrington school auditorium June 6.

High school junior prom May 26

The annual prom sponsored by the junior class will be held in the high school gym on May 26, from 9:00 to 12:00 p. m. The music will be provided by Chuck Kraemer and his orchestra.

The affair is held in honor of the graduating class and a prom queen will be chosen from the senior girls, the band members being the judges.

Friends and parents are invited to come and watch the grand march from the balcony.

The above poster was designed by Edward Kostka, 209 North Dunton, who is a pupil in St. James school. Posters made by pupils of the north public school will be shown at Arlington Theatre this Friday. Posters from other schools will follow each succeeding Friday.

7th war loan workers put in a busy week

Dear Neighbor:

The Mighty 7th is under way, and it's good to see that in spite of the rain and beastly cold, the spirit of the Victory Volunteers is high, and the house-to-house canvass has already begun. Our local committee has written a letter to each household in Arlington Heights community, asking coopperation, and sort of paving the way for your neighborhood Victory Volunteer; a nice bit of community participation came to light when I discovered that the Ladies Auxiliary of the Fire Department was addressing and stuffing the envelopes for these 7th Loan drive letters. It's just this splendid spirit of everyone giving a lift that will get a big job done. BUT please don't get the idea when I speak of excellent cooperation and so on, that there is no more need for workers. If you can and will help, f'r goodness sake, give us a phone call—there's a job for everyone who's able to help. The Committee just can't know everyone, y'know, and mebbe you haven't been asked. Let us know who you are and where you live, and we'll assign you but quick!

Have you seen the posters around town? Look for them when next you shop or go to the train, and don't forget the movie starts Friday the 18th, to show the work of one school each week, starting with the public school.

The editorials entered in the contest, by the students of the High School English classes, have been judged, and the Women's Division of the local drive committee, reports as follows:

First place, Brian Crumlish; honorable mention, Ann Cox, Richard Grigsby, Ruth Meyn, Laurel Lawbaugh, Lucia Beth Stevens and Ronald Wiegand. The winning editorial appears in this issue of the Herald. Y'know, the Arlington Heights Herald is our biggest publicity factor, and the Committee is definitely aware of their debt to them, and extend their sincere thanks. The Herald will publish one of these editorials each week. The contest judges were Mrs. Kenneth Milstead, Mrs. Paul Vawter, and Mrs. Daniel Vittum.

One of the busiest men in town is Don Florence. In addition to his own business, which keeps him on the run, he's Chairman of the Business Men's Group of canvassers for the 7th War Loan Drive and he and his associates have started to make their calls. He is assisted by W. Edw. Fritz, J. D. Flentie, Alvin Popp, Walter Karstens, John Randag, Marvin Johnson, Jos. Lohr, Max Warson and Harold E. Willson. They have a big job, but they are alert, capable and enthusiastic, and will turn in a good report.

Keep your eye on our clock in the park, and help to meet our $140,000 quota, by buying your bonds here at home. And tell your Victory Volunteer when he calls—"I'm glad to see you!" won't you?

Your Neighbor.

Letters become a jig saw puzle

Mt. Prospect postoffice has a box of jig saw puzzles comprising letters that were dispatched Monday morning by flyer pouch. The mail clerk failed to catch the pouch, which fell and was ground to pieces by the train. Efforts were made to pick up all the pieces and some of them could be either returned to writers or sent on their way. The remainder is a mess and is worse than any jig saw puzzle say the postoffice employees.

This week's prize war loan editorial

BRIAN CRUMLISH

What has the war meant to you? Has it meant giving up some one you love? Has it meant steady employment with high wages? Which ever it is, you still have enjoyed the comforts and freedom of this great country. But now you are asked to help — to help furnish funds for more equipment, greater hospitalization and medical care for our fighting men. Are you going to let them down? No you are going to give again with the same spirit you gave before.

Bonds serve a twofold purpose; first, the morale of our boys is lifted when they know they are getting your full support. Second, a bond is an inflationary hedge. With the large amount of money now in circulation and the shortage of materials, inflation is inevitable. But with an investment in government bonds, the best security there is, you keep down prices and at the same time receive good returns on your investment.

The Seventh War Loan Drive is now in full swing. The American people are asked to buy all the bonds they can. Let's back our country until it hurts!

Police reserves

Just in case they are needed, Arlington's mayor appoints 20 special police officers each year. He calls them the police reserve. They are not organized as a local FBI but each one has authority to make arrests, curb disturbances and act as a regular police officer when the occasion arises. They are:

Henry Malzahn, 38 S. Chestnut ave.
Oscar Johnson, 310 N. State rd.
Harold Hastings, 310 N. Pine ave.
Paul Incaprero, 22 S. Dunton ave.
Henry F. Martens, 402 N. Vail ave.
Edward Heimsoth, 615 S. Evergreen.
Gustave Pelletier, 302 So. Evergreen ave.
Ralph Stippick, 127 S. Walnut ave.
Wilbert T. Loeber, 141 Derbyshire Lane.
James M. Sommer, 601 Burton Place.
William E. Andres, 130 S. Mitchell ave.
Henry Lunning, 218 S. Evergreen ave.
Edwin Guenther, 625 N. Chestnut, ave.
Francis K. Wilton, 211 N. State rd.
Stephan Kindler, 205 W. Miner.
John M. Kempf, 508 W. Northwest Hwy.
Anthony Hesch, 739 N. State rd.
Martin Heidorn, 931 N. Princeton.
Frank Gieseke, 317 S. Walnut ave.
Ben Mickelvitz, 132 N. Northwest Hwy.

Forty seniors to take pre-physical exams Friday

Cook County Selective Service Board No. 1 has called forty high school boys to take their physical examinations this Friday. Arlington Heights Lions club will serve them breakfast. The majority of these boys are being allowed to graduate before being called to service.

$20,000 fire at Arlington laundry plant

Spontaneous combustion is blamed for a disastrous fire Thursday evening in the plant of the Park Lane Laundry, Arlington Heights. Prompt action by the fire department prevented an entire loss. "A delay of ten minutes would have enabled the fire to gain such a headway that nothing could have saved the plant," states Fire Chief Jahn. The loss to building and plant is estimated to be $20,000 with over half of that amount being loss and damage to equipment and laundry that was in process.

The fire was discovered by John Duthorn, who immediately sounded the alarm. The fire had started in the delivery room among packages that were ready for dispatch to customers. The ventilating system had pulled the fire to the ceiling of the main laundry room and two thirds of that room bears marks of the intense heat generated. All belts and flammable material near the ceiling were burned and many electric motors were put out of commission but the laundry machinery can be easily repaired and again placed in operation.

When the firemen arrived on the scene, the interior heat was so intense that windows were popping. Attacking the fire at its hottest point, the rear door was broken open and the two leads of hose soon had the fire under control.

Until the night of the fire, the laundry operated with a day and night shift and no one was in the building when fire broke out. The business office and the boiler room were untouched by the blaze.

Immediately the next morning the management advised customers by phone to call and get packages that were not damaged and others were assisted in the filing of insurance claims. "The general public," states Mr. Hahn, "realized that the fire was no fault of ours and are very understanding of the difficulties confronting us."

At present, laundry service is limited to wet wash, but workmen are busy making repairs and Mr. Hahn, plant manager, promises it will not be long before the plant will again be in full operation.

In the meantime a dozen employees are taking a week's vacation with pay.

Fire Chief Jahn was in Palatine when the alarm was received, but through the cooperation of the Palatine police was immediately located and arrived at the fire as the firemen were breaking into the rear door.

Redwings to open play this Sunday

The opening of the Arlington Redwings baseball season was cancelled last Sunday because the grounds were in very bad condition from rain earlier in the week.

This Sunday the Douglas Aircraft team will meet the Redwings at Recreation Park. Last Sunday the Douglas club lost to Skokie 8 to 3 and are ready to give the Redwings a battle in the opener.

The game will begin at 3:00 p. m. with Schaefer pitching and Mahn doing the catching. Because of lack of practice Schaefer is not expected to pitch the whole game and will be relieved by Ladd about half way through the game.

Although the Redwing club has several new members this year, the team in general will be about as strong as last year. From all indications local fans will have plenty of good baseball entertainment this summer.

Sunday, May 27, the Redwings will play in Chicago so the game this Sunday will be the only appearaice here until June 3.

Brooder blamed for $2,000 farm fire

The interior of a 100 ft. steel building was badly damaged Saturday afternoon at the farm home of S. E. Karsten, Algonquin road, Arlington Heights, causing a $2000 loss. An overheated brooder stove had ignited the shavings between steel walls that were used for insulation. It was necessary to tear off part of the steel siding in order to reach the shavings which were ultimately "washed out" to extinguish a smoldering fire. The building was being heated in preparation for the receipt of chicks.

Arlington Heights fire department was first called and did everything possible to hold back the blaze, but Chief Jahn recommended a call to Mt. Prospect rural fire department in which district the farm is located. Chief Bierman and his boys responded. The phone call system maintained by the Mt. Prospect department soon brought many farmers to the scene with an adequate supply of water.

Dr. Bauman heads board of health

Dr. E. W. Bauman is the new chairman of the Arlington Heights Board of Health, in accordance to the rotation plan that has been followed in health matters. The job at times entails a lot of responsibility and Mayor Goedke feels that it is too much to ask one physician to do all the work, thus a new chairman each year. The other members of the committee are Dr. H. O. Meisenheimer, Dr. B. T. Best, Dr. John Cousins and Edw. W. Fritz. An appropriation of $100 is allowed for the expenses of the board.

The public health committee which is the liaison officer between the general public and the local health program, has been reappointed as follows:

Mrs. Arthur Blaschke, 746 S. Mitchell ave.
Mrs. G. Rex Volz, 836 N. Belmont ave.
Mrs. Chas. Klehm, Railroad ave.
Mrs. Augustine Lippold, 28 N. Belmont ave.
Mrs. G. N. Morrissey, 405 S. Dunton ave.
K. L. Busse, 1016 N. Highland ave.
R. E. Clabaugh, 115 S. Mitchell ave.
Edwin Hill, 123 S. Mitchell ave.
Mrs. V. A. Sturm, 438 Banbury rd.
Mrs. John Allen, 635 N. Highland ave.
Miss Mildred Russell, 15 W. Davis st.
Mrs. Paul F. Carroll, 116 W. Euclid st.
Mrs. Maude K. Parker, 915 N. State rd.
Mrs. Charles F. Bloecker, 821 N. Vail ave.
Mrs. W. P. Hermesdorf, 115 So. Highland.
Mrs. Helen Busse, 107 W. Davis st.
Mrs. Chas. Fitzpatrick, 738 N. State rd.
Albert W. Goedke, exofficio member of all committees.

Mfg. plants seek sites in suburbs

Many light manufacturing plants are seeking new locations according to Willson & Florence, local realtors, who are calling the attention of civic heads to the opportunities that exist for their respective communities. Mt. Prospect recently was selected as the site by the Illinois Range Co. of Chicago. Within sixty days the building was erected, and May 3rd the plant was placed in operation.

Willson & Florence believe there will be many more such opportunities and have sent the following letter to the heads of Lions clubs, business organizations and heads of the municipalities of this area:

"Willson and Florence, realtors, see a demand for industrial property northwest of the city and a decentralization of industry. Small manufacturing plants are seeking locations in suburban sites.

"The past few months have definitely shown that light manufacturers, who do not have to be located in Chicago, would prefer to build in the smaller villages. Each village along the Northwestern has a limited amount of industrial property where these plants might be located, and thus help the local taxing bodies to overcome the tax burden which is borne by the rest of the taxpayers. This vacant industrial land is not producing taxes for local governments and should, under proper selection of new ownership, be an asset to the communities, and furnish work for the returning veterans and at the same time help reduce the tax burden.

"The Chambers of Commerce and Lions Clubs of progressive villages are out after the more desirable of these light manufacturing plants and at this time something should be done to encourage their locating in our community."

York Tavern has new owner

The property at the corner of Elmhurst Road and Higgins ave., known as York Tavern, and consisting of the tavern building, a commercial garage building, and a five room house, has been sold by Mrs. Sophie Schuldt and George Green to Wilbur E. Shebeck of Bensenville. This is one of the largest commercial transactions in this area and represents a sale of the complete business and all equipment.

Mr. Shebeck will operate the tavern and Mrs. Schuldt, who has been operating the tavern with Mr. Green, will retire. Willson and Florence, realtors, represented the sellers and Ray Franzen of Itasca represented the purchaser in the transaction.

Truck gardeners to dance Saturday

The Cook County Truck Gardeners and Farmers Assn. of local No. 7 will hold a May dance at the Rand Park Field House, Dempster st. and East of River, Des Plaines, Saturday, May 19.

Set program for Memorial day in Arlington

SEEK GOLD STARS

In order that no honored names may be omitted from the roll call, the parents or relatives of deceased veterans of this war are asked to list the deceased veterans names on lists which will be available at the American Legion Home in Arlington Heights, 121 No. Douglas ave. and at Sieburg's Drug Store and Lohr's Drug Store on Northwest Highway.

Arlington Heights will observe Memorial Day Wednesday, May 30, with a program sponsored by the American Legion V. F. W. and other patriotic organizations. John J. Lee of the American Legion is program chairman and asks the cooperation of all organizations, especially for the parade. Flags will be placed on the graves of all veterans by the V.F.W. while the Legion is responsible for the bouquets.

Full program with order of march and parade will appear in next week's Herald. This year's observance should be larger than any recent year as the day will serve as a memorial to the memories of many World War heroes who have given their lives in the past year.

Zoning board to study changes in classifications

The newly appointed zoning board will hold its first meeting next Tuesday evening following the hearing to be conducted by the county zoning board on the Thermal-Tite matter. They will consider changes in existing zoning classifications. Inquiries have been received from persons who desire to erect business enterprises in vacant territory. They claim that realty values in the main business section are prohibitive.

Regarding the setting up of a district for light manufacturing, a study of the zoning map shows that there exists today over 50 acres zoned for industrial purposes that are not being used.

In making appointments to the zoning board, Mayor Goedke stated that its duties were to prepare tentative and proposed ordinances for the entire village with recommendation of amendments to the present ordinance. J. D. Flentie was named chairman with the following members: George E. Jorgensen, Donald D. Florence, Ernst H. Malzahn, Nat T. Burfeind, Henry F. Muller, Nicholas M. Lattof, George F. Schneberger, Charles Pingel, Alfred R. Jasper, Otto Schwartz, John Allen.

Ex-officio members, to serve in an advisory capacity are: Hugo J. Thal, William F. Meyer, Jr., Paul C. Taege, Albert W. Goedke.

Palatine Lions dance at Arlington field house Saturday

Palatine Lions are sponsoring a benefit dance Saturday evening at Arlington Heights field house. A Chicago orchestra will furnish the music. Admission including tax is $1.00.

The proceeds will go to the maintenance fund of the Palatine Honor Roll Park.

News of East Maine

The festival of Pentecost will be celebrated in St. Matthews Lutheran church next Sunday, May 20, with two divine services. The first will be at 9 a. m. in German, the second at 10:30 a. m. in English.

Mr. and Mrs. Harvey Skerke had their baby daughter Susan Marlyn baptized by Rev. J. Toepel at the morning service at St. Matthews church on May 13. Sponsors were her two aunts, Mrs. Margaret Tuttle and Mrs. Alice Marquardt and the proud grandfather, Hans Poehls.

Little Charles Rubey, son of Mr. and Mrs. Joe Rubey entertained 8 of his little friends at a birthday party on May 1. The party was held after school and all had a good time at Charley's fifth birthday.

Mrs. Ralph Beach and her three children are expected home this week from their two weeks vacation spent in Centerville, Iowa, visiting relatives. Mrs. Beach was especially happy to be with her mother on Mother's Day.

Twenty-five relatives and friends of the Bert Olund family, Knight ave., planned a double birthday surprise supper at the Olund home Sunday, May 13. The two birthdays were Mr. Olund's which was on May 13 and their daughter, Betty, whose birthday came on May 16.

Julius Rasche, Western ave., who just recently passed his 18th birthday left this week to enter the army.

The East Maine Girl Scout troop No. 10 entertained their mothers at a dinner at the school Monday evening of this week. The girls prepared and served the meal and planned the program which accompanied the dinner. Their menu included barbecued frankfurters, potato salad, coleslaw with ice cream for dessert. Miss Marian Hodgins of Des Plaines was a guest of the troop.

Mrs. Chrles Krieman and Mrs. Jenkins were co-hostesses at a Stanley Demonstration, given at the Krieman home on Lincoln st., May 15, at one o'clock. Following the demonstration the ladies served coffee and cake to their guests.

All services held in the Forest River Community House.

NORTHBROOK

The will of Mrs. Mary Sterson, who died in Chicago October 24, leaves her $2,000 estate equally to her five daughters. One is Theresa Roehnach of Northbrook.

Cluttered Steps

Cluttered cellar steps frequently cause bad falls. It's easy to put skates away if there is a place for them. The lack of handrails is an added hazard.

Honor Wm. Wilke for 23 years of school service

When William Wilke turned over his keys and retired from the East Maine school board at their recent meeting, he thought he had completely severed all connections with that group. However, the board had other ideas, and together with the teachers at the East Maine public school planned a surprise party in Mr. Wilke's honor to commemorate the 23 years of faithful service he had given to the school and district as member of that body.

The party was held at the school house on Tuesday evening, May 1, where more than 100 residents of the district gathered for the occasion. There were beautiful flowers for the guest of honor, lots of impromptu speeches but the crowning event of the program was the little play which depicted a scene from a "model" school. Coffee and cake were served at the conclusion of the evening's festivities.

Mr. Wilke was first elected to the school board in 1922 to serve with Ernest Jaacks, then chairman of the board, and Otto Haase, who was clerk.

The May meeting of the East Maine unit of the Cook County Home Bureau will be held Thursday, May 17, at the home of Mrs. August Dreyer, Dee and Talcott rds. The lesson for the day will be on "Home Furnishings."

The East Maine PTA met in regular session at the school house Monday evening, May 7. The following officers were installed at this meeting but will not take over until the new school term opens in the fall: Mrs. W. Klammer, president; Mrs. W. Grabow, vice president; Mrs. W. Garver, secretary and Mrs. W. Watson, treasurer.

Please phone your news Monday morning.

All bundles of newspapers are to be taken to St. Norbert's school Friday as there are no facilities for a pickup.

New man at Rob Roy

Pat McDonald, who has been pro at Rolling Green Country Club the past fifteen years is the new owner of Rob Roy Country club, acquiring that property from the former stockholders. Pat leased the Rob Roy last year and became so enthused over its possibilities that he has joined the owner class. "A fellow is willing to put in a lot more hours when he is an owner," Mr. McDonald told the Herald this week. Golfers of this vicinity know that Pat is a glutton for work and Rob Roy is certain to become increasingly popular among golfers.

There are a lot of people who play golf, but Pat thinks there are a lot of others who would be interested if they were not too bashful to swing a club before experienced golfers. He has been acting as one of the instructors at the Tribune golf schools and thinks that a similar school in the northwest suburbs would be equally as successful.

The Herald agrees with Pat and with the cooperation of professionals of this area promises a golf school as soon as the war ends and if sufficient interest is shown the school will not wait for V-J day.

The Rob Roy is operated as a daily fee course of eighteen holes, with creeping bent greens and grass tees. Week days the rates are 75c, Saturdays $1, Sundays and holidays, $1.25. Jimmie Service is greens superintendent and the dining room and cocktail lounge is in charge of Mrs. Goetz and Art Goetz.

Golfers and the general public will find Rob Roy a friendly place and its owner ready to aid the beginner as well as give service to the more experienced. For the benefit of the uninitiated, Rob Roy is located on McDonald road, a mile east of Elmhurst road.

Hog marketing worst shape than ever before

R. C. Ashby, chief in livestock marketing, University of Illinois College of Agriculture, asserted this week that the "marketing and slaughter of hogs are being forced to the country crossroads."

Hog marketing is demoralized, the marketing specialist observed, as he presented an analysis of current hog marketing.

"At a time when the government requires maximum amounts of pork, when total supplies should be under effective control, both marketing and slaughter are being forced to the country crossroads. There is reason to believe that even less than the normal proportion of hogs are being slaughtered under federal inspection.

"Two factors have contributed directly to this situation: First, a hog price ceiling set up that causes hogs to be sold in the country instead of at the public markets; second, issuance of tens of thousands of permits for local slaughter."

Ashby reported that government figures for the first 15 weeks of 1945, compared with the same period in 1944, show that salable hog receipts at 12 markets have declined 58 per cent and federally inspected slaughter at 32 centers has dropped 50 per cent, while federally inspected slaughter at the interior plants (Iowa and south Minnesota) is down only 37 per cent.

The agricultural economist states that the OPA hog ceiling prices encourage country selling in two ways: first, the country ceiling price is high in relation to the central marketing ceiling price; and, second, buying commissions paid by packers (in the country), costs of transporting these hogs to point of slaughter, and shrink are not considered by OPA as part of the cost of such hogs. The result, he says, is that packers have set up buyers at every crossroads, at the same time wasting manpower, tires and gasoline in scouring the country for hogs.

He pointed out that a further result is that many truckers are reported to be now acting as packer-buyers—anxious to buy farmers' hogs but uninterested in trucking them to market.

Professor Ashby cited information believed to be reliable which indicated that over 4,000 permits had been issued to local slaughterers, over 20,000 for butcher slaughter and over a million for farm slaughter. It is now reported, according to the economist, that slaughter control has been turned over to the OPA and is to be tightened up.

Two suggestions were offered by Ashby which could readily remedy the situation: (1) readjusting differentials in price ceilings, and (2) tightening up local slaughter.

Establish new ceiling price on horseradish

The office of the Cook County Truck Gardeners & Farmers Association has just received notice from the office of Price Administration of a change in ceiling prices for raw horseradish root. These new ceiling prices became effective May 9, 1945, and do not affect the processed horseradish product. The new prices are as follows:

From October 1st to March 1st—
U. S. Fancy, 17½c per lb.
No. 1, 14c per lb.
No. 2, 10½c per lb.

From April 1st through September the prices on each grade raises one-fourth of a cent per pound per month.

This increase in horseradish ceiling prices has been brought about to a great extent by the co-operative efforts of the Cook County Truck Gardeners & Farmers Association and the Cook County Farm Bureau and the producers in the St. Louis area, who have been working for almost a year to get a more equitable and fair ceiling price for this vegetable.

Guernsey sold

Curtiss Candy Levity Mary, Guernsey heifer from Curtiss Candy Company's Farms, topped the Midwest Sale at Elmhurst last Friday, according to an announcement by Otto Schnering, president of the company. The heifer brought a price of $5,000 and was purchased by Mr. and Mrs. F. L. Weyenberg of Wey Acres Farm, Thiensville, Wis.

This heifer is the daughter of Green Meads Levity King, the top herd sire at the Curtiss Candy Company Farms. Her dam is Calculator's Marigold, with a record of 606 pounds of butterfat as a two-year-old.

Deadline for dairy feed & AAA sign-up

With two deadline dates for farmers just around the corner, the Cook county AAA office has been a busy place this week, and expects the rush to continue until after May 31st.

The final date for submitting applications and evidence for dairy production and sales for the first quarter of the year (January-February-March, 1945), is Thursday, May 31st.

"This alone accounts for a good many of our callers," W. A. Hinz, Acting Chairman of the Cook county AAA committee said, "but perhaps even more important is the deadline date for signing 1945 Farm Plans."

Mr. Hinz explained that June 1 is the closing date for signing 1945 AAA Farm Plans. "This Farm Plan is a summary of the farmer's intentions to produce livestock and crops during the year, and also an indication of the conservation practices he will carry out on his farm.

"Any farmer who plans to carry out soil-building practices this year, and expects to earn payments for so doing, under the 1945 AAA Program, must have signed his Farm Plan by June 1 to be eligible for such payments. It is very important that this Farm Plan be signed before the closing date."

According to the records of the office, about 35% of the farmers in the county have signed 1945 AAA Farm Plans.

Alfalfa plots going into 4th year

"The alfalfa variety test plots established on the Herman Rohlwing farm, northwest corner of the intersection of 58 and 53, have attracted wide attention among leading agriculturists. To assist these people who are visiting these plots," states Farm Adviser C. A. Hughes, "we have put up rather prominent guide boards.

"These plots were seeded in the spring of 1941 and 1945 makes the fourth year harvest that will come off of them. As will be clearly seen there are two very outstanding alfalfas for long time stand while there are others that are fair and some no good at all. However the interesting part about these varieties are that there was very little difference between most of them during the first two years. The object that we have in mind is that in Cook County there are a number of fields that should be seeded down to alfalfa and left for a long time because of their inclination to wash. We have developed alfalfas here that will fit into such a scheme. Farmers are requested to watch these plots now that they are going into the home stretch on a long time test."

Urge planting of more sugar beets

Urging farmers to make room for as many acres of sugar beets as possible in their crop program, N. A. Dodd, Agricultural Adjustment agency Washington chief, has issued the following statement:

"The sugar situation has reached its most critical stage of the war. Reserve stocks in the United States have steadily declined. Now they are lower than at any time during the war—so low that rations for commercial and home use have been reduced, and the use of sugar for industrial alcohol has been discontinued.

"Requirements for sugar for our armed forces and civilians total 7,644,000 tons. We expect to get from outside the continental United States about 5,375,000 tons. This difference has to be made up from domestic production, or rations will have to be further reduced. Cane sugar production is about to the capacity of the processing plants.

"If sugar beet goals are met, they, with average yields and the expected cane sugar production will produce enough sugar to balance supplies with our requirements."

SUE FOR ANNULMENT

Grace Lietzman has sued Edward N. Spies in Superior court for the annulment of a pretended marriage which she says they entered upon May 18, 1942, in Skokie. She alleges that he represented he was a single person but was really married to Helen Spies in Wheeling in 1929 and was not divorced from her. The plaintiff says she left Spies after she learned this fact. They had no children.

DES PLAINES

The estate of Florence Fairman, who died intestate in Des Plaines recently has been opened in Probate court. It is estimated worth $6000. Her heirs are two sons and two daughters. They are: Ross Fairman, Chicago; James Fairman, Lansing, Mich., Mildred Gibbs, 1012 Margaret street, and Josephine Webster, 1030 Margaret street, both of Des Plaines. Ross was named administrator of the estate.

Plant corn early to raise corn borers

"Corn borers usualy get in the corn that is planted early, before May 15 as a rule. However it is going to take some bad experience with the corn borer before we will actually believe that we should do early planting to avoid borers. There will be farmers, and they have a perfect right to do it, who will plant early. It could be if we have very hot weather the latter part of June early planted corn will not be very badly infested with borers, and the laugh will be on the Farm Adviser.

"This happened to a large extent last year. The last part of June it was very hot and dry and millions of little worms that had just hatched out on the underneath side of the leaves and were eating their way toward the stalk perished. Consequently there were not many borers in field corn. However sweet corn that was planted much earlier than field corn had time enough to allow the borers to get into the stalk and they were protected from the early hot weather in June.

"There will be all sorts of combinations of factors that will make the borers bad and worse but as a rule farmers will find that if they want to raise corn to feed corn borers, plant before May 15 or possibly the 20th and if they want to raise corn to feed their hogs and cows, plant after that date up until the first week in June."

Screenings delivered as are limestone

A sample of screenings can be seen at the Farm Bureau Office that was secured from a field where the hauler was engaged to spread limestone. "This material has very little value for soil improvement" states Farm Adviser Hughes, "because of its coarseness. It is not agricultural limestone." Others who have been victimized may get more information at the AAA office.

SEED CORN
Due to the shortage of some varieties of seed corn I advise my customers to call as soon as possible for their DeKalb Quality Hybrid Seed Corn. Even if you previously placed your order with me, do not delay in getting your supply at once. I have endeavored to protect my regular customers but the demand on some varieties exceeds the supply and those who delay may be disappointed.
Due to my assessing work I ask customers to call at my home in the mornings.
